RESOLUTION.

Simla, the 5th July 1923.

No. 1533-Ex.—In exercise of the powers conferred by section 96-B (2) of the Government of India Act, the Secretary of State for India in Council has been pleased to make the following rules regulating the grant of overseas pay to members of services or to holders of posts for which he has sanctioned such pay.

2. The Secretary of State in Council has decided that these rules shall have effect from the 3rd January 1921, and that the principles laid down in the rules shall be applied retrospectively from the dates on which overseas pay came into force for the various services or posts concerned. The object of the grant of retrospective effect is to place the grant of overseas pay on a uniform basis from its inception. An officer not entitled to overseas pay under these rules will not, however, be required to refund any amounts which he may have drawn in good faith.

3. It will be observed that under the rules an officer who has been promoted to an Imperial Service from a provincial or subordinate service or from an outside post and is of non-Asiatic domicile is entitled, subject to the proviso in rule 1 (*a*), to overseas pay from the date on which he became a member of the service. It has been decided that an officer who is admitted to an Imperial Service by promotion should become a member of that service in all respects and that there is no valid reason why he should be treated differently, in respect of overseas pay, from members of the service recruited from other sources. This decision will not, however, supersede that embodied in clause (*1*) of the Home Department resolution No. 1260, dated the 24th June 1920, because Provincial Civil Service officers on appointment to hold listed Indian Civil Service posts do not become members of the Indian Civil Service; they remain members of the Provincial Civil Service and it is considered that the pay fixed for them is a fair remuneration independently of overseas pay.

OVERSEAS PAY.

1. Overseas pay at the rate or rates sanctioned for a particular service or post may be drawn by the following classes of officers serving in such service or holding such post, namely:—

(*a*) any officer having at the date of his appointment to such service or post his domicile elsewhere than in Asia:

Provided that no such officer shall be entitled to this concession who, prior to such appointment, has for the purpose of his appointment to any office under the Government or of the conferment upon him by the Government of any scholarship, emoluments or other privilege, claimed or been deemed to be a native of India;

(b) any officer having at the date of his appointment his domicile in Asia, to whom this concession has been extended by any general or special order of the Secretary of State in Council.

2. For the purposes of these rules, the domicile of a person shall be determined in accordance with the provisions set out in the Schedule to these rules:

Provided that a person who was born and has been educated exclusively in Asia, and has not resided out of Asia for a total period exceeding six months, shall be deemed to have his domicile in Asia.

3. No officer who after his appointment to a service or post acquires a new domicile shall thereby lose his right to or become entitled to overseas pay.

4. If any question arises as to the domicile of any officer at the time of his appointment, the decision thereon of the Secretary of State in Council in the case of persons appointed by him, of the Governor General in Council in the case of persons appointed by him, or of the local Government in the case of persons appointed by them, shall be final.

THE SCHEDULE.

Provisions for the determination of Domicile.

1. A person can have only one domicile.

2. The domicile of origin of every person of legitimate birth is in the country in which at the time of his birth his father was domiciled, or, if he is a posthumous child, in the country in which his father was domiciled at the time of the father's death.

3. The domicile of origin of an illegitimate child is in the country in which at the time of his birth his mother was domiciled.

4. The domicile of origin prevails until a new domicile has been acquired, and a new domicile continues until the former domicile has been resumed or another has been acquired.

5.—(1) A person acquires a new domicile by taking up his fixed habitation in a country which is not that of his domicile of origin.

(2) Any person may, if the law of any country so provides, and subject to any such provisions, acquire a domicile in that country by making, in accordance with the said provisions, a declaration of his desire to acquire such domicile.

Explanation 1.—A person is not to be considered as having taken his fixed habitation in a country merely by reason of his residing there in His Majesty's civil or military service or in the exercise of any profession or calling.

Explanation 2.—A person does not acquire a new domicile in any country merely by reason of residing as part of the family or as a servant of any ambassador, consul, or other representative of the Government of another country.

6. The domicile of a minor follows the domicile of the parent from whom he derives his domicile of origin:

Provided that the domicile of a minor does not change with that of his parent if the minor is married or holds any office or employment in the service of His Majesty or has set up with the consent of the parent in any distinct business.

7. After marriage a woman acquires the domicile of her husband if she had not the same domicile before and her domicile during the marriage follows the domicile of her husband:

Provided that if the husband and wife are separated by the order of a competent court or if the husband is undergoing a sentence of transportation, the wife becomes capable of acquiring an independent domicile.

8. Save as otherwise provided above a person cannot during minority acquire a new domicile.

9. An insane person cannot acquire a new domicile in any other way than by his domicile following the domicile of another person.

Ordered that the Resolution be published in the *Gazette of India*.

A. C. McWATTERS,
Secretary to the Government of India (offg.).

The following resolution, issued by the Government of India in the Department of Commerce, published in the *Gazette of India*, dated the 14th July 1923, is republished for general information.

Chief Secretary to the Government of Bengal.

RESOLUTION.

Simla, the 10th July 1923.

TARIFFS.

No. 3748.—On February the 16th, 1923, the following resolution was adopted by the Legislative Assembly :—

"That this Assembly recommends to the Governor General in Council—

(*a*) that he accepts in principle the proposition that the fiscal policy of the Government of India may legitimately be directed towards fostering the development of industries in India,

(*b*) that in the application of the above principle of protection, regard must be had to the financial needs of the country and to the present dependence of the Government of India on import, export and excise duties for a large part of its revenue,

(*c*) that the principle should be applied with discrimination, with due regard to the well-being of the community and to the safeguard suggested in paragraph 97 of the report of the Indian Fiscal Commission,

(*d*) that in order that effect may be given to these recommendations, a Tariff Board should be constituted for a period not exceeding one year in the first instance, that such Tariff Board should be purely an investigating and advisory body and should consist of not more than three members, one of whom should be a Government official, but with power, subject to the approval of the Government of India, to co-opt other members for particular inquiries."

2. The Government of India have decided to appoint a Tariff Board, for a period not exceeding one year in the first instance, to carry out the investigations resulting from the acceptance of that resolution and to make recommendations thereon. The following gentlemen have agreed to serve on the Board :—

President :

G. RAINY, Esquire, C.S.I., C.I.E., I.C.S.

Members :

The Hon'ble Mr. V. G. KALE, Professor of Economics, Fergusson College, Poona.
P. P. GINWALA, Esquire, M.L.A., Bar.-at-Law.

Rai Bahadur S. N. Banerji, Assistant Secretary, Commerce Department, has been appointed Secretary to the Board.

3. The Government of India will select the industries to be taken up for investigation and determine the order of the inquiry and it will be the duty of the Tariff Board, after such examination as it thinks necessary, to make recommendations regarding the protection (if any) to be extended to those industries and the nature and extent of the protection. Firms or persons (other than those referred to in the next paragraph) desiring that the industries in which they are interested should be investigated by the Tariff Board should apply to the Secretary to the Government of India in the Commerce Department. With their applications they should send up a full statement of the reasons why they consider that protection should be extended to the industry.

4. The Board will assemble immediately at Simla. As recommended by the Fiscal Commission in paragraph 107 of its Report, the Board will examine first the question of extending protection to the manufacture of steel in India. In considering this question, the Board will take into account the effect of any recommendations it may make on industries dependent on the use of steel, and in particular, it will consider how its recommendations will affect the industries referred to in paragraph 9 of the Report of the Railway Industries Committee, and whether those industries should be accorded protection. Firms or persons interested in the steel industry or the industries dependent on the use of steel, who desire that their views should be considered by the Tariff Board, should address their representations to the Secretary to the Board.

The headquarters of the Board will be with the Government of India, but it will visit from time to time commercial and industrial centres in India for the purpose of the investigations which it may be required to undertake. While the steel industry is under examination, the office of the Board will be located temporarily at Calcutta. For the investigation of other industries, it may be necessary to transfer the office from time to time to other convenient centres.

5. The Government of India trust that Local Governments and Administrations will afford the Board all the assistance which it may require and will comply with any request for information which may be addressed to them by it.

Order.—Ordered that a copy of the above resolution be communicated to all Local Governments and Administrations, the Director General of Commercial Intelligence, and to the Secretary of the Indian Tariff Board.

Ordered also that it be published in the *Gazette of India.*

A TEST examination of private students who have not attended any high school, recognised or unrecognised, for at least one year previous to the ensuing examination, will be held at Rangpur and Darjeeling, on Monday, the 3rd December 1923, and the four following days. Such candidates only as reside in any of the districts of the Rajshahi Division and Cooch-Behar will be admitted to the examination. The term "Private Students" includes *bona fide* schoolmasters.

2. Private students are those who have not attended any school for at least one year previous to the Matriculation Examination.

3. Each private candidate will have to pay a fee of Rs. 5, which is to be remitted to the Inspector of Schools, Rajshahi Division at Jalpaiguri, and not to the undersigned personally, so as to reach him on or before the 1st November 1923, along with an application for permission to appear at the test examination. Candidates applying after the prescribed date will have to pay a fine of Rs. 2 for each week's delay. Under no circumstances will the admission fee be refunded. No application will, however, be received after the 30th November 1923.

6. The headmasters of the institutions named above should direct candidates who appear at their schools to fill up the application form for permission to appear at the Matriculation Examination in their presence. These applications will be forwarded to the office of the Inspector of Schools. The Inspector of Schools will then countersign the applications of those candidates who pass the test and forward them to the candidates direct for transmission to the Registrar with the fees for the examination.

Letter No. S. 1830, dated the 5th July, 1923, from the Chairman of the Corporation of Calcutta.

We realise that the Bill in no way attempts to provide a comprehensive remedy for the evils of immoral traffic and we have confined ourselves to an endeavour to effect some control in three main directions : firstly to diminish the supply of prostitutes by striking at the procurers and the men who live on the earnings of prostitution ; secondly to provide for the removal from brothels of minor girls under 16 and the punishment for detention of any girl or woman in a brothel against her will ; and thirdly to protect as far as possible students and other youths from temptation by penalising solicitation. We are fully conscious that the Bill in itself will go a very short way if it is not supplemented by a persistent vigorous organisation for rescue work and the proper aftercare of girls and women removed from brothels, and we feel that though Government may give valuable assistance, this is work that must in the main depend upon private effort. Some of us have great doubt whether the risks it is necessary to take in the endeavour to protect youths

from solicitation do not outweigh the benefits of such a course but the majority are of opinion that the existing evil is sufficiently grave to warrant an attempt being made to suppress it and feel that it is our duty to place before the Council provisions to this end.

2. The more important changes we have made in the Bill are as follows :—

Long title, preamble and clause 1.—We consider that the extent of the Bill should be the same as the extent of the Bengal Children Act except that the operation of the present Act should not extend to the Municipality of Howrah as such extension would involve the setting up of a separate machinery to work it. We have made a drafting amendment accordingly in the long title, extent clause and the definitions.

Clause 2, sub-clause (1).—The words "or disorderly house" have been omitted from the definition as unnecessary and misleading.

Clause 2, new sub-clause (3).—It is necessary that a definition of the words "public place" and "street" should be inserted so as to bring the wording of this Act into line with the Calcutta Police Act. A sub-clause has been inserted to this effect.

Clauses 3 and 4.—We have transferred clause 3 to the end of the Bill so as to make the decision on this clause subsequent to that on clause 4.

Clause 4.—As already stated the majority of us consider that it is our duty to propose for the acceptance of the Council provisions for dealing with the evils of solicitation. We are all agreed that clause 4 as originally drawn was too wide and involved considerable dangers; we have defined more exactly the offence to be penalised but we have left the clause so as to include solicitation from balconies and verandahs. We have provided that the powers of arrest shall be exercised only by selected officers nominated by the Commissioner of Police and have specifically included sergeants among the officers who may be so nominated as there appears to be some doubt whether they are above or below the rank of Sub-Inspector. The majority of us feel strongly that if an attempt is to be made to cope with the evil no further weakening of the section is possible; if the powers of arrest without complaint are not to be entrusted to police officers the only possible alternative is to retain the present law and abandon the attempt to bring solicitation under further control. The minority are prepared to accept this alternative rather than run the risks they consider are involved in the grant of these powers of arrest.

Clause 5.—Agreeing with the Commissioner of Police we consider that the powers conferred by this clause should not be exercised by a Deputy Commissioner of Police, but that the Commissioner of Police should be empowered to refer any case to a Deputy Commissioner of Police for inquiry. We also consider that the order for the discontinuance of a brothel should be made not merely as a personal order against the owner, lessor, manager or occupier but as a general order against the public, the notice served on the owner, occupier or lessor being to the effect that the house, room or place which has been used as a brothel or disorderly house or for the purpose of a business of common prostitute shall not again be so used. We are impressed by the fact that otherwise the owners and occupiers may with the greatest ease evade the provisions of this Act. We have safeguarded an incoming proprietor or tenant by inserting a provision to the effect that the Commissioner of Police shall keep a list of all houses, rooms or places in respect of which an order has been made under this clause for the discontinuance of the use of such houses, rooms or places as brothels or for any of the other purposes specified in the clause. We have therefore deleted the original sub-clause (7) and amalgamated it with sub-clause (6). At the same time we have increased the time allowed under sub-clause (2) to enable the owner or lessor, or manager or occupier, on whom the order is served, to comply with the order.

The original *clauses 6, 7 and 8* deal with the rescue of girls from brothels and disorderly houses. We are unanimously in favour of making provision for such rescue by giving adequate powers of entry to the police in order that they may be able to search for girls who are placed in this position, but the proposal that the girl after her rescue may only be looked after until she attains the age of sixteen years does not commend itself to us. We consider

that if the rescue is to be effective and the girl trained to earn a respectable livelihood she must not be cast adrift so quickly and power must be taken to continue her training, if necessary, to the age of eighteen. We have, therefore, provided that while the procedure of the Bengal Children Act shall apply, the court shall have power to direct detention until the age of eighteen years and in clause 15 we have taken power to modify the provisions of the Bengal Children Act.

Clause 7.—We consider that a girl who has been removed from a brothel or disorderly house should be kept in a suitable place other than a police-station or jail not only until she is brought before a court but until the court decides to place her in proper custody or decides to dismiss the case. We have amended the clause accordingly.

The original *clause 8* is now contained in part in the revised *clause 15* which deals with the subsequent treatment of girls on the lines already indicated.

We have considered carefully the many suggestions that have been made for checking the evil of prostitution by taking steps against procurers All of us consider that this is an essential part of the scheme of the Bill and are strongly in favour of making the provisions against procurers and those who live on the earnings of prostitution as severe as is possible. Judicial corporal punishment has in other countries been found the most effective deterrent in the case of these degraded dregs of humanity and in the interests of their unfortunate victims we recommend that this punishment shall be authorised by law. While it is right to deprive the offender of his profits by the infliction of fines we consider that in no case should fine be the only penalty; the profits of the trade would prevent a fine by itself being deterrent.

Clauses 9, 10, 11 and 12—which we have inserted in the Bill are based on the Burma Act, but we have tried to make these clauses conform to the above principle and to stop possible loopholes which might be found to exist in the wording of the Burma Act.

Clause 13.—We consider that offences under clauses 9, 10, 11 and 12 should be triable only by a Presidency Magistrate or a Magistrate of the first class.

3. The Bill was published in English in the *Calcutta Gazette* of the 14th February, 1923.

4. We do not consider that the Bill has been so altered as to require republication.

5. We recommend that the Bill, as amended by us, be passed.

22. Letter No. 275, dated the 27th April, 1923, from the British Indian Association.

2. The more important changes are as follows :—

1. *Long title and Preamble.*—We have taken into consideration the fact that difficulties have arisen in the interpretation of the words 'held under the custom of *utbandi*' and we consider that the wording should be made explicit so as to cover all *utbandi* lands without question. We have made an amendment to give effect to this recommendation.

Clause 2. (*i*) *Proposed section 180A, sub-section* (*1*).—We have considered very carefully the opinions on the draft Bill as circulated by the Government and we think that the objections to the new section 180 B and to 180A (*2*)(*b*) will best be met by restricting the power of making applications for fixing a uniform annual money rent to persons who are, or who but for the operation of section 180 in respect of lands held under the custom of *utbandi* would have been, settled raiyats of the village. This restriction will ensure that casual tenants will not be able to avail themselves of the provisions of the Bill. We have accordingly suggested an amendment to this sub-section. An amendment consequential on the recommendation recorded in paragraph 1 has also been made in this sub-section and throughout the remaining portions of the Bill.

(*ii*) *Proposed section 180A, sub-section* (*2*).—The words "in the same village" have been inserted in clauses (*a*) and (*b*) so as to make the intention clear, and a provision has been made that in the case of [illegible]s in which the raiyat has not acquired a right of occupancy the application shall include not only the lands which he himself has held during the past six years but also those lands which have been cultivated during that period by persons whose heir he is and who have died.

(*iii*) *Proposed section 180A, new sub-section* (*2a*).—We consider that, with a view to simplify the procedure and to diminish the cost of proceedings, the landlord should be able to put in a single application for conversion in respect of all the lands held in *utbandi* by tenants under him in the same village, while one or more tenants should be able to put in a single application for conversion in respect of the lands held in *utbandi* by them under the same landlord and in the same village.

(*iv*) *Proposed section 180A, sub-section* (*5*).—We consider that steps should be taken to protect permanent superior landlords under whom there are temporary tenure-holders or *ijaradars*, who might make use of the provisions of the Act to the prejudice of the permanent superior landlords by the taking of premium on conversion. We consider that the best way of protecting permanent superior landlords in this matter is to make it obligatory on the officer who receives the application to send notice in cases where the immediate landlord of the raiyat has a mere temporary interest to the superior landlord in order that the latter may contest the application before the determining officer or come to an amicable private arrangement with the immediate landlord of the raiyat in regard to the apportionment of the premium.

(*v*) *Proposed section 180A, sub-sections* (*6*) *and* (*7*).—Consequential and drafting alterations have been made in these sub-sections. While considering proposed sub-section (7) we discussed the question as to whether a premium should be taken in every case of conversion of *utbandi* lands in which the raiyat has not acquired an occupancy right. We consider that the taking of a premium in all such cases is justified. It represents a payment for new rights conferred.

(*vi*) *Proposed section 180A, sub-section (8).*—We consider that the basis of the calculation of the sum to be determined as uniform annual money rent should be the average of the amount that was actually paid or payable as rent for the land during the previous six years and that this average rent should not be made merely a factor of equal weight with others for the guidance of the determining officer. We have, therefore, agreed to delete clause (*b*) of this proposed sub-section and have amended the main sub-section to the above effect. As to the subsidiary points which the determining officer should take into consideration in dealing with special cases, objections were put forward by various sides in regard to clause (*a*) and clause (*c*) of this sub-section, but those were withdrawn on compromise, as the various clauses go to balance one another. Drafting amendments have also been made in clause (*d*).

In our opinion the charges incurred by the landlord on account of drainage should also be considered and we have amended clause (*e*) accordingly and have also simplified the drafting of this clause.

(*vii*) *Proposed section 180A, sub-section (9).*—In connection with this proposed sub-section the question as to whether there should be a fixed rate of premium or a varying rate of premium was discussed. A varying rate might meet local conditions and cases where rents are unduly high or unduly low. We, however, on consideration of all the factors in the case have recommended the retention of the proposal in the Bill that there should be a fixed rate of premium in all cases. It is of special importance that the landlord or the tenant, as the case may be, should have a fairly clear idea of what he is asking for or what he is faced with at the time when he makes the application for conversion or receives notice of such application. Where both parties know mathematically what their rights are in the absence of special circumstances, an amicable settlement is far more likely than where there is inevitably a point to be decided by a third party. We have retained the proposal in the Bill that the amount of the premium should be three years' rent.

We consider that the proviso to this sub-section should be deleted. It is better for both the landlord and the tenant that a premium should be paid in regard to the lands in which the tenant has not acquired occupancy rights than that the tenant and his successors should be saddled with an increase of rent in lieu of payment of premium.

(*viii*) *Proposed section 180A, sub-section (10).*—The question of costs was considered in connection with this sub-section, but we consider that it is desirable that the parties should bear their own costs. This will be the case in the absence of a definite provision in the Bill to the contrary. This sub-section has, therefore, been left unaltered.

(*ix*) *Proposed section 180A, sub-section (11).*—We agree to the system of payment of the premium by instalments and consider that the principle of payment by not more than three instalments, as suggested in the Bill, is suitable.

(*x*) We have adopted the remaining sub-sections of the proposed section 180A, and also the proposed section 180B with minor drafting modifications. We consider that the objections in the opinions received to this proposed section are met satisfactorily by the restriction of the operation of the Bill to lands held by settled raiyats or by persons who would have been settled raiyats but for the operation of the *utbandi* provisions of the Tenancy Act.

3. In our deliberations we have throughout kept in view the need for maintaining the general working scheme of the Bill as a basis of compromise and this has necessarily involved give and take on either side in regard to matters of detail in the interest of the success of the measure as a whole.

4. The Bill was published in English in the *Calcutta Gazette* of the 27th June, 1923.

5. We do not consider that the Bill has been so altered as to require republication.

6. We recommend that the Bill, as amended by us, be passed.

NOTE—* Signed subject to the note of dissent annexed.
† Signed subject to note of dissent, if any.

Note of Dissent by the Hon'ble Mr. P. C. Mitter.

I sign this report subject to one suggestion. In my opinion multiplicity of legal proceedings should be avoided. I say this as much in the interest of the landlord as of the tenant and if I may say so, more in the interest of the tenant than of the landlord because the tenant has usually a smaller purse. The proposal in the Bill will mean a fresh suit on payment of court fees.

The proposal in sub-section (*12*) of the proposed new section 180A involves a fresh suit for the recovery of the *salami*. This means that the plaintiff will have to pay court fees which will be ultimately recoverable from the tenant. This will also mean that both parties will have to incur costs of litigation. Litigation necessarily results in harassment to both the parties. I would therefore suggest that the premium or the instalment may be recovered by the landlord making a requisition to the Collector for the recovery of the arrear of the same in the manner set forth in sub-sections (*3*) and (*4*) of section 158A, and the provisions of sub-sections (*5*) to (*9*) of that section shall apply to the recovery of the said arrear by the Collector as if it were an arrear of rent recoverable by him under the provisions of that section. In my view, if my suggestion be accepted both the landlord and the tenant will be benefited.

Note of Dissent by Maulvi Ekramul Huq, B.L., M.L.C.

I do not agree to the payment of any premium by the *utbandi* tenant for which provision is made in section 180A, sub-sections (7) and (9). But for section 180 of the Bengal Tenancy Act such tenants would have got the right of occupancy long ago and the amended Act does not confer any new right whatsoever but simply tries in a feeble manner to undo a wrong done so long.

Note of Dissent by Raja Reshee Case Law, C.I.E., M.L.C.

I sign subject to the reservation that the premium should be paid in one instalment and not three, as otherwise it will involve the landlord to unnecessary litigation for its recovery.

THE BENGAL TENANCY (UTBANDI AMENDMENT) BILL, 1923;

(as amended by the Select Committee.)

A

BILL

to supplement and amend the Bengal Tenancy Act, 1885, in order to provide means whereby a uniform annual money rent may be determined for utbandi lands and to make further provision in respect of such lands.

Preamble.

WHEREAS it is expedient to supplement and amend the Bengal Tenancy Act, 1885, in order to provide means whereby a uniform annual money-rent may be determined for land held under the custom of *utbandi* or under any form of tenancy locally known as *utbandi*, and to make such other provisions as hereinafter appear in respect of lands for which a uniform annual money rent has been so determined; VIII of 1885.

And whereas the previous sanction of the Governor General under sub-section (3) of section 80A of the Government of India Act has been obtained to the passing of this Act; 5 & 6 Geo. V., c. 61; 6 & 7 Geo. V., c. 37; 9 & 10 Geo. V., c. 101.

It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Bengal Tenancy (Utbandi Amendment) Act, 1923.

(*2*) It extends to the whole of Bengal.

2. After section 180 of the Bengal Tenancy Act, 1885, the following sections shall be inserted, namely:—

"180A. (*1*) Notwithstanding anything contained in section 180, when a raiyat who is or who but for the operation of section 180 in respect of land held under the custom of *utbandi* would have been, a settled raiyat of the village, holds or has held under the custom of *utbandi*, or under any form of tenancy locally known as *utbandi* land, (hereinafter referred to as *utbandi* land), either the landlord or the raiyat may apply to have a uniform annual money rent determined for the land.

Fixing of uniform annual money rent in respect of *utbandi* lands.

(*2*) The application shall include at the discretion of the applicant either—

(*a*) all utbandi lands held in the same village by the same raiyat under the same landlord in which the raiyat has acquired a right of occupancy whether under the provisions of section 180 or otherwise, or

(*Clause 2.*)

(*b*) all the lands held in the same village under the same landlord by the raiyat which the raiyat, or any deceased person whose heir he is, has cultivated as *utbandi* land at any time during the preceding period of six years if he or the said deceased person is the last person to have cultivated the land and has or had not acquired occupancy rights therein, or

(*c*) both.

(*2a*) Subject to the provisions of sub-section (*2*), a single application may be made by a landlord in respect of lands held as *utbandi* lands in the same village by one or more raiyats under him and a joint application may be made by two or more raiyats in respect of lands held by them as *utbandi* lands in the same village under the same landlord.

(*3*) The application may be made to the Collector or to a Subdivisional Officer or to a Revenue Officer appointed by the Local Government under the designation of Settlement Officer or Assistant Settlement Officer for the purpose of making a survey and record-of-rights under Chapter X or to any other officer specially authorised by the Local Government.

(*5*) The officer receiving the application or the officer to whom the case is transferred, as the case may be, shall cause notice to be given in the prescribed manner to the opposite party, and shall fix a date for the determination of the case.

If the immediate landlord of the raiyat is a temporary tenure-holder or *ijaradar* the officer receiving the application shall also give notice to the superior landlord in the lowest degree, who is a proprietor or permanent tenure-holder.

(*6*) If the application is made in respect of lands in which the raiyat has not acquired occupancy rights, the officer may reject it in whole or in part in respect of such lands, if he is satisfied in view of all the circumstances of the case that it is unreasonable to grant it:

Provided that a refusal shall be no bar to proceedings being again taken under this section after five years from the date of refusal if in the opinion of the officer who then received the application the circumstances have in the meantime changed.

(*Clause 2.*)

(7) If the application is not wholly rejected, the officer shall then determine the sum to be paid as a uniform annual money rent, and also in the case of lands in which the raiyat has not acquired occupancy rights, a premium to be paid to the landlord, and he shall order that the raiyat shall, in lieu of paying the rent for the land as *utbandi* land, pay the sum so determined and the premium, if any.

(8) In making the determination of the sum to be paid as rent, the officer shall calculate the average of the amount that was actually paid or payable as rent for the land during the previous six years and shall ordinarily declare the same as the sum to be paid as rent:

Provided that the officer may also take into conderation—

(*a*) the average money rent payable by occupancy raiyats for land of a similar description and with similar advantages in the vicinity;

(*b*) [*Omitted.*]

(*c*) the average rates for lands of a similar description and with similar advantages in the vicinity held as *utbandi* lands;

(*d*) the average money rent payable for lands of a similar description and with similar advantages in the vicinity by raiyats who formerly paid their rent for those lands as *utbandi* lands but whose rents have been converted into uniform annual money rents whether under this section or by agreement or otherwise;

(*e*) the charges incurred in accordance with custom by the landlord in respect of the irrigation and drainage of the utbandi lands and the arrangements made for continuing those charges;

(*f*) the rules laid down in this Act for the guidance of the Civil Courts in enhancing or reducing rents on account of the holdings of occupancy raiyats;

(*g*) any sum agreed to by the parties to be paid as money rent:

Provided that the officer shall in no case determine a rent which is unfair or inequitable.

(*Clause 2.*)

(*9*) The premium to be paid to the landlord in the case of lands in which the raiyat has not acquired occupancy rights shall be three times the rent, or, if the application is made under clause (*c*) of sub-section (*2*), three times the portion of the rent determined under sub-section (*7*) on account of such lands.

(*Proviso omitted.*)

(*10*) The order shall be in writing, shall state the grounds on which it is made, and shall, in the absence of any special reasons to the contrary recorded in writing, take effect from the beginning of the agricultural year next after the date on which it is made.

(*11*) The officer may, on the application of the raiyat, order that the premium shall be paid by instalments not exceeding three in number, that the first instalment shall be paid at the beginning of the agricultural year in which the rent settled under sub-section (*7*) takes effect and that one of the remaining instalments shall be paid at the beginning of each of the succeeding agricultural years until the premium is paid in full.

(*12*) The premium or the instalments thereof shall be payable and recoverable as rent, but interest shall only be awarded in respect of such instalments as are not paid by the date fixed under sub-section (*11*).

(*13*) The order shall be subject to appeal in the manner provided in section 109A, unless the application has been made in the course of proceedings under Part II of Chapter X, in which case the provisions of sections 104G and 104H shall apply.

(*14*) Notwithstanding anything contained elsewhere in this Act or in any other law, no suit shall be brought or application made in any court in respect of any order passed under this section, save as is provided in this section.

Lands in respect of which a uniform annual money rent has been fixed under section 180A to cease to be *utbandi* lands.

180B. NOTIFICATION.

No. 1846L., dated Calcutta, the 23rd July, 1923.—The following Report of the Select Committee on the St. Thomas' School Bill, 1923, (with the Bill, as amended by the Committee), is hereby published for general information.

REPORT OF THE SELECT COMMITTEE ON THE ST. THOMAS' SCHOOL BILL, 1923.

We, the undersigned members of the Select Committee, to which the Bill to provide for the management and future location of St. Thomas' School in Calcutta and for the making over of St. Thomas' Church in Calcutta to certain ecclesiastical authorities was referred, have considered the Bill and have the honour to submit this our Report with the Bill, as amended by us, annexed hereto. In reprinting the Bill all changes made by us have, so far as possible, been underlined.

2. We have made some changes in the Title and Preamble to bring the wording into line with the actual facts.

We consider that membership of the Governing Body of St. Thomas' School should be widened and have amended clause 2 accordingly.

In so doing we have transferred from original sub-clause (*d*) to separate sub-clauses, the references to the representative of the Bengal Chamber of Commerce and the representative of the Anglo-Indian and Domiciled European Association of Bengal, so as to make it possible for those bodies to nominate either a member of the Church of England or a member of some other denomination.

We have also added to the body of Governors a European or Anglo-Indian Commissioner of the Corporation. We have also given the Governors a free choice in regard to the persons who shall be co-opted under sub-clause (*2*).

Clauses 11 and 12.—We have considered these clauses in conjunction with clause 2 and consider that they should stand as drafted. In Bengal, whatever the denomination of a school may be, there is under the rules for grants-in-aid to European schools no restriction on religious teaching in that school being imparted to all boarders according to the principles of a particular denomination, while in the case of day-boys a conscience clause is an obligatory condition of a grant-in-aid from the Government. The application of those rules is specially safeguarded by clause 12, and this will ensure that the St. Thomas' School is conducted in this matter on the same general principle as governs the conduct of other European schools in Bengal.

Clause 13.—We have considered very carefully the question of the amount of land that should be made over by the Governors to St. Thomas' Church, and we are of opinion that the area which it is proposed to make over is suitable. A new proposal has been made to increase that area by nine cottahs, but in our opinion this is not justified in view of the financial difficulties of the school.

We consider that the total area of two bighas, as set out in this clause will be sufficient to provide a suitable compound for the Church and, as the Free School site may be disposed of in one or more lots, and as the general lay-out may differ according to the manner of disposal, it is difficult at the present moment to fix the exact boundaries of the land that will be given to the Church. We have, therefore, confined our specification of that land to a

declaration as to the total area of the Church and its compound, and we have provided that the Local Government shall approve the actual delineation before the making over of the compound land to the ecclesiastical authorities takes place.

Clause 14 and sub-clause (e) of clause 15.—We have made a drafting amendment so as to make it clear that more than one provident fund can, if necessary, be established for the teachers, officers and servants of the school.

We have amended the First Schedule so as to exclude from it merely the land on which the actual building of St. Thomas' Church stands.

We have also omitted the Third Schedule. These changes are consequential on the amendments made in clause 13.

3. The Bill was published in English in the *Calcutta Gazette* of the 27th June, 1923.

4. We do not consider that the Bill has been so altered as to require re-publication.

5. We recommend that the Bill, as amended by us, be passed.

2. On the Committee assembling, the Hon'ble the Member in charge informed the other members that the Corporation of Calcutta had asked for further time to consider the Bill. If this had been granted, it would have been impossible to place the Bill again before the present Council. Government had however considered very carefully the question as to whether the Bill should be curtailed and confined to certain non-controversial and urgent clauses. On the whole, he was of opinion that it was not desirable to pass the Bill in its original form through the Council during the August session. Sufficient time was not available for the full consideration of certain controversial points which had been raised in various opinions, received in connection with the Bill. Moreover, the Corporation wished to propose changes in other sections of the Act, which were not touched by the Bill. He was prepared to give them time to mature their proposals with the object of legislating next year. He asked the Select Committee to recommend, therefore, that only those portions of the Bill which are of a really emergent nature be placed before the Legislative Council at the consideration stage. The two points which require immediate settlement are the amendment of the wording of section 54, the interpretation of which is in dispute between the Corporation and the Improvement Trust, and the raising of the rate of interest in sections 78 and 79 of the Act from four to six per cent.

On consideration of the position we have accepted the proposal of the Hon'ble the Member in charge that the Council be asked to proceed only with the abovementioned portions of the Bill.

We have discussed the proposed amendment of section 54, and it has been announced by the Chairman of the Calcutta Corporation and the Chairman of the Improvement Trust that an equitable agreement has been come to in regard to the question of compensation for lands and buildings of the Corporation taken over by the Trust for the purposes of an improvement scheme. We are agreed that the details of the settlement of the dispute should be embodied in the Act and have made an amendment in section 54 accordingly. This amendment carries out the proposals made in the original Bill in sub-clause (*1*) of clause 15 and in sub-clause (*3*) of that clause, but it has also been agreed that the determining factor in regard to the question of payment of compensation by the Board to the Corporation in respect of lands taken over under section 54 should be the question whether the land taken over is going to be returned to the Corporation in accordance with the provisions of section 65 when the improvement scheme has been completed. If the land is so returned—in other words, forms an integral and permanent part of the scheme—the Corporation will be compensated for the temporary loss of it by its improved value on the completion of the improvement scheme. If it is not so returned, but is sold by the Trustees for recoupment purposes, compensation should be payable to the extent of the market value of the land as at the date of declaration made under section 6 of the Land Acquisition Act in respect of other lands scheduled for acquisition within the scheme. Compensation should be payable in all cases for buildings belonging to the Corporation and taken over by the Board.

We have also discussed the question of the amendment of sections 78 and 79 of the Act in regard to the rate of interest payable under those sections. The proposal to raise the rate to six per cent. appears in clause 21 of the Bill, that is to say, in clause (*ii*) of sub-section (*5*) of the proposed new section 78, and in sub-section (*8*) of the said section and also in the amendment to section 79 proposed in clause 22.

With one dissentient we consider that the raising of the rate of interest to six per cent. is justified, but we consider that in cases where the rate has already been fixed in accordance with the Act and where the agreement under the Act has already been executed, or is executed within two months after the coming into force of the increased rate, the old rate of four per cent. should be applied. A modified proposal to this effect is embodied in clause 3 of the revised Bill.

We recommend that the revised Bill as attached to this Report be taken into consideration and passed as amended by us, the Bill in its original form being not considered further. The amendments suggested in the clauses

dealt with are on matters of working and, as those clauses have already been laid before the public, we do not consider that the Bill has been so altered as to require republication.

3. The Bill was published in English in the *Calcutta Gazette* of the 21st March, 1923.

* Signed subject to the note of dissent annexed.

Note of Dissent by Babu Amulya Dhon Addy, M.L.C.

The first proviso of clause 4 and clause 7 should be omitted on the following grounds :—

(1) When wards 19 to 25 of the Calcutta Municipality were added to the town of Calcutta, no concession was shown to the rate-payers of the said added area. The same consolidated rate has been levied on them since 1889 as that on the rate-payers of the town proper. I do therefore fail to understand as to why the total amount of rates on lands and buildings in Manicktala, Cossipore-Chitpur and Garden Reach should not be increased during the year 1924-25 and as to why the Corporation of Calcutta should be authorised to fix a lower rate on the annual valuation of the newly added area than that in the town of Calcutta during the years 1925-26 to 1928-29, specially as the annual valuation of holding in the newly added area is, in the opinion of the Assessor of the Calcutta Corporation, very low.

(2) At present, the owners and occupiers of small holdings in the newly added area are assessed more heavily than those of big holdings, for in Cossipore-Chitpur the latrine-fee on holdings up to an annual valuation of Rs. 100 (one hundred rupees) is at the rate of 11 per cent. (eleven per cent.) while on holdings of the valuation of Rs. 400 (four hundred rupees) and upwards it is at the rate of 5 per cent. (five per cent.) subject to a maximum of Rs. 480 (four hundred and eighty rupees) per annum. In Manicktala, as will appear from the Report of the Government Boundary Committee, the aggregate rate on holdings up to an annual valuation of Rs. 100 (rupees one hundred) is 28·2 per cent. (twenty-eight point two per cent.) while that on holdings of the annual valuation of Rs. 3,000 (rupees three thousand) and upwards is 19·5 per cent. (nineteen point five per cent). It is therefore thus desirable that all rate-payers should be similarily taxed as in Calcutta. The municipal rates on the poor should not in any way be higher than those on the rich as in the newly added area.

(3) As will appear from the proceedings of the meeting of the Calcutta Corporation held on the 9th January, 1923, that they shall have to incur a capital expenditure of Rs. 90,00,000 (rupees ninety lakhs) for the improvement of the drainage, water-supply and lighting of Cossipore-Chitpur and Manicktala. They shall have certainly to incur not less than Rs. 20,00,000 (rupees twenty lakhs) for similar improvements in Garden Reach. Is it not therefore desirable that the rate-payers of the newly added area should be called upon to pay the same rate as those of the town of Calcutta to pay at least the interest of the loan to be raised for the execution of the said works, specially as the owners of holdings in the newly added area shall not have to pay an additional stamp duty at the rate of 2 per cent. (two per cent.) on instruments of sale of immovable property as in the case of the town of Calcutta under section 82 of the Calcutta improvement Act?

(4) The sanitary condition of the newly added area, specially Manicktala, is not a satisfactory one and as under section 90 of the new Calcutta Municipal Act, the Corporation shall have to spend annually not less than three lakhs of rupees (Rs. 3,00,000) for the newly added area in the execution of original improvement works from the third year and as the new Corporation will consist of thirteen ward Commissioners elected by the rate-payers of the newly added area, there is not the least doubt that the Corporation shall have to provide substantial amounts from the very commencement of the new Act for the improvement of the said area.

(5) In the very first year of the commencement of the Act, a very substantial amount is likely to be entered in the budget for the improvement of the newly added area as out of twenty-one members of the Budget Special Committee, including the Chairman, eight members will be elected by the Commissioners of the newly added area.

(6) Undue favour appears to have been shown to the rate-payers of the newly added area though for one year as the town of Calcutta, including the area added in 1889, paying a revenue of one crore and fifty-eight lakhs of rupees in 1921-22 shall have only twelve representatives in the Budget Special Committee excluding the Chairman thereof, while the rate-payers of the newly added area paying an aggregate revenue of only Rs. 10,72,000 (rupees ten lakhs and seventy-two thousand) in the same year shall have eight repesentatives in the said Special Committee.

THE CALCUTTA IMPROVEMENT (AMENDMENT) BILL, 1923,

(as amended by the Select Committee.)

A

BILL

further to amend the Calcutta Improvement Act, 1911.

WHEREAS it is expedient further to amend the Calcutta Improvement Act, 1911, in the manner hereinafter appearing; Ben. Act V of 1911.

And whereas the previous sanction of the Governor-General has been obtained, under section 80A, sub-section (*3*), of the Government of India Act, to the passing of this Act: 5 and 6, Geo. V, c. 61; 6 and 7, Geo V, c. 37; 9 and 10, Geo V, c. 101.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Calcutta Improvement (Amendment) Act, 1923.

New section substituted for section 54 of Bengal Act V of 1911.

2. For section 54 of the said Act the following shall be substituted, namely:—

Transfer to Board, for purposes of improvement scheme, of building or land vested in the Corporation or in the Commissioner of a Municipality

"54. (*1*) Whenever any building, or any street, square, or other land, or any part thereof, which—

(*a*) is situated in the Calcutta Municipality and is vested in the Corporation, or

(*b*) is situated in any part of any Municipality constituted under the Bengal Municipal Act, 1884, in which this section is for the time being in force, and is vested in the Commissioners of that Municipality,

is within the area of any improvement scheme and is required for the purposes of such scheme, the Board shall give notice accordingly to the Chairman of the Corporation or the Chairman of such Municipality, as the case may be, and such building, street, square, other land or part, shall thereupon vest in the Board subject to the payment of compensation, if any, to the Corporation or to such Commissioners, as the case may be, under sub-section (*3*).

(*2*) Where any land vests in the Board under the provisions of sub-section (*1*) and the Board make a declaration to the Corporation that such land will be retained by the Board until either a declaration is made by the Corporation under sub-section (*1*) of section 65, or a resolution is passed by the Board under sub-section (*2*) of that section, no compensation shall be payable by the Board to the Corporation in respect of that land.

(*3*) Where any land or building vests in the Board under sub-section (*1*) and no declaration is made by the Board that the land will be so retained, the Board shall pay to the Corporation, or to the

(*Clauses 3-4.*)

Commissioners, as the case may be, as compensation for the loss resulting from the transfer of such land or building to the Board, a sum equal to the market value of the said land or building at the time when the general declaration in respect of other lands included in the scheme is made under the provisions of section 6 of the Land Acquisition Act, 1894, as amended by this Act, and where any building, situated on land in respect of which a declaration has been made by the Board under sub-section (*2*), is vested in the Board under sub-section (*1*), like compensation shall be payable in respect of such building by the Board.

NOTIFICATION.

No. 1848L., dated Calcutta, the 23rd July, 1923.—The following Report of the Select Committee on the Calcutta Municipal (No. II) Bill, 1923, (with the Bill, as amended by the Committee), is hereby published for general information.

REPORT OF THE SELECT COMMITTEE ON THE CALCUTTA MUNICIPAL (No. II) BILL, 1923.

We, the undersigned members of the Select Committee, to which the Bill to provide for certain matters in connection with the Budget Estimates of the Corporation of Calcutta for the year 1924-25, the fixing of the rates at which the consolidated rate and the taxes for that year shall be levied and imposed, and the arrangements to be made in connection with the raising of loans during that year, for the fixing of the percentage of the consolidated rate in respect of the added areas during the four succeeding years and for the amendment of section 20 of the Calcutta Municipal Act, 1923, in respect of the qualification of electors, was referred, have considered the Bill and have the honour to submit this, our report, with the Bill, as amended by us, annexed hereto. In reprinting the Bill, all changes made by us have, so far as possible, been underlined.

2. The more important changes are as follows :—

Preamble.—We have made two minor drafting alterations which call for no remark.

Clause 3.—We consider that, with a view to expedition, the scrutiny of the Budget, as framed by the Chairman, should be made by a Special Committee appointed somewhat in the manner laid down in the Thirteenth Schedule to the Act of 1888.

We have added to the number of members that shall serve on this Committee from the Cossipore and Maniktala Municipalities. The Garden Reach Municipality, we consider, is adequately represented under the Bill.

We have provided for the representation of the Corporation on this Special Committee by placing on the Committee eight Commissioners elected from among the ward Commissioners and four Commissioners elected from among the nominated Commissioners.

Clause 4.—The Special Committee will report direct to the Corporation. It is hoped that this will eliminate the present lengthy procedure under which the Corporation, after receiving the General Committee's revised Budget, refer the same again to another Committee of their own before considering the Budget.

We have provided, in the usual manner, against failure by the Commissioners of the municipalities included in the added areas to elect their representatives to the Special Committee.

We have provided that the Commissioners from the added areas who will serve on the Special Committee shall also serve on the Corporation when that body considers the final Budget Estimates and proposals as framed by the Special Committee.

We have also provided against default by the Special Committee or by the Corporation in the final framing, and in the passing, of the Budget Estimates and proposals.

We have considered the proviso to the original clause 4, and in our opinion the situation for the year 1924-25 will best be met by arrangements under which the totals of the rate on holdings, lighting rate, water rate and the latrine fees levied in respect of a holding in any of the added areas under the Bengal Municipal Act shall be deemed to be the consolidated rate levied under the Calcutta Municipal Act, 1923, for the year 1924-25.

It is necessary, however, to provide for the assessment of any new building in the said areas which otherwise would escape taxation altogether during that year and we have made a provision accordingly.

Some members of the Committee wish to widen *clause 7* so as to give more relief to the added areas. Others wish to restrict the relief by confining it to the period during which the added areas are receiving no benefit under Section 90 of the Calcutta Municipal Act, 1923. The majority of us, however, consider that the clause as framed should stand as an equitable working arrangement.

Clause 8.—We have considered the proposed modification of clause 8, and we are of opinion that the 30th day of September preceding the election is the correct final date to be taken.

We consider that, in view of the provisions of section 25, it is better to omit the first proviso to sub-clause (*a*) of clause 20 which is likely to create difficulty. We have made some other drafting alterations in the clause and made it more specific.

The insertion of the words " or having been " in sub-clauses (*a*), (*b*) and (*c*) is made with a view to taking in cases such as those of a person who is still residing in the ward but has changed his place of residence therein and also cases of persons who have changed their professions, etc.

Clause 9.—We realize that in the transitory period between the old system and new system of assessment (*i.e.*, in 1924-25) anomalous cases may arise, in which it is necessary that the Corporation should be able to apply equitable principles in modification of the strict letter of the law and also to prevent evasion. We have therefore, at the request of the Calcutta Corporation, inserted an enabling sub-clause in clause 9 to deal with this matter.

Note of Dissent by Babu Amulyadhon Addy, M.L.C.

Clauses 4 and 5 should be omitted on the following grounds :—

(1) Even ancestral dwelling-houses which are regarded as sacred by the Indians are acquired to recoup the cost of construction of roads with the drainage, sewering, water-supply and lighting thereof and the owners of the said houses are called upon to pay heavy sums for the exemption of the said houses from acquisition notwithstanding the fact that the opening of roads not only increases the value of adjacent lands but also improves the sanitation of the locality in which the public-at-large are benefited.

(2) I admit an interest at the rate of 6 per cent. (six per cent.) on loans is reasonable, but I am strongly of opinion that it would be unreasonable on exemption fees which are fixed by the Board and against whose decision the persons aggrieved have no right of appeal to a higher and disinterested authority.

If the said suggestion is not accepted, then the words "not exceeding six per cent." may be substituted for the words "six per cent." so that the Board may fix the rate of interest from time to time having regard to the state of the money-market of Calcutta and specially the rate of interest which is paid by the Government of India on Promissory Notes.

It is regrettable that the Select Committee have thought it fit to amend the Calcutta Improvement Act simply by giving unlimited powers to the Board for the acquisition of surplus lands and by increasing the rate of interest on exemption fees from 4 to 6 per cent. (four to six per cent.) per annum. It is also regrettable that the suggestions of the public bodies to which the original Bill was referred for opinion, namely the constitution of the Board, Right of Appeal to the High Court on questions of fact and extension of the Improvement Act to Tollygunge and South Suburban Municipalities have been ignored by the Select Committee.

THE CALCUTTA MUNICIPAL (No. II) BILL, 1923;

Ben. Act III of 1923.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly :—

A Bill further to amend the Indian Limitation Act, 1908.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908; It is hereby enacted as follows :— IX of 1908.

Short title.

1. This Act may be called the Indian Limitation (Amendment) Act, 192 .

Amendment of section 19, Act IX of 1908.

2. In section 19 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the following amendments shall be made, namely :— IX of 1908

(*a*) In sub-section (*1*), for the words "an acknowledgment" the words "a clear and unconditional acknowledgment" shall be substituted, and for the words "signed by" the words "signed and dated by" shall be substituted ;

(*b*) Sub-section (*2*) shall be omitted ;

(*c*) Explanation I shall be omitted ; and

(*d*) for Explanation II the following shall be substituted, namely :—

"*Explanation II.*—For the purposes of this section 'signed' means signed either personally or by an agent duly authorised in writing in this behalf."

Amendment of section 20, Act IX of 1908.

3. (*a*) For sub-section (*1*) of section 20 of the said Act, the following shall be substituted, namely :—

"Where anything is paid either as interest or part of the principal of a debt or legacy before the prescribed period by the debtor or by his agent duly authorised in writing in this behalf, the entry as to such payment being signed and dated by the payer, a fresh period of limitation shall be computed from the date of payment."

(*b*) Sub-section (*2*) of the same section shall be omitted.

Amendment of section 21, Act IX of 1908.

4. In sub-section (*1*) of section 21 of the said Act, after the word "authorised" wherever it occurs, the words "in writing" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The object of the proposed amendments is to decrease litigation, perjury, forgery and fraud. At present many facts are required to be proved by oral evidence which the Courts may or may not believe and the result is always uncertain.

Under the proposed amendment, a clear and unconditional acknowledgment duly signed and dated by the person liable or by his agent duly authorized in writing will be required to extend time. Debtors should not be taken by surprise by an ambiguous or undated writing which might be used to extend the period of limitation.

In section 20, there is always a dispute whether the payment was made on account of interest as such. Under the amended section, part payment of principal and payment of interest have been placed on equal footing. Similar amendment has been made in section 21. Authority of an agent to extend time under any of the sections referred to in this Bill must always be in writing and not oral.

I hope the proposed amendments, if passed into law, will considerably reduce litigation and the multiplicity of witnesses will be avoided.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 2nd July, 1923:—

No. 24 OF 1923.

A Bill further to amend the Indian Income-tax Act, 1922, for certain purposes.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for certain purposes hereinafter appearing; It is hereby enacted as follows:— XI of 1922.

Short title.

1. This Act may be called the Indian Income-tax (Further Amendment) Act, 1923.

Amendment of section 4, Act XI of 1922.

2. In sub-section (2) of section 4 of the Indian Income-tax Act, 1922 (hereinafter referred to as the said Act), for the words "shall be deemed to be profits and gains of the year in which they are received or brought into British India," the following words shall be substituted, namely:— XI of 1922.

"shall, if they are received in or brought into British India, be deemed to have accrued or arisen in British India and to be profits and gains of the year in which they are so received or brought."

Insertion of new Chapter VA in Act XI of 1922.

3. After Chapter V of the said Act the following Chapter shall be inserted, namely:—

"CHAPTER VA.

SPECIAL PROVISIONS RELATING TO CERTAIN CLASSES OF SHIPPING.

Liability to tax of occasional shipping.

44A. The provisions of this Chapter shall, notwithstanding anything contained in the other provisions of this Act, apply for the purpose of the levy and recovery of tax in the case of any person who resides out of British India and carries on business in British India in any year as the owner or charterer of a ship (such person hereinafter in this Chapter being referred to as the principal), unless the Income-tax Officer is satisfied that there is an agent of such principal from whom the tax will be recoverable in the following year under the other provisions of this Act.

Return of profits and gains.

44B. (1) Before the departure from any port in British India of any ship in respect of which the provisions of this Chapter apply, the master of the ship shall prepare and furnish to the Income-tax Officer a return of the full amount paid or payable to the principal, or to any person on his behalf, on account of the carriage of all passengers, live-stock or goods shipped at that port since the last arrival of the ship thereat.

(2) On receipt of the return, the Income-tax Officer shall assess the amount referred to in sub-section (1), and for this purpose may call for such accounts or documents as he may require, and one-twentieth of the amount so assessed shall be deemed to be the amount of the profits and gains accruing to the principal on account of the carriage of the passengers, live-stock and goods shipped at the port.

(3) When the profits and gains have been assessed as aforesaid, the Income-tax Officer shall determine the sum payable as tax thereon at the rate for the time being applicable to the total income of a company, and such sum shall be payable by the master of the ship, and a port-clearance shall not be granted to the ship until the Customs-collector, or other officer duly authorised to grant the same, is satisfied that the tax has been duly paid.

Adjustment. **44C.** Nothing in this Chapter shall be deemed to prevent a principal from claiming, in any year following that in which any payment has been made on his behalf under this Chapter, that an assessment be made of his total income in the previous year, and that the tax payable on the basis thereof be determined in accordance with the other provisions of this Act, and, if he so claims, any such payment as aforesaid shall be treated as a payment in advance of the tax and the difference between the sum so paid, and the amount of tax found payable by him shall be paid by him or refunded to him, as the case may be."

STATEMENT OF OBJECTS AND REASONS.

Some doubt has been expressed whether sub-section (2) of section 4 of the Indian Income-tax Act, 1922, fully secures the intention of the Act that the profits and gains of a business accruing or arising out of British India to a person resident in British India should be assessed when received in, or brought into, British India. Clause 2 of the Bill is intended to place the matter beyond dispute.

2. Difficulties have arisen in the assessment to income-tax of occasional shipping belonging to, or chartered by, persons or companies whose principal place of business is not in British India and who have no regular agents in India from whom the tax will be recoverable in the following year. Clause 3 of the Bill accordingly makes special provision for the assessment of the profits and gains of such shipping.

CONSTRUCTION OF A NEW BRIDGE BETWEEN CALCUTTA AND HOWRAH TO REPLACE THE PRESENT FLOATING BRIDGE.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

CALCUTTA, THE 21ST JULY 1923.

RESOLUTION—No. 2466 Marine.

IN Bengal Government Resolution No. 334 Marine, dated the 29th January 1923, a Committee representative of the chief interests concerned was appointed to consider proposals for financing the construction of a bridge of

the cantilever type which had been recommended by the Committee of Engineers appointed in November 1921. In addition to drafting definite proposals for meeting the estimated cost of a bridge of this type, with its approaches, the Committee was requested to report on the ability of the trade and people of Calcutta and its neighbourhood to bear the charges which would be involved.

2. The Committee have submitted their report which, together with the notes of dissent recorded by some of the members, is published for general information. The report indicates that it will be financially possible to follow the recommendation of the Committee of Engineers in favour of the construction of a cantilever bridge, and Government will now proceed with the necessary measures for the construction of such a bridge. They will be glad to receive any comments from public bodies or others interested, in regard to the recommendations for financing the bridge.

By order of the Governor in Council,

A. MARR,

Secretary to the Government of Bengal.

NEW HOWRAH BRIDGE.

Report of the Finance Committee.

In Bengal Government resolution No. 334 Marine, dated the 24th January 1923, this Committee was appointed to furnish assistance to Government in drafting proposals to meet the cost of a bridge between Calcutta and Howrah of the cantilever type—a type which had been recommended to Government by a Committee of Engineers appointed to advise Government as to the most suitable type of bridge to be constructed. The Committee were also requested to furnish their views on proposals which had been drawn up for the levy of a cess on passengers and goods coming into and leaving Calcutta, and in particular on the ability of the trade and people of Calcutta and its neighbourhood to bear the charges incidental to the construction and maintenance of a bridge of the proposed cantilever type.

2. The Committee of Engineers had estimated the cost of a bridge of the cantilever type at £2,000,000. This represented the cost of the bridge itself and did not include the expenditure necessary for the acquisition of land, the construction of the approaches and any compensation necessary to interests injuriously affected. We have had placed before us a more detailed statement [including (1) an estimate of the actual cost of construction of the bridge itself, furnished by Mr. Palmer, Consulting Engineer to the Secretary of State, (2) detailed estimates for the acquisition of land and the construction of approaches, and (3) the claims for compensation put forward by the interests injuriously affected], which gives the total expenditure required in connection with the construction of the new bridge as Rs. 6,38,00,000. In this estimate, compensation for interests injuriously affected has been entered at the full amount claimed. This expenditure will have to be met by means of a loan, and in our opinion a suitable period for a loan for a work of this character should be 60 years. The annual charges on account of interests and sinking fund will depend on the rate at which the loan can be raised. We have been advised that with a guarantee from Government, which we assume would be given, or if Government themselves raised the loan, it should be possible to raise the amount required at not more than 5 per cent. On this basis an annual payment of approximately Rs. 35 lakhs would be required.

There are considerations, however, which, in our opinion, make it unlikely that Rs. 35 lakhs will really be needed annually. As has been stated, the estimate above given includes the full amount claimed as compensation for interests injuriously affected. We feel justified, however, in assuming that these claims will not be fully entertained and that a considerable reduction is possible. There is a likelihood, too, of cheaper money in the near future and it has been indicated to us that there is also the possibility of cheaper construction. Taking all these facts into account we are of opinion that a sum of approximately Rs. 31 lakhs should suffice to meet the charges for the construction of a cantilever bridge. The problem before us then is to consider whether and by what means this sum could be raised.

3. The cost of the present bridge is met by a terminal tax of 2 pies per maund of goods (excluding coal and salt) carried into or out of Howrah railway station on the East Indian Railway, and by an annual contribution from the Bengal-Nagpur Railway. This is, however, only for upkeep. The initial cost of the bridge was met by a toll on passengers, animals and vehicles using the bridge, by a fee of 2 pies per maund on goods and of 3 pies per passenger conveyed on the East Indian Railway to and from Howrah, and by the earnings of ferry steamers. The passenger tax and the local toll were abolished in 1888, when the capital cost and interest had been paid off. The charge for the bridge was thus mainly borne by those using the bridge.

4. We were furnished with proposals for raising the amount necessary for the new bridge by the imposition of a cess on goods imported into and exported from Calcutta by rail and river, and a cess on passenger traffic by the various railways and steamers. It was maintained in justifiction of these proposals that they represented the best method of carrying out the principle which should govern the financing of this bridge, viz., that the cost should be speard over a very wide basis, seeing that the bridge was a necessity for Calcutta as a whole, for all sections of the community and for the social, commercial and industrial life of Calcutta. This principle we consider sound, but we are not prepared to agree that the course suggested is the best method of carrying it out. Agreeing as we do that the bridge is required for Calcutta as a whole, we consider that it is primarily a civic necessity, and as such should ordinarily be a charge on the population generally in accordance with recognised methods by which municipal activities are financed—in other words, a charge on the ratepayers. We realise that it would not be possible at the present time to impose a charge of this magnitude on the ratepayers of Calcutta and neighbouring municipalities, but we consider that a levy framed on the rateable value of these municipalities should form the basic element in making up the amount required to meet the charges on account of the bridge.

5. It has been, and will be, urged that the Calcutta Corporation is faced with large activities in the matter of water-supply, drainage, etc., which may necessitate an increase in the rates. But a new bridge between Calcutta and Howrah is a matter of no less urgency than any of the municipal schemes now in contemplation, and there is, in our opinion, no getting out of the fact that the liability for the new bridge, whether it be of the cantilever or any cheaper type, should rest in the first instance on the people of Calcutta and its neighbourhood. We do not propose that the Calcutta Corporation shall be required to contribute a specific sum or a specific proportion out of their revenues. We consider that, for the purposes of the bridge, there should be a separate tax on the ratepayers of Calcutta and its neighbourhood, based on the existing system of municipal taxation, and we should bring in the municipal authorities in this matter only in requiring their machinery for the purposes of collection. In our opinion, it will be reasonable, and we do not think we are making an excessive demand, that a tax of one per cent. on the rateable valuation of Calcutta should be imposed for the purpose of the bridge, with a tax on a similar basis in the suburban municipalities. We include Howrah in this connection. Although it is urged by the representative of the Howrah Municipality that for Howrah itself a bridge is not a matter of vital necessity, the advantages that will accrue to this town from the new bridge will be considerable and Howrah cannot escape contributing its share. We are advised that on existing valuation a sum of about seven lakhs can be raised from these sources. This is less than a quarter of the required amount, and we do not think that this is an unreasonable demand to make under present conditions on the citizens of Calcutta and its neighbourhood.

6. Having thus determined what in our opinion should be the basic element in the levy, we have given consideration to various other suggestions for the realisation of the balance.

7. First and most important among these is that which was originally put before us—a cess on trade. It may be urged that the Howrah bridge benefits only the trade which passes over it, that, precisely because this was so, no other interest were asked to pay towards the construction or maintenance of the present bridge, and that consequently no other traffic should be made to contribute towards the new one. But a bridge between Howrah and Calcutta is a necessity to the general trading and commercial life of both cities and on this ground and because it is desirable to spread the expenditure over a very wide basis, we consider that the trade of Calcutta generally should, as far as possible, be required to contribute. There is, moreover, the important practical consideration that any addition made to the railway charges on traffic to and from Howrah and depôts on the Howrah side of the river is automatically applied to traffic carried over the East Indian Railway to and

from stations on the Calcutta side of the river. If, therefore, the latter traffic were excluded from the operation of the cess imposed for the purpose of financing the bridge, it would nevertheless have to bear the additional burden, the only difference being that the extra amounts thus paid by it would be appropriated by the railway instead of by the bridge authority. We believe that a cess on goods imported into, and exported from, Calcutta is feasible. Such a cess is already borne by the traffic which is received or despatched by the East Indian Railway and there is not, in our opinion, any reason why it should not be made universal. We recommend, subject to the qualifications mentioned later, such a cess on all traffic brought into or exported from any railway station within Howrah and Calcutta, or brought into or exported from the port of Calcutta by boat or inland steamer. Imports and exports by sea we would not assess—this would be tantamount to an addition to Customs duties and, therefore, open to objection. Our proposals would, therefore, leave untouched that large amount of traffic entering through the Port of Calcutta which is absorbed in Calcutta itself. On the principle that trade generally should pay its share towards the construction of the bridge, this traffic should not escape and, in our opinion, it would bear a cess with no more difficulty than the traffic by rail. But we can suggest no practicable method of differentiating at the time of import between goods to be absorbed in Calcutta and other goods, and therefore consider the collection of the cess on this traffic to be impossible. It has been objected that the collection of a cess on goods carried by country boat will be no less impracticable, but we consider that it can be done without difficulty through the medium of the Port Commissioners' establishment. A cess on road traffic would demand an excessive organisation and create much inconvenience and we do not recommend it. In the original proposals put before us a cess at 3 pies per maund was suggested. In our opinion this would be too heavy an impost. The existing rate on the East Indian Railway, 2 pies per maund, has been based on what the traffic has proved able to bear. We see no reason why, if it is required, this rate should not be made universal, but if our other suggestions for the collection of the balance are approved, it will probably be necessary to impose a rate of only one pie per maund. The qualification necessary to our general recommendation are that salt and coal, which are already exempted, should continue to be so and that manganese should be added to this class although now assessed to the terminal tax.

8. The foregoing recommendation has reference solely to what is generally known as goods traffic. There is, however, a not inconsiderable traffic in parcels. This is of two classes—railway parcel traffic and postal parcel traffic. It has been urged that, following our conclusions as regards goods traffic a cess might suitably be imposed on parcels. While we agree that this would prove a useful source of income, we feel that it would seriously interfere with local retail trade, while the difficulties of collection would be considerable. We therefore hesitate to recommend it.

9. Following the principle that the basis of taxation should be made as wide as possible, we recommend the taxation of passengers by rail to and from stations in Howrah and Calcutta. A tax of 6 pies per passenger is already imposed for the benefit of the Calcutta Improvement Trust on—

(*a*) Every passenger by railway brought to or taken from any station in the Calcutta or Howrah municipalities, provided the journey begins or ends outside a radius of 30 miles from Calcutta (*vide* section 83 of the Calcutta Improvement Act, 1911).

(*b*) Every passenger by inland vessel brought to or taken from any landing place in the Port of Calcutta within 5 miles of Government House, provided the journey begins or ends outside a radius of 30 miles from Calcutta.

We do not consider that an increase of this tax to 9 pies per ticket (3 pies to be retained for the bridge) would create any appreciable hardship, while a flat rate of 3 pies per ticket is not an unreasonable charge on persons travelling within the 30-mile radius. It may be necessary to vary both the amount of the charge and the method of applying it in respect to short

distance suburban passengers, who travel on monthly tickets issued at concession rates. Such modification will not materially affect the financial result.

10. Passengers by sea do not come within the scope of taxation for the Calcutta Improvement Trust, but we consider this a legitimate source for the purposes of the bridge—a tax of 8 annas per person would not press unduly.

11. Opinions differ as to the advisability of imposing a tax on passengers by the ferry service of the Port Commissioners, the objections being mainly on the ground that these passengers are chiefly working class people, who could not bear the additional impost without hardship. There seems, however, little distinction between such passengers and, the short journey passengers travelling third class on railways, and when a cess of 3 pies is proposed to be levied on the latter, there seems no ground why a similar charge should not be paid by the former. We would impose a 3 pies cess in cases where the fare for the single journey is one anna or more.

12. There remains for consideration in the matter of taxation the case of tramway passengers. The latest designs for the new bridge provide for two separate tramway tracks, one on either side of the bridge. In 1914, when consideration was given to the financing of the proposed new bridge—then estimated to cost one crore of rupees—it was suggested that the Calcutta Tramways Company should contribute Rs. 25,000 per annum. The Tramways Company did not accept this suggestion, but intimated their readiness to pay a track rent of Rs. 4,000 per mile of double track and to renew and repair the road surface of the bridge between the tramway and 18 inches beyond the rails on each side. They further indicated their readiness to pay a sum towards the construction of the bridge, but left this for further consideration, pending Government's views on their suggestions. We have seen the Joint Managers of the Company and they have repeated the previous offer as regards track-rent, but they are not prepared to make any statement as to a contribution towards the capital account for construction. We discussed with them suggestions that had been made for a cess on tramway passengers, but found them strongly opposed to any such taxation—even in the case of passengers travelling over the new bridge. In their opinion, a traveller from Howrah to Calcutta would prefer to walk across the bridge rather than pay for the comfort of being conveyed across the bridge. With this view we are unable to agree. With the new bridge the journey from Howrah to Calcutta and *vice versa* will be longer and involve climbing a long slope at one end, and the employee of an office in the vicinity of Clive Street or Dalhousie Square will be quite ready to use the tram when he can get it all the way between Howrah and his office.

13. We realize, however, that a surcharge on tramway passengers may prove of little value unless accompanied by tolls on foot passengers. We do not favour the imposition of tolls, if it can be avoided, and we would prefer therefore a direct contribution from the Tramways Company. The traffic of this Company should increase very considerably and the linking up of the Howrah and the Calcutta systems should prove of great advantage to the Company. The Company will derive great benefit from the new bridge; and we do not think that the payment of a track rent of Rs. 4,000 is at all commensurate with the benefits that will accrue to them. A contribution of Rs. 50,000 per annum is the least that we should expect from the Tramways Company.

14. These constitute our suggestions in regard to the items of taxation that can be imposed for the purposes of the bridge. They cover the contributions which can be realised from the public and trade. There are certain contributions, however, which may also be expected from other sources. In the scheme for financing the new bridge set out in Bengal Government resolution No. 2151 Marine, of the 18th June 1914, it was suggested that the local Government should contribute a sum of one lakh annually, or roughly, one-sixth of the total annual contributions towards the construction of a bridge estimated to cost one crore. In making this

suggestion, Government stated that while they did not consider it would be justifiable to construct the new bridge at the expense of the general tax-payer and were consequently not prepared to take upon themselves the whole cost of providing it, their interest in Calcutta was so great that they were prepared to bear a reasonable proportion of the expenditure to be incurred. Following on this pronouncement, we should expect that the Government of Bengal will bear a similar proportion of the charges for the new bridge, *i.e.*, five lakhs of rupees. From the Imperial Government we should also expect some contribution and we base our contention on this score on the ground that they are users of the bridge in respect of postal and military traffic. As a further argument it might be observed that the Imperial Government derive a large amount of their revenues from the Port of Calcutta in the shape of Customs duties and should therefore make some contributions towards the construction of a bridge which will facilitate largely the trade that brings in this revenue.

15. The financial effect of the various suggestions that we have outlined above we estimate as follows:—

	Rs.
Bridge tax on Calcutta and neighbouring municipalities	6,00,000
Bridge tax on Howrah	1,00,000
Levy on goods traffic by rail and river and boat at 1 pie per maund	7,00,000
Terminal tax on passengers by rail at 3 pies ...	5,00,000
Tax on passengers by sea at 8 annas ...	1,00,000
Tax for passengers by the Port Commissioners' Ferry Service	1,20,000
Tramway track rent	50,000
Contribution from the Government of Bengal ...	5,00,000
Contribution from the Imperial Government ...	5,00,000
Total ...	31,70,000

In respect of taxation we consider the proposals, that we have suggested, to be practicable. In the result their combined effect is to provide for the sum required to meet the necessary loan for the construction of the bridge.

As regards maintenance, the charges will be small during the earlier years of the life of the bridge, and it may be expected that by the time the bridge is constructed the income from the varying sources above mentioned will suffice to meet not only the requirements of the loan, but also maintenance charges. There is thus ample provision to meet both the cost of a cantilever bridge and its maintenance. The proceeds of the contributions and cesses that we suggest will as time goes on, with the increase from the bridge tax that may be expected from the increased annual values of the municipalities, more than cover the annual necessary outlay, and it may therefore be unnecessary in future years to impose taxation to the full extent suggested. Holding, however, as we do that the basic element in any scheme for financing this bridge should be through the medium of a bridge tax on the ratepayers of the various municipalities, we recommend, and on this point we lay strong emphasis, that this particular tax should be maintained at the fixed rate suggested, and that the relief that can be given should be in favour of the other sources of taxation—in particular, trade.

16. In conclusion, we desire to pay a tribute to the assistance given us by Mr. Purcell, the representative on this Committee of the East Indian

Railway. Mr. Purcell died ,to our regret, before our deliberations were ended, but his services in the discussion of the various proposals and in the preparation of this report were invaluable.

NEW HOWRAH BRIDGE (FINANCE) COMMITTEE.

Note by Mr. C. C. Sinha, M. A., B. L., Chairman, Howrah Municipality.

Under the terms of reference to the Committee, strictly speaking, I am precluded from considering the suitability or otherwise of the cantilever type of bridge as recommended by the Committee of Engineers, but it may be necessary with a view to solve the financial difficulty to consider whether a cheaper type of bridge might not do. Recently a note was circulated by Sir Bradford Leslie suggesting the erection of twin bridges at a much lesser cost, and it has been shown by comparison with the cantilever type the advantages and disadvantages of the twin bridges. Now that we are hard up to find finances for the cantilever type of bridge, and as Sir Bradford's scheme would be far less expensive, it may well be considered whether or not we should go in for the cheaper type. The principle enunciated in the draft report, that the basic element in any scheme of financing the bridge should be through the medium of a bridge tax on the ratepayers of the various municipalities, cannot be accepted, as the bridge will benefit trade and commercial interests in Howrah and Calcutta more than the ordinary ratepayers. I think, therefore, that the interests most benefited, viz., trade, should pay for the bridge. During the discussion many of the members pointed out that trade could not be further taxed, though the draft report assumes that it can be. And if the bridge is to be constructed by putting undue pressure on trade, thereby affecting not only trade but also the public at large, I think that, not only in the interest of trade, but also in the interest of the general public, we should have a cheaper type of bridge, so that the trade and the general public may have to bear a far smaller amount of taxation than it would be necessary if we stick to the cantilever type.

2. The draft report admits that the bridge between Howrah and Calcutta is a *necessity* to the commercial life of both cities, and as such the trading and commercial interests should be taxed in the first instance, and the basic principle should be, as I have already said, taxation on or contribution by the interests materially benefited.

3. The people of Howrah, excepting the commercial classes, would not derive so great an advantage as to make them bear the heavy burden of an additional bridge-tax. It might be pointed out that the cess on trade would fall to a large extent on Howrah and Calcutta, and I think that instead of levying a direct tax on the people of Howrah and Calcutta, which is surely to lead to discontent and consequent agitation, it would be better to increase the cess on goods traffic to one-and-a-half pies per maund, if not two pies per maund. I may further point out here that the proposed tax on railway parcels and postal parcel will, to a certain extent, fall upon the people of Howrah and Calcutta, and there is also no guarantee, if the Tramway Company pays the track rent, that it would not increase the tramway fares. Thus it would appear that the people of Howrah and Calcutta will have to pay indirectly a considerable amount for the bridge, and it would not be fair to levy a direct tax on the people of those towns.

4. It is proposed to increase the terminal tax and thus to realize a certain amount through the railways. I do not see why the Imperial Government should not contribute more than what has been proposed in the draft report. The Imperial Government, I understand, derives from the Customs duties in Calcutta a revenue of several crores, and I should think that it should pay 10 lakhs a year for the bridge, which will improve the Port and facilitate largely the trade that brings in so much revenue, apart from the question of the use of the bridge for military and postal purposes. I think from this point of view the bridge is an Imperial necessity.

5. Coming from the consideration of the general principles to a consideration of the particular case of Howrah, I am emphatically of opinion that no additional taxes should be levied on the people of Howrah on account of the bridge. The people of Calcutta are deriving a benefit on account of a

portion of the terminal tax being set apart and utilized by the Calcutta Improvement Trust for the improvement of the town of Calcutta, while Howrah gets no portion of this for its improvement. It is well known that many important schemes are being held up for want of funds, and it has been practically settled that the Improvement Trust will be introduced into Howrah, and at the conference held on the 2nd August 1922, under the presidency of the Hon'ble Minister in charge of the Local Self-Government Department, there was a sort of a promise that some revenue might be obtained by increasing the terminal tax. The proposed appropriation of the increase of the terminal tax for the bridge closes one of the principal sources for financing the Improvement Trust in Howrah, for I do not think that the railway companies or travelling public would agree to a further increase in the terminal tax for the Improvement Trust in Howrah. As the Improvement Trust is going to be introduced into Howrah, and the ratepayers of Howrah have to be taxed for that purpose, and probably taxed higher than originally proposed, in the absence of any money from the terminal tax, the bridge-tax should not be imposed on them. I might here point out that Howrah can fairly lay a claim to a portion of the terminal tax, as it is levied not only on the people who come to Calcutta but also on a considerable number of people who come to Howrah, and work here in the mills and factories. Therefore practically by appropriating the whole of the increase in the terminal tax for the bridge, Howrah is being deprived of a portion of her dues in this respect, and as such Howrah may well claim exemption from the imposition of the bridge-tax. Calcutta on this point stands on a separate footing because Calcutta is getting a portion of the terminal tax on account of the Improvement Trust, from which it would not be deprived because of the additional levy on account of the bridge. Therefore Howrah's claim to be exempted from the bridge-tax is certainly better than that of Calcutta.

6. So far as Howrah is concerned, leaving aside the question of civic amenities, which in these days of rise in prices may well be left out of account, at least so far as the majority of the people are concerned—who are ordinarily middle class people already burdened with a heavier rate of municipal taxation than that of Calcutta—the general public, except perhaps a portion of the people residing in the central part, would not be much benefited by the bridge as a means of communication between Howrah and Calcutta. The bridge, if anything, is a great necessity for the various mills and factories and railways on this side of the river, and I do not see why these commercial firms and railways should not pay for the same.

7. There will be a distinct disadvantage and loss of income to the Municipality, at least for many years to come, and loss of service to many of the residents of Howrah, after the bridge is constructed, as the fixed cantilever type of bridge without opening for ships will permanently prevent not only all possibilities of the expansion of the Port northwards, but also the existing dockyard would have to be closed on account of these disadvantages.

8. The incidence of taxation in Howrah is considerably higher than that of Calcutta. The amount of taxation varies from 24 per cent. to 28¼ per cent. and the Commissioners of Howrah could not levy an educational cess, as they knew very well that the ratepayers of Howrah have to be taxed for the Improvement Trust. It would be a great hardship on the people of Howrah when the rates will have to be increased for the improvement Trust, but as it is necessary to have an Improvement Trust, the people of Howrah will have to bear additional taxation on that account, and it would not be possible to burden them for any other purpose. As I have already stated, excepting the people in the central portion of Howrah, the people of the northern and southern portions have very few occasions to use the bridge for going to and coming from Calcutta, so general taxation on the whole population would be improper. I am quite sure that the people of Howrah are quite unable to bear any additional taxation for the construction and maintenance of the bridge. If the bridge is required for the people, and if the people cannot bear the expense of such a bridge, I should think that we

should rather abandon a bridge of such a costly type than tax the people to an extent which they cannot bear, and thus create discontent.

9. Coming now to the figures as given in the draft report, even if we are to provide funds for the cantilever type, that can be done without levying an additional tax on the people of Howrah, and possibly also on those of Calcutta, as the following table will show :—

		Rs.
(1)	Levy on goods traffic by rail and river and boat at 1½ pies per maund	12,37,000
(2)	Terminal tax on passengers by rail at 3 pies ...	5,40,000
(3)	Tax on passengers by sea at 8 annas ...	1,20,000
(4)	Tax on railway parcels at 1 anna per rupee ...	3,50,000
(5)	Tax on postal parcels at 1 anna per rupee ...	3,50,000
(6)	Contributions from the Government of Bengal	5,00,000
(7)	Contributions from the Imperial Government ...	10,00,000
(8)	Contributions from the Port Commissioners ...	2,00,000
	Total ...	43,47,000

We do not require so much as Rs. 43,47,000 per year for the annual repayment and the cost of maintenance. Rupees 37,00,000 per year is all that is required. Even if we reduce the Imperial Government's grant by 5 lakhs, a sufficient fund can be provided for the annual repayment and the cost of maintenance without levying an additional tax on the people of Howrah or Calcutta for that purpose.

It now appears that we require only Rs. 31,70,000. So in the figures given in my note, dated the 16th May 1923, which may be regarded as my note of dissent, some modifications might be made without unduly taxing the goods traffic and I would, therefore, suggest that if the levy on goods traffic be at the rate of 1 pie only and also if the cess on parcel be omitted, then even, provided the Imperial Government pays about 8 lakhs we might meet the cost of such a bridge without taxing the people of Calcutta and Howrah I am still of opinion that we should go in for a less costlier type of bridge

Note of dissent by Mr. E. J. Oakley.

As requested by the Chairman of the Howrah Bridge Committee at the meeting, held on 8th May, to consider the draft report to be submitted to Government, I submit herewith a note of dissent from the general recommendations embodied therein.

First, I would say that I do not for a moment dispute the urgent necessity for a new bridge connecting Calcutta with Howrah—that is an obvious fact that admits of no dispute. What I wish to urge is that the present time of financial stringency and trade depression throughout the world is a particularly inappropriate one to launch out into enormous and largely unknown capital expenditure which, if the method of finance proposed is adopted, must of necessity impose an additional burden on the trade of the port for the next 60 years.

I object entirely to the principle of the method suggested for providing "service" for the loan or loans that will be required for what is, after all, a purely "civic" necessity, by an impost on trade, whereby an added burden is placed upon commodities from which a very large portion of Imperial and Provincial revenues is already derived, in the form of import duties and other forms of direct and indirect taxation.

In addition to such taxation the trade of the port has already to bear the normal port charges and it is interesting to study the steady and alarming increase in such charges since pre war days. The following figures were given during the course of the Committee's deliberations, and are eloquent :—

Calcutta Port Commissioners' Charges.

Year.	Amount per ton.
	As.
1913-14	9·9
1914-15	10·9
1916-17	14·1
1917-18	14·7
1918-19	17·9
1919-20	20·3
1920 21	22·5
1921-22	27·22
1922-23	23·1

The abnormally high figure for 1921-22 was due to special non-recurring causes, but eliminating these, it would have been reduced to, say, 22 ·0 annas, or approximately the same as the previous year.

The above figures speak for themselves and it is common knowledge that millions are being spent on new docks and general improvement of port facilities, all of which will have to be paid for. It is reasonable therefore to assume that these charges are at any rate more likely to increase than decrease.

The proposed impost of an additional one pie per maund may not appear a very large sum, but, owing to the grave difficulties in collection that are certain to arise in the case of boat traffic, it is very doubtful whether, if imposed, the tax will produce anything like the sum anticipated, and then, what is more likely than that, another pie will be added to the tax to make up the deficit.

A further grave injustice arising out of a tax of this nature on goods came to light as a result of the special cargo surcharge imposed as a war measure, apart from the particularly unfair and objectionable one of imposing the duties of tax collectors upon private carrying companies. This was the fact that in many cases, owing to a competitive route being available, any increase on rates equivalent to the tax was impossible, with the result that the tax fell upon, and had perforce to be paid by, the carrying companies themselves.

To give a specific instance, the whole of the very large traffic from Eastern Bengal, Cachar and Sylhet, and Assam, brought into Calcutta by the vessels of the inland steamer companies for export would be liable for this tax, whereas

goods from these districts carried to Chittagong by the Assam-Bengal Railway competitive route would be free. This would be, in effect, a direct subsidy paid by the trade of Calcutta to the port of Chittagong, its keenest competitor for the important jute and tea export trade!

The only way to avoid this would be for the rates to be kept as at present, and the tax to be paid by the unfortunate carrying companies themselves, as was forced upon them in many instances in connection with the war surcharge on cargo referred to above.

To my mind the question of financing the proposed bridge is one solely for the three parties who are those principally interested, namely, the Corporation of Calcutta and the surrounding Municipalities, the Government of Bengal, and the Imperial Government.

Primarily the Calcutta Corporation and the Howrah Municipality are the two most concerned, and undoubtedly the correct method of financing the new bridge would be for these two bodies, to raise the necessary funds, the "service" for which would fall upon the rates. It can, however, quite logically be argued, in fact it has been so argued in Committee, that the Imperial Government, which derives so large a portion of its revenues through the Port of Calcutta, and the Government of Bengal, of which Government Calcutta is the capital, should equally share in the necessary burden.

If the burden be equally divided a simple sum shows that the required amount can be provided as follows :—

	Rs.	
Corporation of Calcutta and surrounding municipalities	14,00,000	(equals 2 per cent. addition to the rates)
Government of Bengal	9,00,000	
Government of India	9,00,000	
Annual "service" required	32,00,000	

Or if the other sources of revenue recommended by the Committee, excluding goods, are taken into account, the proportions would be as follows :—

	Rs.
Passenger terminal tax	5,00,000
Passengers by sea tax	1,00,000
Port Commissioner's ferry service	1,20,000
Tramway tract rent	50,000
2 per cent. on Calcutta and Howrah rates	14,00,000
Government of India	5,00,000
Government of Bengal	5,50,000
TOTAL ..	31,70,000

We have been eloquently told by the civic representatives on the Committee, however, that it is, "impossible" for them to provide anything, and that the rates are already as high as they can go in view of the heavy expenditure on improved water supply, sanitation, etc., with which they are faced.

I do not think, however, that an extra 2 per cent. on the rates can be considered as very excessive in return for the general improvement in rateable values that is bound ultimately to follow improved communications.

It is not improbable that the two Governments concerned will join in the almost universal chorus of *non possumus*, in respect to their suggested contributions, that has characterised the meetings of the Committee throughout.

The inevitable conclusion that has been forced upon me, and I gather a considerable proportion of the other members of this Committee, is a definite one, namely, that at present time, and probably for many years to come, Calcutta cannot afford a cantilever bridge of the size and cost of that proposed, and I subscribe unhesitatingly to such conclusion.

What is the alternative? To my mind it is a simple one, namely to cut our coat according to our cloth, and replace the present bridge with another similar one. Although this is, strictly speaking, outside the terms of reference, I venture to submit such alternative as worthy of the fullest consideration.

A floating bridge capable of carrying all the traffic that is likely to arise during the next 25 to 30 years can be provided, we are told, for some £1,600.000 against £4,000,000, the "estimated" cost of the cantilever one. This being so, the annual service required would amount to some Rs. 13,00,000 at 5 per cent. as against Rs. 36,00,000 for the cantilever bridge. Proceeding on the former lines this "service" could be easily met as follows:—

		Rs.	
Calcutta and Howrah Corporations	..	7,00,000	(1 per cent. only on present rates)
Government of Bengal	.. ..	3,00,000	
Government of India	.. ..	3,00,000	
TOTAL	..	13,00,000	

If, however, the recommendations of the Committee as regards a tax on passengers were given effect to, but excluding goods, the problem becomes a still more simple one, namely,—

		Rs.
Tax on passengers by rail	.. ..	5,00,000
Tax on passengers by sea	.. ..	1,00,000
Tax on Port Commissioners' ferry service	.. .. ..	1,20,000
Tramway tract rent	.. ..	50,000
Contribution from Government of India	.. .. ..	3,00,000
Contribution from Government of Bengal	.. .. ..	2,30,000
TOTAL	..	13,00,000

or sufficient without increasing Municipal rates.

I do not object to a passenger tax in principle, for the simple fact that the person interested is in a position to protect himself to a certain extent by not travelling, or reducing his travelling to the point at which the tax does not particularly hurt him.

Whether this applies however to the short distance ferry trafic run by the Port Commissioners is very doubtful and I would be in favour of eliminating this source altogether and making up the required amount by increased contributions from the Local and Imperial Governments.

The case of goods traffic is very different, it is the commercial life blood of the community, and anything in the nature of an arbitrary tax, over and above the actual cost of carriage, and a reasonable profit to the carrier, is an extremely dangerous expedient, with results that cannot be forseen or foretold.

Note of dissent by Mr. S. N. Mallik, Officiating Chairman, Corporation of Calcutta.

The Committee have stated in their draft report that the new bridge is primarily a civic amenity, indeed a necessity, and that the liability for it should rest in the first instance on the people of Calcutta and its neighbourhood. In the opinion of the Committee a levy on rateable value in Calcutta and Howrah should form the basic element. I altogether dissent from this view. A new bridge between Calcutta and Howrah will serve not merely the people and trade of Calcutta and its neighbourhood, but also the thousands of people from outside who daily swarm into the city to enjoy its amenities, and profit by the opportunities it affords; it will also serve the enormous trade and commercial interests which radiate from Calcutta. In fact, its benefit to trade and commerce will far transcend the limits of the city or the province and I maintain that the new bridge is not merely a local necessity but is a provincial and an imperial concern. No scheme of finance which does not recognize this cardinal fact will ensure a just and equitable incident, and the proposals of the Committee are, in my opinion, vitiated by their initial mistake of regarding the bridge only in the nature of a local improvement.

2. An annual sum of Rs. 35 lakhs will be required to pay the interest and sinking fund charges on account of the new bridge, but the Committee's proposals however aim at raising an annual revenue of Rs. 41½ lakhs, of which about Rs. 20¾ lakhs or 50 per cent. will have to be contributed directly or indirectly by the people of Calcutta in some shape or other—Rs. 10¾ lakhs will be contributed by the people outside ; Rs. 5 lakhs by the Government of India.
note below how the figure of Rs. 20¾ lakhs to be contributed by the people of Calcutta is arrived at. The proposed levy of 1 per cent. on rateable value is a direct tax on property in Calcutta and is expected to yield Rs. 6 lakhs. The levy on goods traffic by rail, river, and boat is expected to yield Rs. 8¼ lakhs, but about three-fourths of this will probably be in respect of goods intended for the people of Calcutta who will therefore be practically paying about Rs. 6¾ lakhs. The tax on coal consumed locally (viz., Rs. 3,20,000) is a direct contribution by the people of Calcutta. It may be taken that one-fourth of the terminal tax (Rs. 5,40,000) and half the tax on parcels (Rs. 7 lakhs) will be paid by the people of Calcutta. Although the revenue will be raised under various heads, it should be noted that it will come out of the same pocket. If it is held that the provision of a new bridge is an urgent local improvement, then I submit that the ratepayers of Calcutta who now contribute 2 per cent. to the Calcutta Improvement Trust should be allowed to reduce it by half, the 1 per cent. thus set free being utilized for financing the bridge. It would be grossly unfair to realize 2 per cent. from them towards local improvements which the Trusts are carrying out and still further tax them for other local needs.

3. I cannot too strongly emphasize the fact that the present resources of the Corporation are barely sufficient to meet the needs of a growing municipality, and that the unutilized margin of taxation amounting to 3½ per cent. of the rateable valuation will have to be drawn upon within the next few years to finance the scheme for the improvement of water-supply and the provision of a new drainage outfall. The Corporation have recently undertaken the responsibility for the improvement of primary education in Calcutta and may eventually have to levy an educational cess. The scheme for a City Veterinary Department has been approved, but has had to be kept in abeyance for want of funds along with several other projects of improvement. The municipalities of Cossipore-Chitpur, Maniktala, and Garden Reach have all been added to Calcutta and the Corporation will have to incur an expenditure of over a crore for their improvement. The people of Calcutta would probably never have acquiesced in the amalgamation if they had known that besides an increase of municipal taxation, they might have to pay a bridge cess, or bear other extraneous burdens. I am decidedly of opinion that the capacity of the ratepayers and the public generally of Calcutta will be taxed to the utmost during the next few years for ordinary municipal requirements, and that the imposition of any further serious burden on them cannot be thought of. In any case, I do not

consider that the proposals of the Committee secure a just and equitable incidence. While the people of Calcutta will be required to pay 50 per cent. of the annual cost, the Government of India who derive Rs. 17 crores a year from Customs revenue from Calcutta will pay only Rs. 5 lakhs which, in my opinion, is too small a proportion. I would suggest that it should be at least Rs. 10 lakhs a year. I made this suggestion in the Committee with the result that the Committee put down Rs. 5 lakhs which sum, in my opinion, very inadequately represents the Government of India's interest in the project.

4. The Port Commissioners should also contribute a substantial sum as the new bridge will afford greater facilities for the river traffic, and the cost of upkeep will be substantially reduced. Besides, a great deal of the trouble in connection with the design and type of the new bridge has arisen owing to the requirements of the Port Commissioners who are more vitally interested in the matter than anybody else, and it seems anomalous that they should contribute nothing. At an early stage of our deliberations the Committee thought that they should pay Rs. 2 lakhs and I would retain this figure.

5. If a satisfactory scheme of finance to meet the annual cost cannot be devised without imposing a disproportionate burden on the ratepayers and citizens of Calcutta, then I fear the idea of a cantilever bridge will have to be abandoned as being beyond available means and resources. It is true that this type was recommended by an Expert Committee of Engineers, but when the Committee examined the matter, the estimate for a cantilever bridge amounted to Rs. 3 crores as against Rs. 247½ lakhs for Sir Bradford Leslie's twin bridges of the floating type, the figures in either case being exclusive of the cost of land and compensation. The present estimate for a cantilever bridge amounts to Rs. 638 lakhs including cost of land and compensation and it is by no means certain that the Committee, if they had the revised figure before them, would still have recommended this type, irrespective of all financial considerations. In view of the enormous difference in cost between the two types and our obvious inability to finance the cantilever bridge, I think that the question of the type of bridge should again be examined in the light of the present estimate. My own opinion is that a cantilever bridge is much too costly for us and we cannot afford it, whatever may be its advantages from the traffic and the æsthetic points of view, and we should adopt a cheaper alternative. It should be remembered that the present bridge was erected in 1873-74 at a cost of about Rs. 27 lakhs, and in spite of all its drawbacks it has stood well for about 50 years. I venture to suggest that independent evidence be obtained in regard to the condition of the present bridge and the possibility of prolonging its life for a reasonable period by such repairs and improvements as may be found necessary. In the present condition of the money market, it will be a substantial gain if the expenditure on a new bridge can be deferred until conditions become easier.

Joint Note of Dissent by Babus Jadu Nath Roy and Norendra Nath Roy, Members, New Howrah Bridge (Finance) Committee.

The cost of the new bridge of the cantilever type and the expenditure involved for the acquisition of land, the construction of approaches and compensation to be paid to interests adversely affected by a permanently closed bridge, will amount to about six-and-a-half crores of rupees. The cost of the present bridge, which gave us very good service for over forty years, was only about twenty-two lakhs of rupees. It can be expected that a suitable bridge of the floating type, built to meet present day requirements, and having arrangements for occasional openings to allow vessels to pass, can be built at a cost not exceeding two-and-a-half crores. As this bridge can be built on the old site, it will not be necessary to go into additional expense for new approaches, nor will it be necessary to pay heavy compensation to any interest adversely affected, as there will be arrangements for opening the bridge occasionally to allow vessels to pass.

To finance a bridge of the cantilever type, costing about six-and-a-half crores of rupees, all sorts of impositions have been sought, including a separate tax on the taxpayers of Calcutta and its neighbourhood, and this will mean one per cent. added to the existing high municipal rates. Boat and steamer traffic, which will not be in any way benefited by the proposed bridge, will also be taxed.

The cost of a cantilever bridge has been taken to be about six crores and a-half. But as it is proposed to raise Rs. 41,55,000, the cost seems to be nearer eight crores and-a-half than six.

In our opinion Calcutta has not the ability to pay for such an expensive bridge of the cantilever type, and a bridge of less expensive type like the present floating bridge should be adhered to.

With that view, tenders should, without loss of time, be invited from reliable firms in Great Britain, the Continent and America.

Note of dissent by Mr. H. St. G. Gilmore, Traffic Manager, Eastern Bengal Railway.

It appears to me that at the present time of financial stringency and trade depression, and when many other works of public utility are being provided or projected, a bridge costing Rs. 6,38,00,000 is beyond the means of Calcutta and its neighbourhood to provide, and I would suggest that the question of providing a cheaper bridge be given further consideration.

2. The suggestions outlined by the Committee for meeting the cost of the bridge are such that liability to pay the tax would fall on the same person several times over which does not appear to be fair.

3. I am strongly opposed to goods traffic, parcels and passengers carried by Railways running into Calcutta (as opposed to those running into Howrah) being called upon to contribute towards the cost of the bridge. The proposed taxing of goods and passengers to and from stations on the Howrah side is designed to take the place of a bridge toll and is, therefore, on an altogether different footing to the proposed taxation of goods and passengers carried to and from stations on the Calcutta side. Moreover, as the Port of Chittagong is in competition with the Port of Calcutta, a Railway, such as the Eastern Bengal Railway, having its termini in Calcutta, would be at a disadvantage when competing with the Assam-Bengal Railway route if traffic to and from Calcutta were taxed, while traffic to and from Chittagong remained free, and would doubtless, in some cases, have to pay the bridge tax from its own revenue.

4. The Eastern Bengal Railway net revenue (after deducting working expenses) does not provide an adequate return on its capital cost. Any additional revenue that can be raised on the traffic of the Railway is accordingly needed to raise the return on capital and to help to provide funds for the many additions and improvements necessary. I would add that particularly in the case of passengers the rates at present charged are as high as the traffic can bear.

5. I am, therefore, of opinion that such sum as may be required for financing the bridge should be obtained from the following sources:—

(*i*) Corporations of Calcutta and Howrah,

(*ii*) Goods and passenger traffic to and from Howrah stations—in lieu of bridge toll,

(*iii*) Tramway track-rent,

(*iv*) Government of Bengal, and

(*v*) Government of India.

REPORT OF THE NEW HOWRAH BRIDGE (FINANCE) COMMITTEE.

Note of dissent by Mr. G. D. Birla.

I regret that I cannot quite agree with my colleagues who have signed the main report.

I confess that I am not competent to give a considered opinion on the technical question of the particular type of bridge required between Howrah and Calcutta in place of the existing one. It has, however, to be borne in mind that the general body of ratepayers of Calcutta are against the proposal to construct a bridge at a cost of about 6½ crores of rupees. It may be that a cantilever bridge is the best suited to Calcutta from a purely engineering point of view; but the opinion of engineers ought not to be the deciding factor in arriving at a proper conclusion in a matter entailing such a huge expenditure.

The most important question for consideration in the matter, undoubtedly, is how to finance the scheme of a new bridge. In these hard days when business is so depressed, when very considerable distress prevails all over the province among the middle classes due to unemployment, when Government is pledged to a policy of economy and retrenchment, and when there have been such insistent demands for the provision of funds in so many useful directions for the benefit of the people, it will not be anything short of a wasteful luxury if such a huge amount as 6½ crores of rupees is devoted to the construction of the proposed bridge. I believe that this heavy expenditure would be an unnecessary burden on the people concerned. It appears to me, therefore, that if a bridge of the cantilever type cannot be built for a sum less than this, the proposal should be abandoned altogether as one beyond the reach of practical means. In a matter like the one under consideration, especially at a time like the present, the principle of cutting the coat according to the cloth you have, ought to be strictly adhered to.

I do not, of course, ignore the fact that Calcutta requires a new bridge urgently. If the present bridge is to be replaced by a new one, the latter should be a structure of a decent and enduring nature, and be worthy of this great city. I think, however, that this need of Calcutta ought to be met at a smaller cost than that estimated for the proposed cantilever bridge. If it is found possible to get such a bridge at a reasonable cost, we may have it. It might be, that if fresh estimates are made, it would be found possible to build a bridge of this type at a smaller cost than that estimated for. What appears to me objectionable is not the nature of the structure but its heavy cost, which is out of all proportion to the means of those who will be called upon to finance it.

The Committee of Engineers in their report estimated the cost of construction of the main structure of the bridge at about 2 million pounds sterling. Why this estimate has been raised since then to 2¾ millions I do not quite see. The report of the Committee of Engineers was drawn up in February 1922, and so far as my business experience goes the price of every material has fallen since then. In certain types of iron work prices have fallen even by 20 per cent. to 30 per cent. I am inclined, therefore, to the conclusion that the present cost of the main structure of a cantilever bridge may be brought down to a much lower figure than that estimated by the Committee of Engineers.

The most outstanding instance of over-estimation may, it appears to me, be found in the items under the heads, which deal with the " Valuation of land and structures " and the " Compensation claimed by various Docking Companies." The signatories to the main report also " feel justified " " in assuming that these claims will not be fully entertained and that a considerable reduction is possible."

There remains no doubt, therefore, that the estimates may be reconsidered with some advantage. From the information available to me about the nature and extent of the interests of the various Docking Companies to be affected by the construction of the proposed cantilever bridge, I am inclined to believe that these claims are exaggerated. I think it my duty, therefore, to point out in emphatic terms that no concern or interest ought to be allowed to take undue advantage of the building of a new bridge between Calcutta and Howrah.

I believe that, if proper care is exercised and a strict investigation made, there are great possibilities of large reductions being effected in the cost of the new bridge, even if it be of a cantilever type. I feel gratified to find that my colleagues, who have signed the main report, have, on a second consideration, agreed to reduce the annual yield of taxation from over 38 lakhs of rupees to below 32 lakhs of rupees as suggested by me. But still our difference arises out of the fact that they do not suggest any solution as to what has to be done if it is not found possible to build a bridge of the cantilever type with the funds available under their recommendations. I desire to make it clear that if it is not found possible to build such a bridge at a reasonable cost, the idea of such a bridge should be dropped as a proposition not within the bounds of practical finance.

I regret I cannot quite agree with them as to the principle on which taxation has been recommended. The report after discussing various proposals for raising money states in paragraph 4 as follows :—

> "Agreeing as we do that the bridge is required for Calcutta as a whole, we consider that it is primarily a civic necessity, and as such should ordinarily be a charge on the population generally in accordance with recognised methods by which municipal activities are financed—in other words, a charge on the ratepayers. We realise that it would not be possible at the present time to impose a charge of this magnitude on the ratepayers of Calcutta and neighbouring municipalities, but we consider that a levy framed on the rateable value of these municipalities should form the basic element in making up the amount required to meet the charges on account of the bridge."

The report further states at the end of paragraph 15 :—

> "The proceeds of the contributions and cesses that we suggest will as time goes on, with the increase from the bridge tax that may be expected from the increased annual values of the municipalities, more than cover the annual necessary outlay, and it may therefore be unnecessary in future years to impose taxation to the full extent suggested. Holding, however, as we do that the basic element in any scheme for financing this bridge should be through the medium of a bridge tax on the ratepayers of the various municipalities, we recommend, and on this point we lay strong emphasis, that this particular tax should be maintained at the fixed rate suggested, and that the relief that can be given should be in favour of the other sources of taxation—in particular, trade."

I am unable to subscribe to the dictum laid down by my colleagues. I admit that the proposed bridge would be of benefit to all classes of people in Calcutta and Howrah. But the people of these two cities are not the only parties to be benefited by it. The bridge would bestow immense advantage on the trade and commerce not only of Bengal but also of the adjoining provinces. This is a matter which cannot be ignored. Further, under the scheme proposed by my colleagues, Calcutta has been asked to pay directly and indirectly in the following ways :—

(a) levy on goods traffic;

(b) terminal tax on passengers by rail;

(c) tax on passengers by sea;

(*d*) tax for passengers by the Port Commissioners' Ferry Service;
(*e*) tramway track rent;
(*f*) contribution from the Government of Bengal.

I do not find any justification, therefore, in taxing the ratepayers of Calcutta and the neighbouring municipalities over and above these. The argument used in the report that " a new bridge between Calcutta and Howrah is a matter of no less urgency than any of the municipal schemes now in contemplation and there is in our opinion no getting out of the fact that the liability for the new bridge whether it be of the cantilever or any cheaper type, should rest in the first instance on the people of Calcutta and its neighbourhood " is wholly gratuitous, inasmuch as the people of Calcutta and its neighbourhood will have to pay in various ways under the scheme proposed by my colleagues as indicated above even if no levy on the rateable value of Calcutta and Howrah is made.

The principle recommended in the report involves a very wrong policy. If this is adopted, it would paralyse the municipalities concerned to extend their activities in many beneficent directions for a very long time to come. These bodies are expected to undertake a lot of fresh responsibilities in the near future, such as new schemes for adequate supply of pure drinking water, the provision of new drainage schemes, the improvement of primary education and sanitation, the development of the added areas, etc., etc. The question as to wherefrom the Calcutta Corporation will find the money required for carrying out all these objects has not, I am afraid, received sufficient consideration from the authors of the report. The Corporation of Calcutta is, perhaps, the most important among the self-governing institutions in the province, and any scheme which is likely to hamper and obstruct its legitimate activities, cannot have the support of right-minded persons. Under the circumstances, I strongly oppose the proposal of imposing an additional burden on the municipal rates.

I am sorry that I feel compelled at this stage to advert to the original proposals of my colleagues as regards ways and means, which are given below :—

	Rs.
Bridge - tax on Calcutta and neighbouring municipalities	6,00,000
Bridge tax on Howrah	1,00,000
Levy on goods traffic by rail and river and boat at 1 pie per maund	7,30,000
Terminal tax on passengers by rail at 3 pies ...	5,40,000
Tax on passengers by sea at 8 annas	1,20,000
Tax on railway parcels at 1 anna per rupee ...	3,50,000
Tax on postal parcels at 1 anna per rupee ...	3,50,000
Tramway track rent	50,000
Contribution from the Government of Bengal ...	5,00,000
Contribution from the Imperial Government ...	5,00,000
Total ...	38,40,000

It would thus be seen that my colleagues originally recommended a scheme of taxation which would have yielded a sum of Rs. 38,40,000, but on second consideration they have changed it in such a way as to yield a sum of Rs. 31,70,000 only. I am sorry that although they have agreed to my suggestion by reducing the amount from Rs. 38,40,000 to Rs. 31,70,000, they have still retained their proposal to tax the municipalities. If from the original scheme of taxation the municipalities concerned are excluded, and the other items are retained, there would be a reduction in the yield of taxation from Rs. 38,40,000 to Rs. 31,40,000. It appears to me that the Indian public would much prefer the original scheme of taxation so amended to the revised scheme. I would, therefore, recommend the adoption of the original scheme which, after omitting the first two items amounting to Rs. 7 lakhs, would yield Rs. 31,40,000. In my opinion, this amount should be enough for the purpose for which it is required.

I may, however, point out that in making the above suggestions I have followed as closely as possible the channels of taxation recommended by my colleagues, although I am not quite convinced that there are not others which would not only be less objectionable, but be conducive to the best interests of the country. For example, I may mention the levying of a percentage on the freight earned by non-Indian steamers entering and leaving the port of Calcutta. I believe that if ¼ per cent. of such freight be collected as Bridge Tax it will yield not less than 5 lakhs of rupees per annum. I think that if any of the items be not satisfactory, the contribution from either the Government of Bengal or the Imperial Government should be increased, or the Port Commissioners be asked to make a contribution, or a percentage be levied on the freight earned by non-Indian steamers. I desire to make it clear, however, that in no case should the amount to be raised exceed 31½ lakhs of rupees per annum for a period of sixty years.

RESOLUTION ON THE BUDGET ESTIMATE OF INCOME AND EXPENDITURE OF THE HOWRAH BRIDGE FOR THE YEAR 1923-24.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

CALCUTTA, THE 20TH JULY 1923.

RESOLUTION—No. 2457 Marine.

READ—

The budget estimate of Income and Expenditure of the Howrah Bridge for the year 1923-24.

Receipts.—The estimate of receipts for the year is placed at Rs. 4,37,402, reproducing the revised estimate for 1922-23. The receipts from the East Indian Railway traffic for the year are estimated at Rs. 3,25,000, the amount shown in the revised estimate for 1922-23, against the budget estimate of Rs. 2,75,000 for that year.

Expenditure.—The estimate of total expenditure for the year is Rs. 3,95,819, which is Rs. 32,000 less than the revised estimate for the preceding year. The estimate shows appreciable decrease in expenditure under the heads " Stores " and " Maintenance and Repairs."

2. Against a debit balance of Rs. 48,981 shown in the budget estimate for 1922-23 a surplus of Rs. 9,580 is shown in the revised estimate and as a consequence the estimated debt of the bridge to the Port Commissioners at the end of 1922-23 is reduced after necessary adjustments from Rs. 5,33,523 to Rs. 4,98,184.

The Governor in Council notes with satisfaction this improvement in the financial position of the Bridge.

Resolved that the budget estimates for 1923-24 be approved under section 21 of the Howrah Bridge Act, 1871.

By order of the Governor in Council,

A. MARR,
Secretary to the Government of Bengal.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JUNE 1923.

I. **Character of the season.**—Excepting Dinajpur, Jalpaiguri, Malda, Mymensingh, Chittagong, the Chittagong Hill Tracts and the Tripura State, the rainfall during the month under review was much below the normal especially in the western districts. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—The transplantation of winter paddy seedlings proceeded under favourable conditions in East and North Bengal, while in West Bengal the operation was seriously retarded for want of sufficient rain. Harvesting of autumn paddy and jute has commenced in the Eastern Bengal districts towards the end of the month.

III. **State of standing crops.**—The condition of sugarcane, autumn paddy, jute and other standing crops was reported to be fair except in West Bengal where the growth was greatly affected by want of sufficient rain.

IV. **Prospects and probable outturn.**—The prospects of autumn and deep-water paddy and other standing crops were reported to be satisfactory in East and North Bengal, while in West Bengal the outlook is not promising.

V. **Damage to standing crops.**—No damage to the standing crops was reported from any part of the province.

VI. **Condition of agricultural stock.** -The condition of live-stock was on the whole fair. Stray cases of cattle-disease were, however, reported from parts of Nadia, Jessore, Khulna, Burdwan, Midnapore, Dinajpur, Darjeeling, Rangpur, Cooch-Behar, Dacca, Bakarganj, Tippera and Noakhali.

VII. **Failure of pasturage and fodder.**—No scarcity of fodder and water was reported from any part of the province.

SCHEDULE IV.

(*See* rule 18.)

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service, the Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following :—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity unfitting him or likely to unfit him for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the

candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

The maximum number of marks obtainable for each of the above subjects, whether Obligatory or Optional, is 2,000.

All subjects of Class I must be taken up; not more than two of the subjects of Class II may be taken up.

The standard in subjects of Class I, except Mathematics, will be the Intermediate. The standard in Mathematics will be below the Intermediate as explained in Appendix I. The standard in the Optional subjects will be that of the B.A. (pass) of an Indian University. Candidates will be required to reach these standards in *each* of the four Obligatory subjects, but candidates who fail in only one Obligatory subject but make 6,000 marks or more in the aggregate will take their place in the list of qualified candidates according to the aggregate of the marks obtained.

3. *Place of examination.*—The examination will be conducted by the Educational Commissioner with the Government of India. The centre of examination for candidates from Bengal will be Calcutta.

4. *Examination fee.*—A fee of Rs. 5 is required from all candidates on submission of their application to the District Officer for nomination. The fee payable must be paid by means of postage stamps of the specified amount affixed to the application. A further fee of Rs. 60 is to be paid by candidates chosen for admission to the examination.

5. *Conditions of eligibility.*—Every candidate must be a British subject, and at the time of his birth his father must have been a natural-born British subject. The decision of the Government of India as to whether a candidate satisfies these conditions shall be final. Candidates must, *without exception on any ground,* be above 21 and under 24 years of age on the 1st August 1923.

Every candidate must possess a degree; but in special cases the Local Government may accept the Intermediate or Cambridge Senior qualification, provided in the opinion of the Local Government the candidates seem promising young men of sufficient general education and in all ways suitable for selection to the Indian Police.

Candidates must be of respectable antecedents and must submit references as to character and testimonials of good behaviour and of suitability for the Indian Police.

6. *Form of application.*—Application to compete at the examination must be made on a printed form to be obtained from the Chief Secretary to the Government of Bengal, Calcutta, or from any District Officer, and to be lodged with the necessary documents to the District Officer or Chairman, Calcutta Corporation (for candidates in Calcutta), not later than the 1st September 1923.

No applications received after that date can be considered.

7. *Canvassing.*—Any candidate attempting to canvas either by himself or through the agency of relatives, friends, patrons or officials will be disqualified.

8. *Medical examination.*—Those candidates who are successful in the literary examination will be required, shortly after the result of that examination is declared, to undergo a strict examination by Medical Board* in Calcutta as to their physique and capacity for active out-door work. Instructions as to the date and time of this examination will be issued by the Government of Bengal to successful candidates who will be required to pay a fee of Rs. 16 each for the examination.

9. *Appointment of probationers.*—The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks [provided that they obtain the minimum aggregate of 6,000 marks (*see* paragraph 2) and that they pass the medical examination and satisfy the requisite conditions in other respects].

10. *Riding.*—A knowledge of riding is not insisted on as an essential qualification before nomination. But probationers will be subjected to a riding test at the termination of their probationary period, failure to pass which will disqualify the candidate for confirmation in the service.

11. (*a*) *Uniform.*—It is an ordinary condition of appointment that a successful candidate shall provide himself, or be provided by his parents or guardians, with his uniform or the cost thereof. The Government of Bengal may make a contributory grant of Rs. 400 towards the cost of uniform.

(*b*) *Horse and saddlery.*—A successful candidate must, when required to do so by Government, provide himself with a suitable horse and saddlery at his own expense. The Government of Bengal will make to a newly-appointed officer a grant of a sum not exceeding Rs. 600 towards the cost of such horse and saddlery.

12. *Salary during probation.*—Probationers will receive initial pay of Rs. 325 a month. (*See* Appendix II.)

13. *Period of probation.*—Probationers will be required to qualify by passing the necessary departmental examinations [as well as the riding test (*see* rule 10) within two years of their selection].

14. *Liability of probationers to removal.*—Any probationer who may fail to pass the prescribed examinations within two years, or be found unfit for police duties, will be liable to removal from the service.

15. *Promotion after probation.*—No probationer will be eligible for promotion, either acting or substantive, until he has passed the prescribed departmental examinations, including the riding test.

* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the points which are indicated in Appendix III.

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment and that it is by no means intended to take the place of, or to influence in any way, the official examination.

NOTE.—Papers set for the Indian (Imperial) Police examination in India in previous years from 1921 are obtainable at a price of 8 annas per year from the Superintendent, Government Printing, India, Calcutta.

APPENDIX I.

COMPULSORY MATHEMATICS.

The course is as follows :—

(1) *Arithmetic.*—The whole of Arithmetic. (The use of algebraical symbols and processes will be permitted.)

(2) *Algebra.*—The four simple rules, Fractions, Greatest Common Measure, Least Common Multiple, Factors, Remainder Theorem, Proportion, Simple Equations of one or more unknown quantities with easy problems, Quadratic Equations, with easy problems and theory of Quadratic Equations, Graphs and their applications.

(*Candidates should be provided with squared paper.*)

The questions on Theoretical Geometry will consist of Theorems contained in the annexed Schedule B, together with easy extensions and deductions with numerical illustrations. Any proof of a proposition will be accepted which appears to the Examiners to form part of a systematic treatment of the subject; the order in which the Theorems are stated in Schedule B is not imposed as the sequence of their treatment. In the proof of the Theorems hypothetical constructions will be permitted.

(*Candidates will be provided with squared paper.*)

SCHEDULE A.

Bisections of angles and of straight lines.

Construction of perpendiculars to straight lines.

Construction of an angle equal to a given angle.

Construction of parallels to a given straight line.

Simple cases of the construction from sufficient data of triangles and quadrilaterals.

Division of straight lines into a given number of equal parts or into parts in any given proportions.

Construction of a triangle equal in area to a given polygon.

Construction of tangents to a circle and of common tangents to two circles.

Simple cases of the construction of circles from sufficient data.

Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.

Construction of regular figures of 3, 4, 6 or 8 sides in or about a given circle.

Construction of a square equal in area to a given polygon.

SCHEDULE B.

Angles at a Point.

If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles; and the converse.

If two straight lines intersect, the vertically opposite angles are equal.

Parallel Straight Lines.

When a straight line cuts two other straight lines, if—

(*i*) a pair of alternate angles are equal, or

(*ii*) a pair of corresponding angles are equal, or

(*iii*) a pair of interior angles on the same side of the cutting line are together equal to two right angles, then the two straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Triangles and Rectilineal figures.

The sum of the angles of a triangle is equal to two right angles.

If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.

If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by these sides equal, the triangles are congruent.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two sides of a triangle are equal, the angles opposite to these sides are equal ; and the converse.

If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

If two sides of a triangle are unequal, the greater side has the greater angle opposite to it ; and the converse.

Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

The opposite sides and angles of a parallelogram are equal ; each diagonal bisects the parallelogram and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

Areas.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

Equal triangles on the same or equal bases are of the same altitude.

Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities :—

$k(a+b+c+..)=ka+kb+kc+...$

$(a+b)^2=a^2+2ab+b^2.$

$(a-b)^2=a^2-2ab+b^2.$

$a^2-b^2=(a+b)(a-b).$

The square on a side of a triangle is greater than, equal to, or less than, the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the case of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

Loci.

The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

The Circle.

A straight line drawn from the centre of a circle to bisect a chord which is not the diameter is at right angles to the chord ; conversely the perpendicular to a chord from the centre bisects the chord.

There is one circle, and one only, which passes through three given points not in a straight line.

In equal circles (or in the same circle), (*i*) if two arcs subtend equal angles at the centres, they are equal ; (*ii*) conversely, if two arcs are equal, they subtend equal angles at the centres.

In equal circles or in the same circle), (*i*) if two chords are equal, they cut off equal arcs ; (*ii*) conversely, if two arcs are equal, the chords of the arcs are equal.

Equal chords in a circle are equidistant from the centre ; and the converse.

The tangents at any point of a circle and the radius through the point are perpendicular to one another.

If two circles touch, the point of contact lies on the straight line through the centres.

The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

Angles in the same segment of a circle are equal ; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie on a circle.

The angle in a semi-circle is a right angle, the angle in a segment greater than a semi-circle is less than a right angle, and the angle in a segment less than a semi-circle is greater than a right angle.

The opposite angles of any quadrilateral inscribed in a circle are supplementary ; and the converse.

If a straight line touch a circle and from the point of contact a chord be drawn, the angle which this chord makes with the tangent are equal to the angles in the alternate segments.

If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

Proportion : Similar Triangles.

If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally ; and the converse.

If two triangles are equiangular, their corresponding sides are proportional ; and the converse.

If two triangles have one angle of the one equal to one angle of the other and the sides about these angles proportional, the triangles are similar.

In any right angle triangle the perpendicular to the hypotenuse from opposite vertex divides the triangle into two triangles which are similar to the whole triangle and to each other.

The internal bisector of an angle of a triangle divides the opposite sides internally in the ratio of the sides containing the angle and likewise the external bisector externally.

The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

APPENDIX III.

EXTRACT FROM THE REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENTS UNDER THE GOVERNMENT OF INDIA.

[These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of state reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.]

N.B.—As regards candidates who have been wounded, a candidate who has lost one hand, fore-arm, or arm, or one leg *below* the knee, might be accepted, but the following classes of wounds must be regarded as disqualifications, viz., (1) Injury to head; (2) Loss of an eye; (3) Loss of leg above or through the knee.

General Physical Requirements.

I.—A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II.—In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth :—

Age.	Height with shoes.	CHEST.	
		Girth, when expanded.	Range of expansion.
	Inches.	Inch.	Inch.
19 to 20	62½ and under 65	35	2
	65 ditto 68	35	2
	68 ditto 70	35½	2
	70 ditto 72	36	2
	72 and upwards	36½	2½

	65 ditto 68	35½	2
	68 ditto 70	36	2
	70 ditto 72	36½	2½
	72 and upwards	37	2½

III.—*Measurement of height.*—A minimum height of 5 ft. 4 ins. is imposed. The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without

* These appointments are not set apart exclusively for members of the Police Department, and the Government reserves discretion to fill them by the selection of any officers who are considered best fitted for them, whether in the department or outside it.

rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths.

IV.—*Measurement of chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached, it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

V.—The hearing must be good.

VI.—The speech without impediment.

VII.—The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VIII.—The chest must be well formed; the lungs and heart sound.

IX.—Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency, will disqualify a candidate, unless such condition is cured by operation.

X.—The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

XI.—A candidate must have no congenital malformation or defect likely to interfere with efficiency.

XII.—A candidate must not be the subject of chronic skin disease.

XIII.—Evidence of previous acute or chronic disease pointing to an impaired construction will disqualify.

Regulations as to Standard of Vision for the Indian Police Force.

1. Squint, or any morbid condition of the eyes or of the lids of either eye, liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

2. The examination for determining the acuteness of vision includes two tests; one for distant, the other for near, vision. The Army Test Types will be used for the test for distant vision, without glasses, except where otherwise stated below, at a distance of 20 feet; and Snellen's Optotypi for the test for near vision, without glasses, at any distance selected by the candidate. Each eye will be examined separately, and the lids must be kept wide open during the test. The candidate must be able to read the tests without hesitation in ordinary daylight.

3. A candidate possessing acuteness of vision, according to one of the standards herein laid down, will not be rejected on account of an error of refraction, provided that the error of refraction, in the following cases, does not exceed the limits mentioned, viz.:—(*a*) in the case of myopia, that the error of refraction does not exceed 2·5 D.; (*b*) that any correction for astigmatism does not exceed 2·5 D; and in the case of myopic, astigmatism, that the total error of refraction does not exceed 2·5 D.

4. Subject to the foregoing conditions, the standards of the minimum acuteness of vision with which a candidate will be accepted are as follows:—

Standard I.

	Right Eye.	Left Eye.
Distant vision.	V=6-6.	V=6-6.
Near vision.	Reads 0-6.	Reads 0-6.

Standard II.

	Better Eye.	Worse Eye.
Distant vision.	V=6-6.	V. without glasses=not below 6-60; and after correction with glasses =not below 6-24.
Near vision.	Reads 0-6.	Reads 1

Standard III.

Better Eye.	Worse Eye.
Distant vision. V, without glasses = not below 6-24 ; and after correction with glasses = not below 6-6.	V, without glasses = not below 6-24 ; and after correction with glasses = not below 6-24.
Near vision = reads 0·8.	Reads 1.

The existence of imperfection of colour sense does not necessarily disqualify, but will be noted on the candidate's papers.

N.B.—In all other respects candidates must come up to the standard of physical requirements laid down for candidates for commissions in the army.

NOTIFICATION.

No. 4445J.—The 1st August 1923.—In exercise of the power conferred by section 37 of the Legal Practitioners' Act, 1879 (XVIII of 1879), and in supersession of all previous notifications and resolutions on the subject, the Governor in Council is pleased to make the following regulations for conducting the examination of candidates for admission as Mukhtears in the mufassal courts subordinate to the High Court of Judicature at Fort William in Bengal:—

Regulations.

1. The conduct of the examination is vested in the Committee of Legal Education (hereinafter referred to as the Committee) consisting of—

(a) four Judges of the High Court to be nominated by the Chief Justice;
(b) the Advocate-General, Bengal;
(c) the Legal Remembrancers to the Governments of Bengal and Assam;
(d) the Senior Government Pleader in the High Court; and
(e) the Registrar, High Court (Appellate Side). The senior Judge of the High Court on the Committee will act as Chairman.

2. The Committee for the purpose of these regulations shall be assisted by a paid Secretary to be appointed by the Committee in consultation with Government.

3. Government will, from time to time, on the recommendation of the Committee, appoint Examiners in Law. Examiners shall ordinarily be selected from among gentlemen practising as advocates or vakils in the High Court, but the Committee may at its discretion recommend any other person whom it considers to be duly qualified.

4. The examination of candidates shall be held on such dates within the month of February or March in each year as shall be appointed and duly notified by the Committee.

5. The examination shall be held at Calcutta, Gauhati and Sylhet.

6. The examination shall be conducted in English, by written questions.

7. The questions shall be prepared by the Examiners and shall be so framed as to test the knowledge of the candidates in the subjects mentioned in the rules passed by the High Court for the qualification, admission and enrolment of Mukhtears in mufassal courts, and they shall be so drawn that a candidate may be able to pass by studying the regulations, enactments and text-books therein specified.

8. The number of marks to which each candidate shall be entitled for his answers to the questions shall be determined by the Examiners, subject to the control of the Committee.

9. No candidate will be allowed to take into the examination room any books, private memoranda or paper of any description, and any one detected in doing so will not be permitted to undergo examination. Any candidate found to be using unfair means while undergoing examination may be summarily ejected from the examination room, and refused admittance for the remaining portion of the examination.

All cases in which candidates use or attempt to use any unfair means in connection with the examination, or in which any person assists or attempts to assist any candidate by unfair means, shall be reported to the Committee. The Committee shall have power to pass any order which it may consider to be proper, including forfeiture of all benefit from any part of the examination already undergone, forfeiture of fees paid, and prohibition from appearance at the remaining portion of the examination, or at all or any future examinations.

10. When the examination shall have been concluded, the Committee shall submit to Government the names of those candidates who have passed, together with a report of their proceedings.

11. The names of the successful candidates shall be published in the (1) *Calcutta Gazette*, (2) *Assam Gazette*, and certificates under the signatures of the Chairman and Secretary of the Committee shall be forwarded for distribution to the successful candidates by the Judges of their respective districts.

12. Government will from time to time in consultation with the Committee, determine the amounts of the fees to be paid by candidates, and the emoluments to be received by the Secretary and the Examiners, and similar matters. On all points in which the interests of Government are affected, the Committee shall consult Government.

13. The Committee will from time to time determine the number of papers to be set, the number of questions to be comprised in each, the marks to be allotted to each paper, the marks required for a pass, and similar matters:

Provided that the amounts of the fees to be paid by candidates under rule 12, and the matters determined by the Committee specified in rule 13, shall be set out in the notification to be published under rule 4.

14. (1) A rate of Re. 1-2 per acre shall be levied on all culturable lands and a rate of 7 annas per acre on all lands classed as jungle and waste. Common lands such as roads, streams and burning ghats shall be excluded from assessment.

(2) Of the Re. 1-2 rate, raiyats and all persons holding non-agricultural tenancies shall pay 7 annas and their landlords of all grades together 11 annas per acre. Of the 7 annas rate, the former class will pay 2 annas 6 pies and their landlords of all grades together 4 annas 6 pies.

(3) Landlords shall pay the raiyats' share for lands in their khas possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus :—

(*a*) Permanent tenure-holders, whose rent or rate of rent is fixed in perpetuity, shall pay their own share of the cost and that of landlords superior to them.

(*b*) Other permanent tenure-holders and temporary tenure-holders, whose lease has over fifteen years to run, shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth.

(*c*) Temporary tenure-holders, whose lease has fifteen years to run, shall pay fifteen-sixteenths of the share they would pay in accordance with (*b*) above if they are permanent tenure-holders and so on proportionately according to the number of years of lease to run.

(*d*) Temporary tenure-holders, who do not hold on a lease for a fixed term, shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or the under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(5) Rent-free holders, whether of the degree of the raiyat or landlord, shall pay the whole of the landlords' share for their lands.

(6) (*a*) All under-raiyats with right of occupancy shall pay at the rate of 4 annas per acre for the land in their possession.

The following notification, issued by the Government of India in the Legislative Department, published in the *Gazette of India*, dated the 28th July 1923, is republished for general information.

L. BIRLEY,

Chief Secretary to the Government of Bengal.

NOTIFICATION.

Simla, the 26th July 1923.

No. 168.—The following Order in Council was published in the *London Gazette* on the 1st June 1923 and is hereby republished for information :

THE INDIA TREATY OF PEACE (HUNGARY) ORDER, 1923.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY.

Prime Minister.	Mr. Secretary Bridgeman.
Lord President.	Sir Frederick Ponsonby.

WHEREAS at Trianon on the fourth day of June, nineteen hundred and twenty, a Treaty of Peace (hereinafter referred to as "The Treaty") was signed on behalf of His Majesty :

AND WHEREAS by the Treaty of Peace (Hungary) Act, 1921, it was provided that His Majesty might make such appointments, establish such offices, make such Orders in Council and do such things as appeared to him to be necessary for carrying out the Treaty and for giving effect to any of the provisions of the Treaty, and that any Order in Council made under that Act might provide for the imposition by summary process or otherwise of penalties in respect of breaches of the provisions thereof :

AND WHEREAS the Treaty contained the Sections set out in the Schedule to this Order, and it is expedient that for giving effect thereto the provisions hereinafter contained should have effect:

AND WHEREAS by Treaty, grant, usage, sufferance or other lawful means His Majesty has powers and jurisdiction in territories and in regard to persons in India outside British India, and is pleased by virtue and in exercise of the powers vested in Him by the Foreign Jurisdiction Act, 1890, and all other powers enabling Him in this behalf to extend the provisions of this Order to such territories and persons :

NOW, THEREFORE, His Majesty, by and with the advice of His Privy Council, is pleased to order, and it is hereby ordered, as follows :—

1. The sections of the Treaty set out in the Schedule to this Order shall have full force and effect as law, and for the purpose of carrying out the said sections the following provisions shall have effect :—

(*i*) There shall be established in India at such place as the Governor-General may determine a Local Clearing Office under the control and management of such person (hereinafter referred to as the Administrator) as the Governor-General in Council may appoint for the purpose and there shall be attached thereto such officers and servants on such salaries or other remuneration as the Governor-General in Council may determine.

(*ii*) It shall not be lawful for any person to pay or accept payment of any enemy debt except in cases where recovery thereof in a court of law is allowed as hereinafter provided, otherwise than through or by leave of the Clearing Office established for the purpose of the Treaty in the United Kingdom or the Local Clearing Office established under this Order (which leave may be granted subject to such conditions including conditions as to the payment of fees, as the Clearing Office in the United Kingdom or the Local Clearing Office, as the case may be, may think fit to impose), and no person interested in any such debt as debtor or creditor shall have any communications with any other person interested therein as creditor or debtor except through or by leave of either of such offices. Any person contravening this provision shall on conviction be punished with imprisonment for a term which may extend to two years, or with fine, or with both :

Provided that—

(*a*) in case of any company contravening this provision, every director, manager, Secretary or other officer of the company who is knowingly a party to the transaction shall be deemed guilty of the offence ;

(*b*) a prosecution for such offence shall not be instituted except with the sanction of the Governor-General in Council.

(*iii*) It shall not be lawful for any person to take proceedings in any court for the recovery of any enemy debt except in the circumstances provided under paragraphs, 16, 23 and 25 of the Annex to Section III of Part X of the Treaty.

(*iv*) The Local Clearing Office shall have power to enforce the payment of any enemy debt against the person by whom the debt is due, together with such interest as is payable under paragraph 22 of the Annex to the said section III and for that purpose shall have all such rights and powers as if it were the creditor ; and if the debt has been admitted by the debtor or the debt or amount thereof has been found by arbitration or by the Mixed Arbitral Tribunal or by a court of law in manner provided by paragraph 16 of the Annex to the said Section III, the Local Clearing Office may certify the amount so admitted or found due together with such interest as aforesaid and on application by it in the principal civil court of original jurisdiction of the place in which the debtor resides, the certificate shall be filed in such court and thereafter all proceedings may be taken thereon, as if the certificate were a decree obtained in that court for the recovery of a debt of the amount specified in the certificate and signed on the date of such filing, and all reasonable costs and charges attendant upon the filing of such certificate shall be recoverable in like manner as if they were part of such decree.

(*v*) It shall be lawful for the Local Clearing Office to recover from any person by whom a fine is payable under paragraph 10 of the Annex to the said Section III the amount of such fine and for this purpose the Administrator may certify the amount of such fine and the person by whom it is due to the nearest Magistrate who shall have all power to recover the same as if it were a fine realisable under the Code of Criminal Procedure (Act V of 1898).

(*vi*) If any creditor refuses or fails to give such notice or to furnish such documents or information as are mentioned in paragraph 5 of the Annex to the said Section III, he shall, on conviction before a Magistrate, be liable to a fine not exceeding one hundred rupees.

(*vii*) If any person collusively gives notice of or admits any debt which is not due or furnishes any false information with respect to any debt, he shall on conviction before a Magistrate be punishable with imprisonment which may extend to three months, or with fine or with both.

(*viii*) If His Majesty so agrees with any of the other Allied or Associated Powers, the provisions of this Order so far as they relate to enemy debts, shall apply to debts due to or from the nationals of that Power resident in any part of India in like manner as they apply to debts due to or from British nationals so resident.

(*ix*) All property, rights and interests within India belonging to nationals of the former Kingdom of Hungary at the date when the Treaty came into force (not being property, rights or interests acquired under any general license issued by or on behalf of His Majesty), and the net proceeds of their sale, liquidation or other dealings therewith, are hereby charged—

(*a*) in the first place, with payment of the amounts due in respect of claims by British nationals other than British nationals ordinarily resident in the self-Governing Dominions and Egypt with regard to their property, rights and interests (including companies and associations in which they are interested) in the territories of the former Kingdom of Hungary, or debts owing to them by Hungarian nationals, and with payment of any compensation awarded by the Mixed Arbitral Tribunal, or by an Arbitrator appointed by that Tribunal in pursuance of paragraph (*e*) of Article 232 of the Treaty, and with payment of claims growing out of acts committed by the former Austro-Hungarian Government or by any Hungarian authorities since the twenty-eighth day of July, and before the twelfth day of August, nineteen hundred and fourteen, but so nevertheless that the amounts due in respect of such claims, debts or compensation to British nationals in India shall rank in priority to the amounts due to British nationals other than British nationals ordinarily resident in the self-governing Dominions, India and Egypt; and

(*b*) secondly, with payments of the amounts due in respect of claims by British nationals in India with regard to their property, rights and interests in the territories of Germany, Austria, Bulgaria and Turkey, in so far as those claims are not otherwise satisfied:

Provided that any particular property, rights or interests so charged may at any time be released from the charge so created by order of the Governor-General in Council.

Provided further that where it is alleged than any property, right or interest is not subject to the said charge by reason of its belonging to a person who is not a national of the former Kingdom of Hungary within the meaning of this Order, the Administrator shall be entitled to make such charges as, subject to the consent of the Governor-General in Council, he may consider necessary to cover the costs incurred by him in investigating the allegation and in tracing and identifying the said property, right or interest.

(*x*) With a view to making effective and enforcing such charge as aforesaid—

(*a*) the Administrator shall have such powers and duties as are hereinafter provided;

(*b*) no person shall, without the consent of the Administrator, acting under the general direction of the Governor-General in Council, transfer, part with or otherwise deal in any property, right or interest subject to the charge; any person who contravenes this provision shall, on conviction before a magistrate, be punishable with imprisonment which may extend to three months, or with fine, or with both;

(*c*) every person owning or having the control or management of any property, right or interest in India subject to the charge (including where the property, right or interest consists of shares, stocks or other securities issued by a company, municipal authority or other body, or any right or interest therein such company, authority or body) shall, unless particulars thereof have already been furnished to the Custodian in accordance with the Indian Enemy Trading Acts, 1915-16, within two months from the date of the making of this Order by notice in writing communicate the fact to the Administrator and shall furnish the Administrator with such particulars in relation thereto as the Administrator may require, and if any person fails to do so or furnishes any false information he shall on conviction before a magistrate be liable to fine;

(*d*) where the property charged consists of inscribed or registered stock, shares or other securities, any company, municipal authority or other body by whom the securities were issued or are managed shall on application being made by the Administrator, notwithstanding any regulation or stipulation of the company or other body, and notwithstanding that the Administrator is not in possession of the certificate, scrip or other document of title relating to the shares, stock or securities to which the application relates, enter the Administrator in the books in which the securities are inscribed or registered as the proprietor of the securities subject to the charge, and the Administrator shall, subject to the consent of the Governor-General in Council, have power to sell or otherwise deal with the securities as proprietor of which he is so registered or inscribed, and to require any person having in his possession any documents of title to any such stock, shares or other securities to deliver the same to him, and an acknowledgment of such delivery signed by him shall be a sufficient discharge to the person delivering the same;

(e) where the property charged consists of property transferable on delivery, any person having the possession, control, or management of the property shall, on being so required by the Administrator deliver the property to him and the Administrator shall, subject to the consent of the Governor-General in Council, have power to sell or otherwise deal with the property so delivered to him ;

(f) where the property, right or interest subject to the charge consists of any sum of money due to a Hungarian national (not being an enemy debt within the meaning of article 231 of the Treaty) it shall be payable to the Administrator and shall be paid to him on demand, and the Administrator shall have power to enforce the payment thereof, and for that purpose shall have all such rights and powers as if he were the creditor ;

(g) a certificate by the Administrator that any property, right or interest is subject to the charge shall be sufficient evidence of the facts stated in the certificate and where any such application, requirement or demand of the Administrator as aforesaid is accompanied by such a certificate, the company, municipal authority or other body by whom the securities were issued or are managed, the person in possession of the property transferable by delivery, or the person by whom a sum of money is due, shall comply with the application, requirement or demand, and shall not be liable to any action or other legal proceeding in respect of such compliance, but if it is subsequently proved that the property, right or interest was not subject to the charge, the owner thereof shall be entitled to recover the same from the Administrator, or, if it has been sold, the proceeds of sale, but not to any other remedy ;

(h) the Governor-General in Council may by order vest in the Administrator any property, right or interest subject to the charge, or the right to transfer the same, and for that purpose sub-sections (1) to (4) of section 7 of the Indian Enemy Trading Act, 1916, shall, in relation to nationals of the former Kingdom of Hungary continue in force and shall apply as if property, rights and interests subject to the charge were property belonging to an enemy or enemy subject, and as if for references to the Custodian therein there were substituted references to the Administrator ;

(i) a Chief Presidency Magistrate or a District Magistrate may, on the application of the Administrator, require any person known or suspected to have in his possession or under his control any property right or interest subject to the charge (including any person known or suspected to owe a debt to a national of the former Kingdom of Hungary), or any person who claims that any property, right or interest belonging to him is not subject to the charge by reason of his not being a national of the former Kingdom of Hungary within the meaning of this order or any person whom he may consider capable of giving information with respect to the same to attend as a witness and to give evidence or produce documents before him or before such magistrate subordinate to him as he may appoint in this behalf. The Chief Presidency Magistrate or District Magistrate or other Magistrate so appointed shall, for the purpose of this sub-section, have all the powers of a criminal court under the Code of Criminal Procedure (Act V of 1898) ; and

(j) if any person called upon to pay any money or to transfer or otherwise deal with any property, rights or interests has reason to suspect that the same are subject to such charge as aforesaid he shall before paying, transferring or dealing with the same report the matter to the Administrator and shall comply with any directions that the Administrator may give with respect thereto.

Sections III to VII of Part X of the Treaty.

SECTION III.

DEBTS.

ARTICLE 231.

There shall be settled through the intervention of Clearing Offices to be established by each of the High Contracting Parties within three months of the notification referred to in paragraph (*e*) hereafter the following classes of pecuniary obligations:

(1) Debts payable before the war and due by a national of one of the Contracting Powers, residing within its territory, to a national of an Opposing Power, residing within its territory;

(2) Debts which became payable during the war to nationals of one Contracting Power residing within its territory and arose out of transactions or contracts with the national of an Opposing Power, resident within its territory, of which the total or partial execution was suspended on account of the existence of a state of war;

(3) Interest which has accrued due before and during the war to a national of one of the Contracting Powers in respect of securities issued or taken over by an Opposing Power, provided that the payment of interest on such securities to the nationals of that Power or to neutrals has not been suspended during the war;

(4) Capital sums which have become payable before and during the war to nationals of one of the Contracting Powers in respect of securities issued by one of the Opposing Powers, provided that the payment of such capital sums to nationals of that Power or to neutrals has not been suspended during the war.

In the case of interest or capital sums payable in respect of securities issued or taken over by the former Austro-Hungarian Government the amount to be credited and paid by Hungary will be the interest of capital in respect only of the debt for which Hungary is liable in accordance with Part IX (Financial Clauses) of the present Treaty, and the principles laid down by the Reparation Commission.

The proceeds of liquidation of enemy property, rights and interests mentioned in Section IV and in the Annex thereto will be accounted for through the Clearing Offices, in the currency and at the rate of exchange hereinafter provided in paragraph (*d*), and disposed of by them under the conditions provided by the said Section and Annex.

The settlements provided for in this Article shall be effected according to the following principles and in accordance with the Annex to this Section:

(*a*) Each of the High Contracting Parties shall prohibit, as from the coming into force of the present Treaty, both the payment and the acceptance of payment of such debts, and also all communications between the interested parties with regard to the settlement of the said debts otherwise than through the Clearing Offices;

(*b*) Each of the High Contracting Parties shall be respectively responsible for the payment of such debts due by its nationals except in the cases where before the war the debtor was in a state of bankruptcy or failure, or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war;

(*c*) The sums due to the nationals of one of the High Contracting Parties by the nationals of an Opposing State will be debited to the Clearing Office of the country of the debtor, and paid to the creditor by the Clearing Office of the country of the creditor;

(*d*) Debts shall be paid or credited in the currency of such one of the Allied and Associated Powers, their colonies or protectorates, or the British Dominions or India, as may be concerned. If the debts are payable in some other currency they shall be paid or credited in the currency of the country concerned, whether an Allied or Associated Power, Colony, Protectorate, British Dominion or India, at the pre-war rate of exchange.

For the purpose of this provision the pre-war rate of exchange shall be defined as the average cable transfer rate prevailing in the Allied or Associated country concerned during the month immediately preceding the outbreak of war between the said country concerned and Austria-Hungary.

If a contract provides for a fixed rate of exchange governing the conversion of the currency in which the debt is stated into the currency of the Allied or Associated country concerned, then the above provisions concerning the rate of exchange shall not apply.

In the case of the new State of Poland and the Czecho-Slovak State, the currency in which and the rate of exchange at which debts shall be paid or credited shall be determined by the Reparation Commission provided for in Part VIII, unless they shall have been previously settled by agreement between the States interested;

(*e*) The provisions of this article and of the Annex hereto shall not apply as between Hungary on the one hand and any one of the Allied and Associated Powers, their colonies, or protectorates, or any one of the British Dominions or India on the other hand, unless within a period of one month from the deposit of the ratification of the present Treaty by the Power in question, or of the ratification on behalf of such Dominion or of India, notice to that effect is given to Hungary by the Government of such Allied or Associated Power or of such Dominion or of India as the case may be;

(*f*) The Allied and Associated Powers which have adopted this Article and the Annex hereto may agree between themselves to apply them to their respective nationals established in their territory so far as regards matters between their nationals and Hungarian nationals In this case the payments made by application of this provision will be subject to arrangements between the Allied and Associated Clearing Offices concerned.

ANNEX.

1.

Each of the High Contracting Parties will, within three months from the notification provided for in Article 231, paragraph (*e*), establish a Clearing Office for the collection and payment of enemy debts.

Local Clearing Offices may be established for any particular portion of the territories of the High Contracting Parties. Such Local Clearing Offices may perform all the functions of a central Clearing Office in their respective districts, except that all transactions with the Clearing Office in the Opposing State must be effected through the central Clearing Office.

2.

In this Annex the pecuniary obligations referred to in the first paragraph of Article 231 are described as "enemy debts," the persons from whom the same are due as "enemy debtors," the persons to whom they are due as "enemy creditors," the Clearing Office in the country of the creditor is called the "Creditor Clearing Office," and the Clearing Office in the country of the debtor is called the "Debtor Clearing Office."

3.

The High Contracting Parties will subject contraventions of paragraph (a) of Article 231 to the same penalties as are at present provided by their legislation for trading with the enemy. These who have not prohibited trading with the enemy will enact provisions punishing the abovementioned contraventions with severe penalties. The High Contracting Parties will similarly prohibit within their territory all legal process relating to payment of enemy debts, except in accordance with the provisions of this Annex.

4.

The Government guarantee specified in paragraph (b) of Article 231 shall take effect whenever, for any reason, a debt shall not be recoverable, except in a case where at the date of the outbreak of war the debt was barred by the laws of proscription in force in the country of the debtor, or where the debtor was at that time in a state of bankruptcy or failure or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war. In such case the procedure specified by this Annex shall apply to payment of the dividends.

The terms "bankruptcy" and "failure" refer to the application of legislation providing for such judicial conditions. The expression "formal indication of insolvency" bears the same meaning as it has in English law.

5.

Creditors shall give notice to the Creditor Clearing Office within six months of its establishment of debts due to them, and shall furnish the Clearing Office with any documents and information required of them.

The High Contracting Parties will take all suitable measures to trace and punish collusion between enemy creditors and debtors. The Clearing Offices will communicate to one another any evidence and information which might help the discovery and punishment of such collusion.

The High Contracting Parties will facilitate as much as possible postal and telegraphic communication at the expense of the parties concerned and through the intervention of the Clearing Offices between debtors and creditors desirous of coming to an agreement as to the amount of their debt.

The Creditor Clearing Office will notify the Debtor Clearing Office of all debts declared to it. The Debtor Clearing Office will, in due course, inform the Creditor Clearing Office which debts are admitted and which debts are contested In the latter case, the Debtor Clearing Office will give the grounds for the non-admission of debt.

6.

When a debt has been admitted in whole or in part, the Debtor Clearing Office will at once credit the Creditor Clearing Office with the amount admitted, and at the same time notify it of such credit.

7.

The debt shall be deemed to be admitted in full and shall be credited forthwith to the Creditor Clearing Office unless within three months from the receipt of the notification or such longer time as may be agreed to by the Creditor Clearing Office notice has been given by the Debtor Clearing Office that it is not admitted.

8.

When the whole or part of a debt is not admitted the two Clearing Offices will examine into the matter jointly and will endeavour to bring the parties to an agreement.

9.

The Creditor Clearing Office will pay to the individual creditor the sums credited to it out of the funds placed at its disposal by the Government of its country and in accordance with the conditions fixed by the said Government, retaining any sum considered necessary to cover risks, expenses or commissions.

10.

Any person having claimed payment of an enemy debt which is not admitted in whole or in part shall pay to the Clearing Office, by way of fine, interest at 5 per cent., on the part not admitted. Any person having unduly refused to admit the whole or part of a debt claimed from him shall pay, by way of fine, interest at 5 per cent. on the amount with regard to which his refusal shall be disallowed.

Such interest shall run from the date of expiration of the period provided for in paragraph 7 until the date on which the claim shall have been disallowed or the debt paid.

Each Clearing Office shall in so far as it is concerned take steps to collect the fines above provided for, and will be responsible if such fines cannot be collected.

The fines will be credited to the other Clearing Office, which shall retain them as a contribution towards the cost of carrying out the present provisions.

11.

The balance between the Clearing Offices shall be struck every three months and the credit balance paid in cash by the debtor State within one month.

Nevertheless, any credit balances which may be due by one or more of the Allied and Associated Powers shall be retained until complete payment shall have been effected of the sums due to the Allied or Associated Powers or their nationals on account of the war.

12.

To facilitate discussion between the Clearing Offices each of them shall have a representative at the place where the other is established.

13.

Except for special reasons all discussions in regard to claims will, so far as possible, take place at the Debtor Clearing Office.

14.

In conformity with Article 231, paragraph (*b*), the High Contracting Parties are responsible for the payment of the enemy debts owing by their nationals.

The Debtor Clearing Office will therefore credit the Credit Clearing Office with all debts admitted, even in case of inability to collect them from the individual debtor. The Governments concerned will, nevertheless, invest their respective Clearing Offices with all necessary powers for the recovery of debts which have been admitted.

15.

Each Government will defray the expenses of the Clearing Office set up in its territory, including the salaries of the staff.

16.

Where the two Clearing Offices are unable to agree whether a debt claimed is due, or in case of a difference between an enemy debtor and an enemy creditor or between the Clearing Offices, the dispute shall either be referred to arbitration if the parties so agree under conditions fixed by agreement between them, or referred to the mixed Arbitral Tribunal provided for in Section VI hereafter.

At the request of the Creditor Clearing Office the dispute may, however, be submitted to the jurisdiction of the Courts of the place of domicile of the debtor.

17.

Recovery of sums found by the Mixed Arbitral Tribunal, the Court, or the Arbitration Tribunal to be due shall be effected through the Clearing Offices as if these sums were debts admitted by the Debtor Clearing Office.

18.

Each of the Governments concerned shall appoint an agent who will be responsible for presentation to the Mixed Arbitral Tribunal of the cases conducted on behalf of its Clearing Office. This agent will exercise a general control over the representatives or counsel employed by its nationals.

Decisions will be arrived at on documentary evidence, but it will be open to the Tribunal to hear the parties in person, or according to their preference by their representatives approved by the two Governments, or by the agent referred to above, who shall be competent to intervene along with the party or to re-open and maintain a claim abandoned by the same.

19.

The Clearing Offices concerned will lay before the Mixed Arbitral Tribunal all the information and documents in their possession, so as to enable the Tribunal to decide rapidly on the cases which are brought before it.

20.

Where one of the parties concerned appeals against the joint decision of the two Clearing Offices he shall make a deposit against the costs, which deposit shall only be refunded when the first judgment is modified in favour of the appellant and in proportion to the success he may attain, his opponent in case of such a refund being required to pay an equivalent proportion of the costs and expenses. Security accepted by the Tribunal may be substituted for a deposit.

A fee of 5 per cent. of the amount in dispute shall be charged in respect of all cases brought before the Tribunal. This fee shall, unless the Tribunal directs otherwise, be borne by the unsuccessful party. Such fee shall be added to the deposit referred to. It is also independent of the security.

The Tribunal may award to one of the parties a sum in respect of the expenses of the proceedings.

Any sum payable under this paragraph shall be credited to the Clearing Office of the successful party as a separate item.

21.

With a view to the rapid settlement of claims, due regard shall be paid in the appointment of all persons connected with the Clearing Offices or with the Mixed Arbitral Tribunal to their knowledge of the language of the other country concerned.

Each of the Clearing Offices will be at liberty to correspond with the other and to forward documents in its own language.

22.

Subject to any special agreement to the contrary between the Governments concerned debts shall carry interest in accordance with the following provisions:

Interest shall not be payable on sums of money due by way of dividend, interest, or other periodical payments which themselves represent interest on capital.

The rate of interest shall be 5 per cent. per annum, except in cases were, by contract, law or custom, the creditor is entitled to payment of interest at a different rate. In such cases the rate to which he is entitled shall prevail.

Interest shall run from the date of commencement of hostilities (or, if the sum of money to be recovered fell due during the war, from the date at which it fell due) until the sum is credited to the Clearing Office of the creditor.

Sums due by way of interest shall be treated as debts admitted by the Clearing Offices and shall be credited to the Creditor Clearing Office in the same way as such debts.

23.

Where by decision of the Clearing Offices or the Mixed Arbitral Tribunal a claim is held not to fall within Article 231, the creditor shall be at liberty to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

The presentation of a claim to the Clearing Office suspends the operation of any period of prescription.

24.

The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

25.

In any case where a Creditor Clearing Office declines to notify a claim to the Debtor Clearing Office, or to take any step provided for in this Annex intended to make effective in whole or in part a request of which it has received due notice, the enemy creditor shall be entitled to receive from the Clearing Office a certificate setting out the amount of the claim, and shall then be entitled to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

SECTION IV.

PROPERTY, RIGHTS AND INTERESTS.

ARTICLE 232.

I. The question of private property, rights and interests in an enemy country shall be settled according to the principles laid down in this Section and to the provisions of the Annex hereto.

(*a*) The exceptional war measures and measures of transfer (defined in paragraph 3 of the Annex hereto) taken in the territory of the former Kingdom of Hungary with respect to the property, rights and interests of nationals of Allied or Associated Powers, including companies and associations in which they are interested, when liquidation has not been completed, shall be immediately discontinued or stayed and the property, rights and interests concerned restored to their owners.

(*b*) Subject to any contrary stipulations which may be provided for in the present Treaty, the Allied and Associated Powers reserve the right to retain and liquidate all property, rights and interests which belong at the date of the coming into force of the present Treaty to nationals of the former Kingdom of Hungary or companies controlled by them, and are within the territories, colonies, possessions and protectorates of such Powers (including territories ceded to them by the present Treaty) or which are under the control of those Powers.

The liquidation shall be carried out in accordance with the laws of the Allied or Associated State concerned and the owner shall not be able to dispose of such property, rights or interests nor to subject them to any charge without the consent of that State.

Persons who within six months of the coming into force of the present Treaty show that they have acquired *ipso facto* in accordance with its provisions the nationality of an Allied or Associated Power, including those who under Article 62 obtain such nationality with the consent of the competent authorities or in virtue of previous rights of citizenship (*pertinenza*), will not be considered as nationals of the former Kingdom of Hungary within the meaning of this paragraph.

(*c*) The price or the amount of compensation in respect of the exercise of the right referred to in paragraph (*b*) will be fixed in accordance with the methods of sale or valuation adopted by the laws of the country in which the property has been retained or liquidated.

(*d*) As between the Allied and Associated Powers and their nationals on the one hand and nationals of the former Kingdom of Hungary on the other hand, as also between Hungary on the one hand and the Allied and Associated Powers and their nationals on the other hand, all the exceptional war measures, or measures of transfer, or acts done or to be done in execution of such measures as defined in paragraphs 1 and 3 of the Annex hereto shall be considered as final and binding upon all persons except as regards the reservations laid down in the present Treaty.

(*e*) The nationals of Allied and Associated powers shall be entitled to compensation in respect of damage or injury inflicted upon their property, rights or interests, including any company or association in which they are interested in the territory of the former Kingdom of Hungary, by the application either of the exceptional war measures or measures of transfer mentioned in paragraphs 1 and 3 of the Annex hereto. The claims made in this respect by such nationals shall be investigated, and the total of the compensation shall be determined by the Mixed Arbitral Tribunal provided for in Section VI or by an arbitrator appointed by that Tribunal. This compensation shall be borne by Hungary, and may be charged upon the property of nationals of the former Kingdom of Hungary, or companies controlled by them, as defined in paragraph (*b*), within the territory or under the control of the claimant's State. This property may be constituted as a pledge for enemy liabilities under the conditions fixed by paragraph 4 of the Annex hereto. The payment of this compensation may be made by the Allied or Associated State, and the amount will be debited to Hungary.

(*f*) Whenever a national of an Allied or Associated Power is entitled to property which has been subjected to a measure of transfer in the territory of the former Kingdom of Hungary and expresses a desire for its restitution, his claim for compensation in accordance with paragraph (*e*) shall be satisfied by the restitution of the said property if it still exists in specie.

In such case Hungary shall take all necessary steps to restore the evicted owner to the possession of the property, free from all encumbrances or burdens with which it may have been charged after the liquidation, and to indemnify all third parties injured by the restitution.

If the restitution provided for in this paragraph cannot be effected, private agreements arranged by the intermediation of the powers concerned or the Clearing Offices provided for in the Annex to section III may be made, in order to secure that the national of the Allied or Associated Power may secure compensation for the injury referred to in paragraph (*e*) by the grant of advantages or equivalents which he agrees to accept in place of the property, rights or interests of which he was deprived.

Through restitution in accordance with this Article, the price or the amount of compensation fixed by the application of paragraph (*e*) will be reduced by the actual value of the property restored, account being taken of compensation in respect of loss of use or deterioration.

(*g*) The rights conferred by paragraph (*f*) are reserved to owners who are nationals of Allied or Associated Powers within whose territory legislative measures prescribing the general liquidation of enemy property, rights or interests were not applied before the signature of the Armistice.

(*h*) Except in cases where, by application of paragraph (*f*), restitutions in specie have been made, the net proceeds of sales of enemy property, rights or interests wherever situated carried out either by virtue of war legislation, or by application of this Article, and in general all cash assets of enemies, other than proceeds of sales of property or cash assets in Allied or Associated countries belonging to persons covered by the last sentence of paragraph (*b*) above shall be dealt with as follows:—

(1) As regards Powers adopting Section III and the Annex thereto, the said proceeds and cash assets shall be credited to the Power of which the owner is a national, through the Clearing Office established thereunder; any credit balance in favour of Hungary resulting therefrom shall be dealt with as provided in Article 173, Part VIII (Reparation), of the present Treaty.

(2) As regards Powers not adopting Section III and the Annex thereto, the proceeds of the property, rights and interests, and the cash assets, of the nationals of Allied or Associated Powers held by Hungary shall be paid immediately to the person entitled thereto or to his Government; the proceeds of the property, rights and interests, and the cash assets, of nationals of the former Kingdom of Hungary, or companies controlled by them, as defined in paragraph (*b*), received by an Allied or Associated power shall be subject to disposal by such Power in accordance with its laws and regulations and may be applied in payment of the claims and debts defined by this Article or paragraph 4 of the Annex hereto. Any such property, rights and interests or proceeds thereof or cash assets not used as above provided may be retained by the said Allied or Associated Power, and if retained, the cash value thereof shall be dealt with as provided in Article 173, Part VII (Reparation), of the present Treaty.

(*i*) Subject to the provisions of Article 250, in the case of liquidations effected in new States, which are signatories, of the present Treaty as Allied and Associated Powers or States which are not entitled to share in the reparation payments to be made by Hungary, the proceeds of liquidations effected by such States shall, subject to the rights of the Reparation Commission under the present Treaty, particularly under Article 165, Part VIII (Reparation), and 194, Part IX (Financial Clauses), be paid direct to the owner. If, on the application of that owner, the Mixed Arbitral Tribunal provided for by Section VI of this Part, or an arbitrator appointed by that Tribunal, is satisfied that the conditions of the sale or measures taken by the Government of the State in question outside its general legislation were unfairly prejudicial to the price obtained, they shall have discretion to award to the owner equitable compensation to be paid by that State.

(*j*) Hungary undertakes to compensate her nationals in respect of the sale or retention of their property, rights or interests in Allied or Associated States.

(*k*) The amount of all taxes or imposts on capital levied or to be levied by Hungary on the property, rights and interests of the nationals of the Allied or Associated Powers from November 3, 1918, until three months from the coming into force of the present Treaty, or, in the case of property, rights or interests which have been subjected to exceptional measures of war, until restitution in accordance with the present Treaty, shall be restored to the owners.

II. Subject to the preceding provisions, all measures other than those above referred to taken by the *de jure* or *de facto* authorities in the territory of the former Kingdom of Hungary between November 3, 1918, and the coming into force of the present Treaty, and causing injury to the property, rights and interests of the Allied and Associated Powers or their nationals, including companies and associations in which they were interested, are declared null and void.

The provisions of paragraphs (*a*), (*e*), (*f*), (*h*) and (*k*) above apply to property, rights and interests which belong to nationals of the Allied and Associated Powers, including companies and associations in which they were interested, and which have been the subject of injurious measures such as expropriation, confiscation, seizure, requisition, destruction or deterioration effected as the result either of laws or regulations or of acts of violence on the part of the *de jure* or *de facto* authorities which have existed in Hungary, or of the Hungarian population.

III. Companies and associations include in particular the Orthodox Greek communities established in Buda-Pesth and other Hungarian towns, as well as pious and other foundations, when nationals of the Allied and Associated Powers are interested in such communities or foundations.

IV. No forfeiture on account of failure to complete any formality or make any declaration imposed by Hungarian laws or decrees promulgated since the Armistice and before the coming into force of the present Treaty shall be valid as against nationals of the Allied and Associated Powers, including companies and associations in which they were interested.

ARTICLE 233.

Hungary undertakes, with regard to the property, rights and interests, including companies and associations in which they were interested, resorted to nationals of Allied and Associated Powers in accordance with the provisions of Article 232;

(*a*) to restore and maintain, except as expressly provided in the present Treaty, the property, rights and interests of the nationals of Allied or Associated Powers in the legal position obtaining in respect of the property, rights and interests of nationals of the former Kingdom of Hungary under the laws in force before the war;

(*b*) not to subject the property, rights or interests of the nationals of the Allied or Associated Powers to any measures in derogation of property rights which are not applied equally to the property, rights and interests of Hungarian nationals, and to pay adequate compensation in the event of the application of these measures.

ANNEX.

1.

In accordance with the provisions of Article 232, paragraph (*d*), the validity of vesting orders and of orders for the winding up of business or companies, and of any other

orders, directions, decisions or instructions of any court or any department of the Government of any of the High Contracting Parties made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights and interests is confirmed. The interests of all persons shall be regarded as having been effectively dealt with by any order, direction, decision or instruction dealing with property in which they may be interested, whether or not such interests are specifically mentioned in the order, direction, decision or instruction. No question shall be raised as to the regularity of a transfer of any property, rights or interests dealt with in pursuance of any such order, direction, decision or instruction. Every action taken with regard to any property, business or company, whether as regards its investigation, sequestration, compulsory administration, use, requisition, supervision or winding up, the sale or management of property, rights or interests, the collection or discharge of debts, the payment of costs, charges or expenses, or any other matter whatsoever, in pursuance of orders, directions, decisions or instructions of any court or of any department of the Government of any of the High Contracting Parties, made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights or interests, is confirmed. Provided that the provisions of this paragraph shall not be held to prejudice the titles to property heretofore acquired in good faith and for value and in accordance with the laws of the country in which the property is situated by nationals of the Allied and Associated Powers.

The provisions of this paragraph do not apply to such of the abovementioned measures as have been taken by the former Austro-Hungarian Government in invaded or occupied territory, nor to such of the abovementioned measures as have been taken by Hungary or the Hungarian authorities since November 3, 1918, all of which measures shall be void.

2.

No claim of action shall be made or brought against any Allied or Associated Power or against any person acting on behalf of or under the direction of any legal authority or department of the Government of such a Power by Hungary or by any Hungarian national or by or on behalf of any national of the former Kingdom of Hungary wherever resident in respect of any act or omission with regard to his property, rights or interests during the war or in preparation for the war. Similarly no claim or action shall be made or brought against any person in respect of any act or omission under or in accordance with the exceptional war measures, laws or regulations of any Allied or Associated Power.

3.

In Article 232 and this Annex the expression "exceptional war measures" includes measures of all kinds, legislative, administrative, judicial or other, that have been taken or will be taken hereafter with regard to enemy property, and which have had or will have the effect of removing from the proprietors the power of disposition over their property, though without affecting the ownership, such as measures of supervision, of compulsory administration, and of sequestration; or measures which have had or will have as an object the seizure of, the use of, or the interference with enemy assets, for whatsoever motive under whatsoever form or in whatsoever place. Acts in the execution of these measures include all detentions, instructions, orders or decrees of Government departments or courts applying these measures to enemy property, as well as acts performed by any person connected with the administration or the supervision of enemy property, such as the payment of debts, the collecting of credits, the payment of any costs, charges or expenses, or the collecting of fees.

Measures of transfer are those which have affected or will affect the ownership of enemy property by transferring it in whole or in part to a person other than the enemy owner, and without his consent, such as measures directing the sale, liquidation or devolution of ownership in enemy property, or the cancelling of titles or securities.

4.

All property, rights and interests of nationals of the former Kingdom of Hungary within the territory of any Allied or Associated Power and the net proceeds of their sale, liquidation or other dealing therewith may be charged by that Allied or Associated Power in the first place with payment of amounts due in respect of claims by the nationals of that Allied or Associated Power with regard to their property, rights and interests, including companies and associations in which they are interested, in territory of the former Kingdom of Hungary or debts owing to them by Hungarian nationals, and with payment of claims growing out of acts committed by the former Austro-Hungarian Government or by any Hungarian authorities since July 28, 1914, and before that Allied or Associated Power entered into the war. The amount of such claims may be assessed by an arbitrator appointed by M. Gustave Ador, if he is willing, or if no such appointment is made by him, by an arbitrator appointed by the Mixed Arbitral Tribunal provided for in Section VI. They may be charged in the second place with payment of the amounts due in respect of claims by the nationals of such Allied or Associated Power with regard to their property, rights and interests in the territory of other enemy Powers, in so far as those claims are otherwise unsatisfied.

5.

Notwithstanding the provisions of article 232, where immediately before the outbreak of war a company incorporated in an Allied or Associated State had rights in common with a company controlled by it and incorporated in Hungary to the use of trade-marks in third countries, or enjoyed the use in common with such company of unique means of reproduction of goods or articles for sale in third countries, the former company shall alone have the right to use these trade-marks in third countries to the exclusion of the Hungarian company, and these unique means of reproduction shall be handed over to the former company, notwithstanding any action taken under war legislation in force in the Austro-Hungarian Monarchy with regard to the latter company or its business, industrial property or shares. Nevertheless the former company, if requested, shall deliver to the latter company derivative copies permitting the continuation of production of articles for use in Hungary.

6.

Up to the time when restitution is carried out in accordance with Article 232, Hungary is responsible for the conservation of property, rights and interests of the nationals of Allied or Associated Powers, including companies and associations in which they are interested, that have been subjected by her to exceptional war measures.

7.

Within one year from the coming into force of the present Treaty the Allied or Associated Powers will specify the property, rights and interests over which they intend to exercise the right provided in Article 232, paragraph (*f*).

8.

The restitution provided in Article 232 will be carried out by order of the Hungarian Government or of the authorities which have been substituted for it. Detailed accounts of the action of administrators shall be furnished to the interested persons by the Hungarian authorities upon request, which may be made at any time after the coming into force of the present Treaty.

9.

Until completion of the liquidation provided for by Article 232, paragraph (*b*), the property, rights and interests of the persons referred to in that paragraph will continue to be subject to exceptional war measures that have been or will be taken with regard to them.

10.

Hungary will, within six months from the coming into force of the present Treaty, deliver to each Allied or Associated Power all securities, certificates, deeds or other documents of title held by its nationals and relating to property, rights or interests situated in the territory of that Allied or Associated Power, including any shares, stock, debentures, debenture stock or other obligations of any company incorporated in accordance with the laws of that Power.

Hungary will at any time on demand of any Allied or Associated Power furnish such information as may be required with regard to the property, rights and interests of Hungarian nationals within the territory of such Allied or Associated Power, or with regard to any transactions concerning such property, rights or interests effected since July 1, 1914.

11.

The expression "cash assets" includes all deposits or funds established before or after the existence of a state of war, as well as all assets coming from deposits, revenues, or profits collected by administrators, sequestrators, or others from funds placed on deposit or otherwise, but does not include sums belonging to the Allied or Associated Powers or to their component States, Provinces or Municipalities.

12.

All investments wheresoever effected with the cash assets of nationals of the High Contracting Parties, including companies and associations in which such nationals were interested, by persons responsible for the administration of enemy properties or having control over such administration, or by order of such persons or of any authority whatsoever, shall be annulled. These cash assets shall be accounted for irrespective of any such investment.

13.

Within one month from the coming into force of the present Treaty, or on demand at any time, Hungary will deliver to the Allied and Associated Powers all accounts, vouchers, records, documents and information of any kind which may be within Hungarian territory, and which concern the property, rights and interests of the nationals of those Powers, including companies and associations in which they are interested, that have been subjected to an exceptional war measure, or to a measure of transfer either in the territory of the former Kingdom of Hungary or in territory occupied by that Kingdom or its allies.

The controllers, supervisors, managers, administrators, sequestrators, liquidators and receivers shall be personally responsible under guarantee of the Hungarian Government for the immediate delivery in full of these accounts and documents, and for their accuracy.

14.

The provisions of Article 232 and this Annex relating to property, rights and interests in an enemy country, and the proceeds of the liquidation thereof, apply to debts, credits and accounts, Section III regulating only the method of payment.

In the settlement of matters provided for in Article 232 between Hungary and the Allied or Associated Powers, their colonies or protectorates, or anyone of the British Dominions or India, in respect of any of which a declaration shall not have been made that they adopt Section III, and between their respective nationals, the provisions of Section III respecting the currency in which payment is to be made and the rate of exchange and of interest shall apply unless the Government of the Allied or Associated Power concerned shall within six months of the coming into force of the present Treaty notify Hungary that one or more of the said provisions are not to be applied.

15.

The provisions of Article 232 and this Annex apply to industrial, literary and artistic property which has been or will be dealt with in the liquidation of property, rights, interests, companies or businesses under war legislation by the Allied or Associated Powers, or in accordance with the stipulations of Article 232, paragraph (*b*).

SECTION V.

CONTRACTS, PRESCRIPTIONS, JUDGMENTS.

ARTICLE 234.

(*a*) Any contract concluded between enemies shall be regarded as having been dissolved as from the time when any two of the parties became enemies, except in respect of any debt or other pecuniary obligation arising out of any act done or money paid thereunder, and subject to the exceptions and special rules with regard to particular contracts or classes of contracts contained herein or in the Annex hereto.

(*b*) Any contracts of which the execution shall be required in the general interest, within six months from the date of the coming into force of the present Treaty, by the Government of the Allied or Associated Power of which one of the parties is a national, shall be excepted from dissolution under this Article.

When the execution of the contract thus kept alive would, owing to the alteration of trade conditions, cause one of the parties substantial prejudice the Mixed Arbitral Tribunal provided for by Section VI shall be empowered to grant to the prejudiced party equitable compensation.

(*c*) Having regard to the provisions of the constitution and law of the United States of America and of Japan, neither the present Article, nor Article 235, nor the Annex hereto shall apply to contracts made between nationals of these States and nationals of the former Kingdom of Hungary; nor shall Article 240 apply to the United States of America or its nationals.

(*d*) The present Article and the Annex hereto shall not apply to contracts the parties to which became enemies by reason of one of them being an inhabitant of territory of which the sovereignty has been transferred, if such party shall acquire under the present Treaty the nationality of an Allied or Associated Power, nor shall they apply to contracts between nationals of the Allied and Associated Powers between whom trading has been prohibited by reason of one of the parties being in Allied or Associated territory in the occupation of the enemy.

(*e*) Nothing in the present Article or the Annex hereto shall be deemed to invalidate a transaction lawfully carried out in accordance with a contract between enemies if it has been carried out with the authority of one of the belligerent Powers.

ARTICLE 235.

(*a*) All periods of prescription, or limitation of right of action, whether they began to run before or after the outbreak of war, shall be treated in the territory of the High Contracting Parties, so far as regards relations between enemies, as having been suspended for the duration of the war. They shall begin to run again at earliest three months after the coming into force of the present Treaty. This provision shall apply to the period prescribed for the presentation of interest or dividend coupons or for the presentation for repayment of securities drawn for repayment or repayable on any other ground.

(*b*) Where, on account of failure to perform any act or comply with any formality during the war, measures of execution have been taken in the territory of the former Kingdom of Hungary to the prejudice of a national of an Allied or Associated Power, the claim of such national shall, if the matter does not fall within the competence of the Courts of an Allied or Associated Power, be heard by the Mixed Arbitral Tribunal provided for by section VI.

(*c*) Upon the application of any interested person who is a national of an Allied or Associated Power the Mixed Arbitral Tribunal shall order the restoration of the rights which have been prejudiced by the measures of execution referred to in paragraph (*b*), wherever, having regard to the particular circumstances of the case, such restoration is equitable and possible.

If such restoration is inequitable or impossible the Mixed Arbitral Tribunal may grant compensation to the prejudiced party to be paid by the Hungarian Government.

(*d*) Where a contract between enemies has been dissolved by reason either of failure on the part of either party to carry out its provisions or of the exercise of a right stipulated in the contract itself the party prejudiced may apply to the Mixed Arbitral Tribunal for relief. The Tribunal will have the powers provided for in paragraph (*c*).

(*e*) The provisions of the preceding paragraphs of this Article shall apply to the nationals of Allied and Associated Powers who have been prejudiced by reason of measures referred to above taken by the authorities of the former Hungarian Government in invaded or occupied territory, if they have not been otherwise compensated.

(*f*) Hungary shall compensate any third party who may be prejudiced by any restitution or restoration ordered by the Mixed Arbitral Tribunal under the provisions of the preceding paragraphs of this Article.

(*g*) As regards negotiable instruments, the period of three months provided under paragraph (*a*) shall commence as from the date on which any exceptional regulations applied in the territories of the interested Power with regard to negotiable instruments shall have definitely ceased to have force.

ARTICLE 236.

As between enemies no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment or to give notice of non-acceptance or non-payment to drawers or indorsers or to protest the instrument, nor by reason of failure to complete any formality during the war.

Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or indorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period of not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment or protest may be made.

ARTICLE 237.

Judgments given by the Court of an Allied or Associated Power in all cases which, under the present Treaty, they are competent to decide, shall be recognised in Hungary as final, and shall be enforced without it being necessary to have them declared executory.

If a judgment or measure of execution in respect of any dispute which may have arisen has been given during the war by a judicial authority of the former Kingdom of Hungary against a national of an Allied or Associated Power, or a company or association in which one of such nationals was interested, in a case in which either such national or such company or association was not able to make their defence, the Allied and Associated national who has suffered prejudice thereby shall be entitled to recover compensation to be fixed by the Mixed Arbitral Tribunal provided for in Section VI.

At the instance of the national of the Allied or Associated Power the compensation abovementioned may, upon order to that effect of the Mixed Arbitral Tribunal, be effected where it is possible by replacing the parties in the situation which they occupied before the judgment was given by the Hungarian Court.

The above compensation may likewise be obtained before the Mixed Arbitral Tribunal by the nationals of Allied or Associated Powers who have suffered prejudice by judicial measures taken in invaded or occupied territories, if they have not been otherwise compensated.

ARTICLE 238.

For the purpose of Sections III, V, IV and VII, the expression "during the war" means for each Allied or Associated Power the period between the commencement of the state of war between that Power and the former Austro-Hungarian Monarchy and the coming into force of the present Treaty.

ANNEX.

I. *General Provisions.*

1.

Within the meaning of Articles 234, 235 and 236, the parties to a contract shall be regarded as enemies when trading between them shall have been prohibited by or otherwise became unlawful under laws, orders or regulations to which one of those parties was subject. They shall be deemed to have become enemies from the date when such trading was prohibited or otherwise became unlawful.

2.

The following classes of contracts are excepted from dissolution by Article 234 and, without prejudice to the rights contained in Article 232 (*b*), remain in force subject to the application of domestic laws, orders or regulations made during the war by the Allied and Associated Powers and subject to the terms of the contracts:

(*a*) Contracts having for their object the transfer of estates or of real or personal property where the property therein had passed or the object had been delivered before the parties became enemies;
(*b*) Leases and agreements for leases of land and houses;
(*c*) Contracts of mortgage, pledge or lien;
(*d*) Concessions concerning mines, quarries or deposits;
(*e*) Contracts between individuals or companies and States, provinces, municipalities or other similar juridical persons charged with administrative functions, and concessions granted by States, provinces, municipalities or other similar juridical persons charged with administrative functions.

3.

If the provisions of a contract are in part dissolved under Article 234, the remaining provisions of that contract shall, subject to the same application of domestic laws as is provided for in paragraph 2, continue in force if they are severable, but where they are not severable the contract shall be deemed to have been dissolved in its entirety.

II. *Provisions relating to certain classes of Contracts.*

Stock Exchange and Commercial Exchange Contracts.

4.

(*a*) Rules made during the war by any recognised Exchange or Commercial Association providing for the closure of contracts entered into before the war by an enemy are confirmed by the High Contracting Parties, as also any action taken thereunder provided:

(1) that the contract was expressed to be made subject to the rules of the Exchange or Association in question;
(2) that the rules applied to all persons concerned;
(3) that the conditions attaching to the closure were fair and reasonable.

(*b*) The preceding paragraph shall not apply to rules made during the occupation by Exchanges or Commercial Associations in the districts occupied by the enemy.

(*c*) The closure of contracts relating to cotton "futures" which were closed as on July 31st 1914, under the decision of the Liverpool Cotton Association, is also confirmed.

Security.

5.

The sale of a security held for an unpaid debt owing by an enemy shall be deemed to have been valid irrespective of notice to the owner if the creditor acted in good faith and with reasonable care and prudence, and no claim by the debtor on the ground of such sale shall be admitted.

This stipulation shall not apply to any sale of securities effected by an enemy during the occupation in regions invaded or occupied by the enemy.

Negotiable Instruments.

6.

As regards Powers which adopt Section III and the Annex thereto the pecuniary obligations existing between enemies and resulting from the issue of negotiable instruments shall be adjusted in conformity with the said Annex by the instrumentality of the Clearing Offices, which shall assume the rights of the holder as regards the various remedies open to him.

7.

If a person has either before or during the war become liable upon a negotiable instrument in accordance with an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of his liability notwithstanding the outbreak of war.

III. *Contracts of Insurance.*

8.

Contracts of insurance entered into by any person with another person who subsequently became an enemy will be dealt with in accordance with the following paragraphs.

Fire Insurance.

9.

Contracts for the insurance of property against fire entered into by a person interested in such property with another person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy, or on account of the failure during the war and for a period of three months thereafter to perform his obligations under the contract, but they shall be dissolved at the date when the annual premium becomes payable for the first time after the expiration of a period of three months after the coming into force of the present Treaty.

A settlement shall be effected of unpaid premiums which became due during the war or of claims for losses which occurred during the war.

10.

Where by administrative or legislative action an insurance against fire effected before the war has been transferred during the war from the original to another insurer, the transfer will be recognised and the liability of the original insurer will be deemed to have ceased as from the date of the transfer. The original insurer will, however, be entitled to receive on demand full information as to the terms of the transfer, and if it should appear that these terms were not equitable they shall be amended so far as may be necessary to render them equitable.

Furthermore, the insured shall, subject to the concurrence of the original insurer, be entitled to retransfer the contract to the original insurer as from the date of the demand.

Life Insurance.

11.

Contracts of life insurance entered into between an insurer and a person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy.

Any sum which during the war became due upon a contract deemed not to have been dissolved under the preceding provision shall be recoverable after the war with the addition of interest at five per cent. per annum from the date of its becoming due up to the day of payment.

Where the contract has lapsed during the war owing to non-payment of premiums, or has become void from breach of the conditions of the contract, the assured or his representatives or the persons entitled shall have the right at any time within twelve months of the coming into force of the present Treaty to claim for the insurer the surrender value of the policy at the date of its lapse or avoidance.

Where the contract has lapsed during the war owing to non-payment of premiums the payment of which has been prevented by the enforcement of measures of war, the assured or his representative or the persons entitled shall have the right to restore the contract on payment of the premiums with interest at five per cent. per annum within three months from the coming into force of the present Treaty.

12.

Where contracts of life insurance have been entered into by a local branch of an insurance company established in a country which subsequently became an enemy country, the contract shall, in the absence of any stipulation to the contrary in the contract itself, be governed by the local law, but the insurer shall be entitled to demand from the insured or his representatives the refund of sums paid on claims made or enforced under measures taken during the war, if the making or enforcement of such claims was not in accordance with the terms of the contract itself or was not consistent with the laws or treaties existing at the time when it was entered into.

13.

In any case where by the law applicable to the contract the insurer remains bound by the contract notwithstanding the non-payment of premiums until notice is given to the insured of the termination of the contract, he shall be entitled, where the giving of such notice was prevented by the war, to recover the unpaid premiums with interest at five per cent. per annum from the insured.

14.

Insurance contracts shall be considered as contracts of life assurance for the purpose of paragraphs 11 to 13 when they depend on the probabilities of human life combined with the rate of interest for the calculation of the reciprocal engagements between the two parties.

Marine Insurance.

15.

Contracts of marine insurance including time policies and voyage policies entered into between an insurer and a person who subsequently became an enemy shall be deemed to have been dissolved on his becoming an enemy, except in cases where the risk undertaken in the contract had attached before he became an enemy.

Where the risk had not attached, money paid by way of premium or otherwise shall be recoverable from the insurer.

Where the risk had attached, effect shall be given to the contract notwithstanding the party becoming an enemy, and sums due under the contract either by way of premiums or in respect of losses shall be recoverable after the coming into force of the present Treaty.

In the event of any agreement being come to for the payment of interest on sums due before the war to or by the nationals of States which have been at war and recovered after the war, such interest shall in the case of losses recoverable under contracts of marine insurance run from the expiration of a period of one year from the date of the loss.

16.

No contract of marine insurance with an insured person who subsequently became an enemy shall be deemed to cover losses due to belligerent action by the Power of which the insurer was a national or by the allies or associates of such Power.

17.

Where it is shown that a person who had before the war entered into a contract of marine insurance with an insurer who subsequently became an enemy entered after the outbreak of war into a new contract covering the same risk with an insurer who was not an enemy, the new contract shall be deemed to be substituted for the original contract as from the date when it was entered into, and the premiums payable shall be adjusted on the basis of the original insurer having remained liable on the contract only up till the time when the new contract was entered into.

Other Insurances.

18.

Contracts of insurance entered into before the war between an insurer and a person who subsequently became an enemy, other than contracts dealt with in paragraphs 9 to 17, shall be treated in all respects on the same footing as contracts of fire insurance between the same persons would be dealt with under the said paragraphs.

Re-insurance.

19.

All treaties of re-insurance with a person who became an enemy shall be regarded as having been abrogated by the person becoming an enemy, but without prejudice in the case of life or marine risk which had attached before the war to the right to recover payment after the war for sums due in respect of such risks.

Nevertheless if, owing to invasion, it has been impossible for the re-insured to find another re-insurer, the treaty shall remain in force until three months after the coming into force of the present Treaty.

Where a re-insurance treaty becomes void under this paragraph, there shall be an adjustment of accounts between the parties in respect both of premiums paid and payable, and of liabilities for losses in respect of life or marine risks which had attached before the war. In the case of risks other than those mentioned in paragraphs 11 to 17 the adjustment of accounts shall be made as at the date of the parties becoming enemies without regard to claims for losses which may have occurred since that date.

20.

The provisions of the preceding paragraph will extend equally to re-insurance existing at the date of the parties becoming enemies of particular risks undertaken by the insurer in a contract of insurance against any risks other than life or marine risks.

21.

Re-insurance of life risks effected by particular contract and not under any general treaty remain in force.

22.

In case of a re-insurance effected before the war of a contract of marine insurance, the cession of a risk which had been ceded to the re-insurer shall, if it had attached before the outbreak of war, remain valid and effect be given to the contract notwithstanding the outbreak of war; sums due under the contract of re-insurance in respect either of premiums or of losses shall be recoverable after the war.

23.

The provisions of paragraphs 16 and 17 and the last part of paragraph 15 shall apply to contracts for the re-insurance of marine risks.

Section VI.

MIXED ARBITRAL TRIBUNAL.

ARTICLE 239.

(*a*) Within three months from the coming into force of the present Treaty, a mixed Arbitral Tribunal shall be established between each of the Allied and Associated Powers on the one hand and Hungary on the other hand. Each such Tribunal shall consist of three members. Each of the Governments concerned shall appoint one of these members. The President shall be chosen by agreement between the two Governments concerned.

In case of failure to reach agreement, the President of the Tribunal and two other persons, either of whom may in case of need take his place, shall be chosen by the Council of the League of Nations, or, until this is set up, by M. Gustave Ador if he is willing. These persons shall be nationals of powers that have remained neutral during the war.

If in case there is a vacancy a Government does not proceed within a period of one month to appoint as provided above a member of the Tribunal, such member shall be chosen by the other Government from the two persons mentioned above other than the President.

The decision of the majority of the members of the Tribunal shall be the decision of the Tribunal.

(*b*) The mixed Arbitral Tribunals established pursuant to paragraph (*a*) shall decide all questions within their competence under Sections III, IV, V and VII.

In addition, all questions, whatsoever their nature, relating to contracts concluded before the coming into force of the present Treaty between nationals of the Allied and Associated Powers and Hungarian nationals shall be decided by the Mixed Arbitral Tribunal, always excepting questions which, under the laws of the Allied, Associated or Neutral Powers, are within the jurisdiction of the national courts of those Powers. Such questions shall be decided by the national courts in question, to the exclusion of the Mixed Arbitral Tribunal. The party who is a national of an Allied or Associated Power may nevertheless bring the case before the Mixed Arbitral Tribunal if this is not prohibited by the laws of his country.

(c) If the number of cases justifies it, additional members shall be appointed and each Mixed Arbitral Tribunal shall sit in divisions. Each of these divisions will be constituted as above.

(d) Each Mixed Arbitral Tribunal will settle its own procedure except in so far as it is provided in the following Annex, and is empowered to award the sums to be paid by the loser in respect of the costs and expenses of the proceedings.

(e) Each Government will pay the remuneration of the member of the Mixed Arbitral Tribunal appointed by it and of any agent whom it may appoint to represent it before the Tribunal. The remuneration of the President will be determined by special agreement between the Governments concerned; and this remuneration and the joint expenses of each Tribunal will be paid by the two Governments in equal moities.

(f) The High Contracting Parties agree that their courts and authorities shall render to the Mixed Arbitral Tribunals direct all the assistance in their power, particularly as regards transmitting notices and collecting evidence.

(g) The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

ANNEX.

1.

Should one of the members of the Tribunal either die, retire or be unable for any reason whatever to discharge his functions, the same procedure will be followed for filling the vacancy as was followed for appointing him.

2.

The Tribunal may adopt such rules of procedure as shall be in accordance with justice and equity and decide the order and time at which each party must conclude its arguments, and may arrange all formalities required for dealing with the evidence.

3.

The agent and counsel of the parties on each side are authorised to present orally and in writing to the Tribunal arguments in support or in defence of each case.

4.

The Tribunal shall keep record of the questions and cases submitted and the proceedings thereon, with the dates of such proceedings.

5.

Each of the Powers concerned may appoint a secretary. These secretaries shall act together as joint secretaries of the Tribunal and shall be subject to its direction. The Tribunal may appoint and employ any other necessary officer or officers to assist in the performance of its duties.

6.

The Tribunal shall decide all questions and matters submitted upon such evidence and information as may be furnished by the parties concerned.

7.

The High Contracting Parties agree to give the Tribunal all facilities and information required by it for carrying out its investigations.

8.

The language in which the proceedings shall be conducted shall, unless otherwise agreed, be English, French, Italian or Japanese, as may be determined by the Allied or Associated Power concerned.

9.

The place and time for the meetings of each Tribunal shall be determined by the President of the Tribunal.

ARTICLE 240.

Whenever a competent court has given or gives a decision in a case covered by section III, IV, V or VII, and such decision is inconsistent with the provisions of such section, the party who is prejudiced by the decision shall be entitled to obtain redress which shall be fixed by the Mixed Arbitral Tribunal. At the request of the national of an Allied or Associated Power, the redress may, whenever possible, be effected by the Mixed Arbitral Tribunal directing the replacement of the parties in the position occupied by them before the judgment was given by the Court of the former Kingdom of Hungary.

SECTION VII.

INDUSTRIAL PROPERTY.

ARTICLE 241.

Subject to the stipulations of the present Treaty, rights of industrial, literary and artistic property, and such property is defined by the International Conventions of Paris and of Berne, mentioned in articles 220 and 222, shall be re-established or restored, as from the coming into force of the present Treaty, in the territories of the High Contracting Parties, in favour of the persons entitled to the benefit of them at the moment when the state of war commenced, or their legal representatives. Equally, rights which, except for the war, would have been acquired during the war in consequence of an application made for the protection of industrial property, or the publication of a literary or artistic work, shall be recognised and established in favour of those persons who would have been entitled thereto, from the coming into force of the present Treaty.

Nevertheless, all acts, done by virtue of the special measures taken during the war under legislative, executive or administrative authority of any Allied or Associated Power in regard to the rights of nationals of the former Kingdom of Hungary in industrial, literary or artistic property shall remain in force and shall continue to maintain their full effect.

No claim shall be made or action brought by Hungary or Hungarian nationals or by or on behalf of nationals of the former Kingdom of Hungary in respect of the use during the war by the Government of any Allied or Associated Power, or by any persons acting on behalf or with the assent of such Government of any rights in industrial, literary or artistic property nor in respect of the sale, offering for sale, or use of any products, articles or apparatus whatsoever to which such rights applied.

Unless the legislation of any one of the Allied or Associated Powers in force at the moment of signature of the present Treaty otherwise directs, sums due or paid in respect of the property of persons referred to in article 232 (*b*) in virtue of any act or operation resulting from the execution of the special measures mentioned in the second paragraph of this article shall be dealt with in the same way as other sums due to such persons are directed to be dealt with by the present Treaty; and sums produced by any special measures taken by the Government of the former Kingdom of Hungary in respect of rights in industrial, literary or artistic property belonging to the nationals of the Allied or Associated Powers shall be considered and treated in the same way as other debts due from Hungarian nationals.

Each of the Allied and Associated Powers reserves to itself the right to impose such limitations, conditions or restrictions on rights of industrial, literary or artistic property (with the exception of trademarks) acquired before or during the war, or which may be subsequently acquired in accordance with its legislation, by Hungarian nationals, whether by granting licences, or by the working, or by preserving control over their exploitation, or in any other way, as may be considered necessary for national defence, or in the public interest, or for assuring the fair treatment by Hungary of the rights of industrial, literary and artistic property held in Hungarian territory by its nationals, or for securing the due fulfilment of all the obligations undertaken by Hungary in the present Treaty. As regards rights of industrial, literary and artistic property acquired after the coming into force of the present Treaty, the right so reserved by the Allied and Associated Powers shall only be exercised in cases where these limitations, conditions or restrictions may be considered necessary for national defence or in the public interest.

In the event of the application of the provisions of the preceding paragraph by any Allied or Associated Power, there shall be paid reasonable indemnities or royalties, which shall be dealt with in the same way as other sums due to Hungarian nationals are directed to be dealt with by the present Treaty.

Each of the Allied or Associated powers reserves the right to treat as void and of no effect any transfer in whole or in part of or other dealing with rights of or in respect of industrial, literary or artistic property effected after July 28, 1924, or in the future, which would have the result of defeating the objects of the provisions of this article.

The provisions of this article shall not apply to rights in industrial, literary or artistic property which have been dealt with in the liquidation of businesses or companies under war legislation by the Allied or Associated Powers, or which may be so dealt with by virtue of article 232, paragraph (*b*).

ARTICLE 242.

A minimum of one year after the coming into force of the present Treaty shall be accorded to the nationals of the High Contracting Parties without extension fees or other penalty, in order to enable such persons to accomplish any act, fulfil any formality, pay any fees, and generally satisfy any obligation prescribed by the laws or regulations of the respective States relating to the obtaining, preserving or opposing rights to, or in respect of, industrial property either acquired before July 28, 1914, or which, except for the war, might have been acquired since that date as a result of application made before the war or during its continuance, but nothing in this article shall give any right to re-open interference proceedings in the United States of America where a final hearing has taken place.

All rights in, or in respect of, such property which may have lapsed by reason of any failure to accomplish any act, fulfil any formality, or make any payment, shall revive but subject in the case of patents and designs to the imposition of such conditions as each Allied or Associated Power may deem reasonably necessary for the protection of persons who have manufactured or made use of the subject-matter of such property while the rights had lapsed. Further, where rights to patents or designs belonging to Hungarian nationals are revived under this Article, they shall be subject in respect of the grant of licenses to the same provisions as would have been applicable to them during the war as well as to all the provisions of the present Treaty.

The period from July 28, 1914, until the coming into force of the present Treaty shall be excluded in considering the time within which a patent should be worked or a trade mark or design used, and it is further agreed that no patent, registered trade mark or design in force on July 28, 1914, shall be subject to revocation or cancellation by reason only of the failure to work such patent or use such trade mark or design for two years after the coming into force of the present Treaty.

ARTICLE 243.

The rights of priority provided by Article 4 of the International Convention for the Protection of Industrial Property of Paris of March 20, 1883, revised at Washington in 1911, or by any other Convention or Statute, for the filing or registration of applications for patents or models of utility, and for the registration of trade marks, designs and models which had not expired on July 28, 1914, and those which have arisen during the war, or would have arisen but for the war, shall be extended by each of the High Contracting Parties in favour of all nationals of the other high Contracting Parties for a period of six months after the coming into force of the present Treaty.

Nevertheless, such extension shall in no way affect the right of any of the High Contracting Parties or of any person who before the coming into force of the present treaty was *bona fide* in possession of any rights of industrial property conflicting with rights applied for by another who claims rights of priority in respect of them, to exercise such rights by itself or himself personally, or by such agents or licensees as derived their rights from it or him before the coming into force of the present Treaty: and such persons shall not be amenable to any action or other process of law in respect of infringement.

ARTICLE 244.

No action shall be brought and no claim made by nationals of the former Kingdom of Hungary, or by persons residing or carrying on business within the territory of that Kingdom on the one part, and on the other part by persons residing or carrying on business in the territory of the Allied or Associated Powers, or persons who are nationals such Powers respectively, or by any one deriving title during the war from such persons by reason of any action which has taken place within the territory of the other party between the date of the existence of a state of war and that of the coming into force of the present Treaty, which might constitute an infringement of the rights of industrial property or rights of literary and artistic property, either existing at any time during the war or revived under the provisions of articles 242 and 243.

Equally, no action for infringement of industrial, literary or artistic property rights by such persons shall at any time be permissible in respect of the sale or offering for sale for a period of one year after the signature of the present Treaty in the territories of the Allied or Associated Powers on the one hand or Hungary on the other, of products or articles manufactured, or of literary or artistic works published, during the period between the existence of a state of war and the signature of the present Treaty, or against those who have acquired and continue to use them. It is understood, nevertheless, that this provision shall not apply when the possessor of the rights was domiciled or had an industrial and commercial establishment in the districts occupied by the Austro-Hungarian armies during the war.

This article shall not apply as between the United States of America on the one hand and Hungary on the other.

ARTICLE 245.

Licenses in respect of industrial, literery or artistic property concluded before the war between nationals of the Allied or Associated Powers or persons residing in their territory or carrying on business therein, on the one part, and nationals of the former Kingdom of

Hungary, on the other part, shall be considered as cancelled as from the date of the existence of a state of war between the former Austro-Hungarian Monarchy and the Allied or Associated Power. But, in any case, the former beneficiary of a contract of this kind shall have the right, within a period of six months after the coming into force of the present Treaty, to demand from the proprietor of the rights the grant of a new licence, the conditions of which, in default of agreement between the parties, shall be fixed by the duly qualified tribunal in the country under whose legislation the rights had been acquired, except in the case of licences held in respect of rights acquired under the law of the former Kingdom of Hungary. In such cases the conditions shall be fixed by the Mixed Arbitral Tribunal referred to in section VI of this Part. The tribunal may, if necessary, fix also the amount which it may deem just should be paid by reason of the use of the rights during the war.

No licence in respect of industrial, literary or artistic property, granted under the special war legislation of any Allied or Associated Power, shall be affected by the continued existence of any licence entered into before the war, but shall remain valid and of full effect, and a licence so granted to the former beneficiary of a licence entered into before the war shall be considered as substituted for such licence.

Where sums have been paid during the war in respect of the rights of persons referred to in Article 232 (*b*) by virtue of a licence or agreement concluded before the war in respect of rights of industrial property or for the reproduction or the representation of literary, dramatic or artistic works, these sums shall be dealt with in the same manner as other debts or credits of such persons as provided by the present Treaty.

This article shall not apply as between the United States of America on the one hand and Hungary on the other.

L. BIRLEY,

NO. M. 198.

Simla, the 24th July, 1923.

RESOLUTION.

The Governor General in Council has had under consideration the Report of the Committee appointed by the Government of Bihar and Orissa under section 18 of the Indian Mines Act, 1901, to enquire into the accident which occurred on the 4th January last at the Parbelia Colliery of the Bengal Coal Company in the district of Manbhum,

Bihar and Orissa, and resulted in the loss of 74 lives. The Report which was published in the Provincial Gazette with Bihar and Orissa Government resolution No. 780-Com., dated the 27th March 1923, shews that the accident was due to an explosion of coal-dust caused by a faultily placed shot. While recommending the adoption of additional precautions to minimise the recurrence of similar explosions at the mine, the Committee drew attention to the fact that owing to the introduction of coal cutting machinery, which produced dust in greater quantity and of finer consistency than the old system of hand-cutting, the danger of explosions from coal-dust had greatly increased in Indian mines. In their opinion, however, the facts established by the enquiry were an insufficient foundation on which to base recommendations of general application, and they accordingly recommended that the danger arising from coal-dust should be systematically investigated without delay by a representative Committee.

2. The Governor General in Council has accepted this recommendation and is pleased to appoint the following Committee to investigate the dangers arising from coal-dust in Indian mines :—

Chairman.

Mr. D. Penman, Officiating Chief Inspector of Mines in India.

Members.

Mr. J. R. Wardlaw, nominated by the Indian Mining Association.
Mr. J. G. Foster, nominated by the Indian Mining Association.
Mr. H. C. Read, nominated by the Indian Mining Federation.
Mr. H. K. Nag, nominated by the Indian Mining Federation.
Mr. G. Naysmith, nominated by the Colliery Managers' Association.
Mr. J. H. Lang, officiating Inspector of Mines in India (*also Secretary*).

The terms of reference are :—

To enquire into the danger of explosions of coal-dust in Indian coal mines ; to make experiments on different kinds of coal-dust with a view to determine their liability to explode or otherwise ; and to report what means, if any, are necessary or desirable to provide against the risk of coal-dust explosions in Indian coal mines.

ORDERED that a copy of the Resolution be forwarded to the Government of Bihar and Orissa, the Chairman and the Members of the Committee, the Indian Mining Association, the Indian Mining Federation, and to the Association of Colliery Managers in India.

ORDERED also that the Resolution be published in the Supplement to the *Gazette of India* for general information.

A. H. LEY,
Secretary to the Government of India.

XX. On the date appointed by the Local Government for the scrutiny of nominations under sub-rule (2) of rule 11 the candidates, their election agents, one proposer and one seconder of each candidate, and one other person duly authorised in writing by each candidate, but no other person, may attend at such time and place as the returning-officer may appoint, and the returning officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time and in the manner prescribed in rule 11.

XXI (1). The returning officer shall then examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or on his own motion, after such summary inquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds:—

(*i*) that the candidate is ineligible for election under rule 5 or rule 6 ; or

(*iii*) that there has been any failure to comply with any of the provisions of rule 11 or rule 12 or

(*iv*) that the candidate or any proposer or seconder is not identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer or seconder, as the case may be; or

(*v*) that the signature of the candidate or any proposer or seconder, is not genuine or has been obtained by fraud.

(2) For the purposes of this regulation :—

(*a*) the production of any certified copy of an entry made in the electoral roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, unless it is proved that the candidate is disqualified under rule 5 or rule 6 or that the proposer or seconder, as the case may be, is disqualified under sub-rule (*4*) of rule 11, and

(*b*) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (*ii*), clause (*iii*), clause (*iv*), or clause (*v*) of sub-regulation (*1*) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

XXII. (1) The returning officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf under clause (*b*) of sub-rule (*2*) of rule 11 and no adjournment of the proceedings shall be allowed.

XXIII. On completion of the scrutiny of nominations and after the expiry of the period within which candidatures may be withdrawn under sub-rule (*8*) of rule 11, the returning officer shall forthwith prepare a list of valid nominations and cause it to be affixed in some conspicuous place in his office.

XXIV. If the number of duly nominated candidates is greater than the number of vacancies the returning officer shall forthwith publish in the local official Gazette, and in such other manner as the Local Government may prescribe, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order.

Voting.

XXV. The Local Government shall appoint the hour at which the poll shall commence and the hour at which it shall close on the date appointed for the poll under clause (*c*) of sub-rule (*2*) of rule 11. The hours so fixed shall be published by notification in the local official Gazette, and in such other manner as the Local Government may direct.

XXVI. (1) The returning officer shall select for each constituency as many polling stations as he thinks necessary and shall publish, in such manner as the Local Government may prescribe, a list showing the polling stations so selected, and the polling areas for which they have respectively been selected.

(2) The returning officer shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

XXVII. (1) The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(a) the polling officers, the candidates, and one agent of each candidate (hereinafter referred to as the polling agent) appointed in writing by the candidate, and authorised in this behalf by the returning officer,

(b) the police or other public servants on duty, and

(c) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

(2) The presiding officer shall close the polling station at the hour appointed in that behalf by the Local Government under Regulation XXV, so as to prevent the admission thereto of any voter after that hour, provided that all voters present at the polling station before it is so closed shall be entitled to have their votes recorded.

XXVIII. Each polling station shall be furnished with such number of compartments, in which voters can record their votes screened from observation, as the returning officer thinks necessary.

XXIX. (1) The returning officer shall provide at each polling station materials sufficient for the purpose of enabling voters to mark the ballot papers, instruments for stamping the official mark on such papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(2) The official mark shall be kept secret, and a period of not less than seven years shall intervene between the use of the same official mark at elections for the same constituency.

XXX. Every ballot box shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

XXXI. Before the polling station is open for the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in the vernacular of the district.

XXXII. Immediately before a ballot paper is delivered to an elector, it shall be marked on the back with the official mark, and the number, name and description of the elector as stated in the electoral roll shall be called out, and the number of the elector shall be entered on the counterfoil, and a mark shall be placed in a copy of the electoral roll against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. On the counterfoil shall be entered the name of the constituency and the name or distinctive number of the polling station.

XXXIII. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there make a mark on the ballot paper against the name of the candidate or candidates for whom he intends to vote in accordance with the instructions set out on the back of the outerfoil paper, and fold it up so as to conceal his vote, and, after shewing to the presiding officer the official mark, shall put his ballot paper, so folded up, into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

XXXIV If the voter, owing to illiteracy or infirmity, is unable to read a ballot paper or to make a mark thereon the presiding officer shall mark the vote in the ballot paper according to the direction of the voter. The voter shall then himself or with the assistance of the presiding officer put the ballot paper folded up into the ballot box.

XXXV. At any time before a ballot paper is delivered to an elector, the presiding officer or polling officer may, of his own accord, if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or polling agent, put to the elector the following questions:—

(1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,

(2) Have you already voted at the present election in this constituency? and, at a general election

(3) Have you already voted at this general election for the Legislative Council in any other general constituency?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative, the second question in the negative, and, at a general election, the third question also in the negative.

XXXVI. The ballot paper shall be in Form I annexed to these regulations and shall contain the names of the candidates arranged alphabetically in the order of their surnames. The ballot papers shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

XXXVII. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to mark a ballot paper in the same manner as any other voter. Such ballot paper (hereinafter referred to as a "tendered ballot paper)" shall be of a colour different from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the voter and his number on the electoral roll and the name of the electoral area to which the roll relates and shall be set aside in a separate packet and shall not be counted by the returning officer. The name of the voter and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form II annexed to these regulations, which shall bear the heading "Tendered votes list." The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

XXXVIII. If any polling agent declares and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form III annexed to these regulations) his name and address, or, if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in Regulation XXXV answers the first question in the affirmative and the other questions in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

XXXIX. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

XL. A presiding officer, polling officer or polling agent who is on duty at a polling station at which he is not entitled to vote shall, if he is certified by the returning officer of the constituency in which he is entitled to vote to be entitled to vote at the election for the constituency in connection with which he is employed or for any other constituency, be allowed to record his vote at that polling station. The name of the polling station at which he would otherwise have been entitled to vote shall be entered in the counterfoil of the ballot paper together with his number in the electoral roll for the constituency in which that polling station is situated.

XLI. Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in Regulation XL to the returning officer who has granted the same, and such returning officer shall cause such vote to be included among the other votes given for the candidate designated by the voter.

XLII. The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal :—

XLIII. The packets shall be accompanied by a statement in Form IV made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under Regulation XL.

Counting of votes.

XLIV. The returning officer shall as soon as may be practicable after the close of the poll, appoint a date, time and place for the counting of votes and shall give notice in writing thereof to all candidates and election agents.

XLV. (1) No person shall be allowed to be present at the counting of the votes except the returning officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under sub-rule (*6*) of rule 14.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

XLVI. On the day and at the time appointed under Regulation XLIV the returning officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present, and shall then proceed as follows :—

(*a*) The ballot box or boxes relating to each polling station shall be opened one after another, and the returning officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shewn to any candidate or agent.

(*b*) The returning officer shall then mix together all the ballot papers so taken out from the ballot boxes and distribute them in convenient bundles to the persons appointed to assist in counting the votes.

(*c*) When the ballot papers have been so distributed, but not before the returning officer shall allow the candidates and their agents reasonable opportunity to inspect, without handling, the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "rejected.". If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.

(*d*) The returning officer shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates, or agents as may desire to affix them, and shall cause adequate precautions to be taken for their custody.

XLVII. (1) A ballot paper shall be rejected if—

(*a*) it has not on its back the official mark,

(*b*) the number of votes recorded thereon exceeds the number of vacancies to be filled,

(*c*) no vote is recorded thereon,

(*d*) it is void for uncertainty,

(*e*) it bears any mark by which the elector can be identified.

(2) The decision of the returning officer as to the validity of a ballot paper shall be final, subject only to reversal on an election petition claiming the seat.

XLVIII. The returning officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under Regulation XLIII by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then reclose and reseal each packet which has been opened by him, and shall record on each packet a description of its contents and date of the election to which it refers.

XLIX. The returning officer shall then prepare and certify a return setting forth—

LVII. Any ballot paper which is not duly marked, or on which more than one mark is placed against any candidate's name, or on which votes are given to more candidates than there are members to be elected, or on which a mark is placed in such a manner as to make it doubtful to which candidate it has been given, or, in the case of a University constituency, on which the signature of the elector is not duly attested, shall be invalid.

LVIII. (1) The returning officer shall appoint a date, time and place for the counting of votes, and shall give notice thereof in writing to the candidates.

(2) On the day appointed the returning officer shall—

(*a*) after scrutiny, separate, or cause to be separated, the ballot papers which he deems valid from those which he rejects, endorsing on the latter the word "rejected" and the ground of rejection;

LXVI. A ballot paper that is not duly attested, or marked, or on which more than one mark is placed against any candidate's name or on which votes are given to more candidates than there are members to be elected or on which a mark is placed in such a manner as to render it doubtful to which candidate it has been given, shall be invalid.

Special Regulations applicable to the Presidency and Burdwan (European) constituency.

LXIX. In the case of an election for the Presidency and Burdwan (European) constituency, Regulations XLVI to XLIX shall not be applicable and the following Regulations LXX to LXXXIII inclusive shall be substituted therefor, and shall apply.

(4) the expression "non-transferable paper" means a ballot paper on which no second or subsequent preference is recorded for a continuing candidate:

Provided that a paper shall be deemed to be a non-transferable paper in any case in which—

(*a*) the names of two or more candidates (whether continuing or not) are marked with the same figure, and are next in order of preference; or

(*b*) the name of the candidate next in order of preference (whether continuing or not) is marked—

(*i*) by a figure not following consecutively after some other figure on the ballot paper; or

(*ii*) by two or more figures.

(5) the expression "original vote" in regard to any candidate means a vote derived from a ballot paper on which a first preference is recorded for that candidate;

(7) the expression "surplus" means the number of votes by which the total number of the votes, original and transferred, credited to any candidate, exceeds the quota.

LXXI. The ballot paper shall contain the names of the candidates arranged alphabetically in the order of their surnames. It shall be in the form set out in Form IX annexed to these regulations.

LXXII. (1) Every elector shall have one vote only.

(2) An elector in giving his vote—

LXXIV. On the day appointed under Regulation XLIV for the counting of votes, the returning officer shall open the ballot box, and, after scrutiny, separate the ballot papers which he deems valid from those which he rejects, endorsing on the latter the word "rejected" and the ground of rejection, and after rejecting any that are invalid, shall arrange the remainder in parcels according to the first preferences recorded for each candidate.

LXXV. The returning officer shall then count the number of papers in each parcel, and credit each candidate with one vote in respect of each valid paper on which a first preference has been recorded for him, and he shall ascertain the total number of valid papers.

LXXVI. The returning officer shall then divide the total number of valid papers by a number exceeding by one the number of vacancies to be filled, and the result increased by one, disregarding any fractional remainder, shall be the number of votes sufficient to secure the return of a candidate (hereinafter called the "quota").

LXXVIII. (1) If at any time the number of votes credited to a candidate is greater than the quota, the surplus shall be transferred in accordance with the provisions of this regulation to the continuing candidates indicated on the ballot papers in the parcel of the elected candidate, as being next in order of the voters' preference.

(*b*) If the votes credited to an elected candidate consist of original and transferred votes, or of transferred votes only, the returning officer shall examine the papers contained in the sub-parcel last received by the elected candidate and shall arrange the transferable papers therein in further sub-parcels according to the next preferences recorded thereon.

(*c*) In either case the returning officer shall make a separate sub-parcel of the non-transferable papers and shall ascertain the number of papers in each sub-parcel of transferable papers and in the sub-parcel of non-transferable papers.

(3) If the total number of papers in the sub-parcels of transferable papers is equal to or less than the surplus, the returning officer shall transfer each sub-parcel of transferable papers to the continuing candidate indicated thereon as the voters' next preference.

(4) (*a*) If the total number of transferable papers is greater than the surplus, the returning officer shall transfer from each sub-parcel the number of papers which bears the same proportion to the number of papers in the sub-parcel as the surplus bears to the total number of transferable papers.

(*b*) The number of papers to be transferred from each sub-parcel shall be ascertained by multiplying the number of papers in the sub-parcel by the surplus and dividing the result by the total number of transferable papers. A note shall be made of the fractional parts, if any, of each number so ascertained.

(*c*) If, owing to the existence of such fractional parts, the number of papers to be transferred is less than the surplus, so many of these fractional parts taken in the order of their magnitude, beginning with the largest, as are necessary to make the total number of papers to be transferred equal to the surplus, shall be reckoned as of the value of unity, and the remaining fractional parts shall be ignored.

If two or more fractional parts are of equal magnitude, that fractional part shall be deemed to be the larger which arises from the larger sub-parcel, and if the sub-parcels in question are equal in size, preference shall be given to the candidate who obtained the larger number of original votes.

(*d*) The particular papers to be transferred from each sub-parcel shall be those last filed in the sub-parcel.

(e) Each paper transferred shall be marked in such a manner as to indicate the candidate from and to whom the transfer is made.

(5) (a) If more than one candidate has a surplus, the largest surplus shall be first dealt with.

(b) If two or more candidates have each the same surplus, regard shall be had to the number of original votes obtained by each candidate, and the surplus of the candidate credited with the largest number of original votes shall be first dealt with, and, if the numbers of the original votes are equal, the returning officer shall decide which surplus he will first deal with.

(c) The returning officer need not transfer the surplus of an elected candidate when that surplus, together with any other surplus not transferred, does not exceed the difference between the totals of the votes credited to the two continuing candidates lowest on the poll.

LXXIX. (1) If at any time no candidate has a surplus (or when under the preceding rule any existing surplus need not be transferred) and one or more vacancies remain unfilled, the returning officer shall exclude from the poll the candidate credited with the lowest number of votes, and shall examine all the papers of that candidate, and shall arrange the transferable papers in sub-parcels according to the next preferences recorded thereon for continuing candidates, and shall transfer each sub-parcel to the candidate for whom that preference is recorded.

(2) If the total of the votes of the two or more candidates lowest on the poll, together with any surplus votes not transferred, is less than the votes credited to the next highest candidate, the returning officer may in one operation exclude those candidates from the poll and transfer their votes in accordance with the preceding regulation.

(3) If, when a candidate has to be excluded under this regulation, two or more candidates have each the same number of votes and are lowest on the poll, regard shall be had to the number of original votes credited to each of those candidates, and the candidate with fewest original votes shall be excluded, and, where the numbers of the original votes are equal, regard shall be had to the total number of votes credited to those candidates at the first transfer at which they had an unequal number of votes, and the candidate with the lowest number of votes at that transfer shall be excluded, and, where the numbers of votes credited to those candidates were equal at all transfers, the returning officer shall decide which shall be excluded.

LXXX. (1) Whenever any transfer is made under any of the preceding regulations, each sub-parcel of papers transferred shall be added to the parcel, if any, of papers of the candidate to whom the transfer is made, and that candidate shall be credited with one vote in respect of each paper transferred. Such papers as are not transferred shall be set aside as finally dealt with, and the votes given thereon shall thenceforth not be taken into account.

(2) If after any transfer a candidate has a surplus, that surplus shall be dealt with in accordance with and subject to the provisions contained in Regulation LXXIX before any other candidate is excluded.

LXXXI. (1) When the number of continuing candidates is reduced to the number of vacancies remaining unfilled, the continuing candidates shall be declared elected.

(2) When only one vacancy remains unfilled, and the votes of some one continuing candidate exceed the total of all the votes of the other continuing candidates, together with any surplus not transferred, that candidate shall be declared elected.

(3) When the last vacancies can be filled under this regulation, no further transfer of votes need be made.

LXXXII. Any candidate, or his duly authorized representative, in his absence, may, at any time during the counting of the votes, either before the commencement or after the completion of any transfer of votes (whether surplus or otherwise), request the returning officer to re-examine and recount the papers of all or any candidates (not being papers set aside at any previous transfer as finally dealt with), and the returning officer shall forthwith re-examine and recount the same accordingly. The

returning officer may also at his discretion recount votes either once or more often in any case in which he is not satisfied as to the accuracy of any previous count:

Provided that nothing herein shall make it obligatory on the returning officer to recount the same votes more than once.

LXXXIII. (1) The returning officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under Regulation XLIII by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then reclose and reseal each packet which has been opened by him, seal up in separate packets the counted and rejected ballot papers, and record on each packet a description of its contents, the name of the constituency and the date of the election to which it refers.

(2) The returning officer shall prepare and certify a return setting forth—

(i) the number of valid votes given to each candidate,

(ii) the number of votes declared invalid and rejected,

(iii) the number of tendered ballot papers issued to electors as shown in the ballot paper account,

(iv) the names of the persons declared elected;

and permit any candidate or representative duly authorised under sub-rule (6) of rule 14 to take a copy of or an extract from the return.

RESOLUTION—No. 6241Jur.

READ—

The Report on the Census of Bengal and Sikkim, 1921, by Mr. W. H. Thompson, I.C.S., Superintendent of Census Operations, Bengal.

THE census operations of the sixth census of Bengal, which was taken on the 18th March 1921, were conducted by Mr. W. H. Thompson, I.C.S.; and separate reports have been prepared by him on Bengal and Sikkim and on the city of Calcutta. These reports have been perused with much interest by the Governor in Council, who desires to place on record the following observations regarding the operations and their results.

2. The results of the census show that the population of the province has increased from 46,305,170 in the year 1911 to 47,592,462 in the year 1921. The area of the province, exclusive of the largest rivers, is 82,244 square miles and is practically the same as it stood on the 1st April 1912, when the provinces of Bengal, Assam, and Bihar and Orissa were reconstituted. The population is now larger than that of any other province of the Indian Empire; ten years ago it was rather less than that of the United Provinces, but Bengal has now just over a million more inhabitants than that province. Between each successive census from 1872 to 1911, the population grew in an increasing proportion, which rose from 6·7 per cent. in 1872-81 to 8 per cent. in 1901-11. This increase has now fallen to 2·8 per cent., and all parts of the province have felt the disabilities of the past decade, amongst the chief of which were the phenomenal rise in prices caused by the war and the advent of influenza in disastrous epidemic form. With the exception of Howrah, Calcutta, the 24-Parganas and Khulna, the districts of Western and Central Bengal have lost population. In Northern and Eastern Bengal the districts have gained, except Pabna and Malda; as in the previous decade the Chittagong Division has been the most progressive locality in the province. The two districts which have done better in the present than in the previous decade are Jessore and Bakarganj, though Jessore still shows a small decline in population.

3. **Density.**—The average density of population is 579 persons per square mile compared with England and Wales 649, Belgium 662, the United Provinces 414, Bihar and Orissa 340, Madras 279, the Punjab 184, and Bombay 143. There are however great inequalities ranging from the sparsely populated hill tracts of Darjeeling, the Chittagong Hill Tracts and the Tripura State to the thickly populated industrial area of which Calcutta is the centre and to the centre of Eastern Bengal which supports a population of no less than 1,050 persons to the square mile. It is remarkable that the population is growing most rapidly in parts where the density is already great; but the statistics of agriculture analysed in chapter I of the report would indicate that one reason for the difference in the growth in the population to the east and to the west is to be found in the fact that the soil on the east can support considerably more persons than it can on the west.

4. **Urban population.**—The urban population of Bengal, which is dealt with in chapter II of the Report, has increased by 8·2 per cent. during the decade 1911-1921 to 3,211,304, which is 67 per thousand of the whole population. Whilst, however, the average country town has grown only 2 per cent., the average industrial and commercial town outside Calcutta has increased by 16·9 per cent. As might be expected from the results given in the preceding paragraph, the towns of Western and Central Bengal which are not industrial centres have generally lost population during the decade, but such places as Bhadreswar, Baidyabati and Champdani have together increased by more than 40 per cent. Certain towns in Northern Bengal have grown considerably, notably Bogra by 35 per cent. and the railway centre of Saidpur by 63 per cent. Dacca has increased by 10 per cent. and has now a population of 119,450 inhabitants, within 500 of that of Patna and not quite half of that of Lucknow. The jute centres in Eastern Bengal have also grown fast. Calcutta with its five suburbs, Cossipore-Chitpur, Manicktola, Tollygunge, the South Suburban Municipality and Garden Reach, and Howrah now has a population of 1,327,547 or 4·3 per cent. more than in 1911. Growth has been slower than in previous decades, but on the other hand there has been a great development in suburban passenger traffic on the railways.

5. **Migration.**—The statistics of migration in and out of the province are discussed by Mr. Thompson in chapter III of the Report. Bengal has 1,839,016 immigrants against 686,195 emigrants. These figures are however somewhat illusory, for on the whole the majority of the immigrants do not come to settle and make their homes permanently in Bengal. They come to

Bengal, take up the lion's share of the employment which industrial development has thrown open, earn a little money and then go home again. There has been a remarkable development of permanent Muhammadan emigration from the district of Mymensingh up the Brahmaputra Valley into Assam.

6. **Religion.**—Muhammadans now form 53·55 per cent. of the population, Hindus 43·72 per cent., Animists 1·79 per cent., and others 0·94 per cent. Even as far back as 1881 Muhammadans were slightly more numerous than Hindus, but from decade to decade they have increased faster mainly because they predominate on the more rapidly increasing healthier and wealthier Eastern Bengal districts. Animists now number over three-quarters of a million, Buddhists a little over a quarter of a million, and Christians some 150,000.

7. **Age, Sex and Civil Condition.**—Mr. Thompson has given more space in his reports than his predecessors did to the statistics of age, sex and civil condition and has set forth in chapters V, VI and VII some valuable figures and interesting conclusions. The vast majority of the population can only guess at their ages, a failing which is by no means confined to the illiterate classes. Nevertheless, Mr. Thompson has been able to show how the statistics can be adjusted and analysed for practical purposes. Some of the characteristics of the statistics of sex are unusual as compared with those obtaining in European countries. There are only 932 females per 1,000 males as compared with 1,101 in England, and there is a higher proportion of males at birth in urban than in rural areas. It is interesting to note that the proportion of females born per 1,000 males fell from 939 to 930 in the year 1914, and this was the average for the next five years. A similar phenomenal fall has been observed in almost all countries during the war, both in countries actually at war and in other non-belligerent countries. The universality of marriage in Bengal continues to be the most remarkable feature of the statistics of civil condition; thus, whilst only 55 females per 1,000 of the female population between the ages of 15 to 20 are unmarried in Bengal, the proportion in England and Wales is 988. The average age of a bride in Bengal is 12 years and that of the bridegroom 20 years. It is however a significant fact that the age of marriage, especially of males, is rising. The other remarkable feature of these statistics is the large proportion of widows: more than one-third of the Hindu females between 30 and 35 are widows, and the proportion rises to two-thirds between 45 and 50.

8. **Infirmities.**—The numbers afflicted with insanity (41 per 100,000), deaf-mutes (67 per 100,000) and lepers (33 per 100,000) are all less numerous than in 1911, but the number totally blind (72 per 100,000) is slightly more. Leprosy is very much less prevalent than it was 40 years ago, when it was as common in the Rajshahi and Presidency Divisions as it is now in the Burdwan Division; the greatest improvement has been in the Presidency Division where the proportion of lepers to the total population is now only 29 per cent. of what it was in 1881.

9. **Language.**—Though 80 different languages are found spoken in Bengal, there is not another province in India which presents the same homogeneity in the matter of language, except the United Provinces in which 99 per cent. speak some form of Hindi. Bengali is the mother-tongue of 92 per cent. of the total population of Bengal. The other languages most frequently spoken are Hindi and Urdu spoken by 3·8 per cent. The other languages are mainly Kherwari, Oriya, Tipra (Mrung), Eastern Paharia (Khaskura), Arakanese (Maghi), but there are many varieties of the Tibeto-Himalayan, Assam-Burmese and Dravidian languages.

10. **Education.**—Anyone who could write a letter to a friend and read an answer to it was returned as literate in the census schedules. In Bengal only 104 per mille of the population of the age of 5 and over have reached this standard—181 per mille in the case of males and 21 per mille in the case of females. There has been considerable progress since 1911 when the

corresponding proportion for males was 161 and for females only 13; and Bengal stands next to Burma, which leads the rest of India in this respect. The rate of literacy is highest in the Presidency Division.

11. **Caste.**—There was no sign of revolt against the caste system. As usual, the entry of caste in the census schedules created some disturbance in the public mind. Those who belong to Hindu castes low down in the social scale who have begun to share in the privilege of education put forward various extravagant claims to caste distinction by means of the adoption of a new caste name. In ancient times the king was the last appellate authority on the question of caste, and at the census attempts were made to thrust the Census Superintendent into a similar position—a position which he rightly refused to accept. These attempts however at changing caste render the statistics of caste less reliable than they were formerly and certainly make their comparison with the results of any previous census less valuable. It is not uninteresting to note that the Census Superintendent estimates that the numbers of the depressed classes in Bengal amount to 11,250,000.

12. **Occupation.**—Pasture and agriculture support some four-fifths of the population, including those who depend upon agricultural rents and their agents. About two-thirds of the total are ordinary cultivators. Industry supports only 7½ per cent. of the population, transport 1½ per cent., and trade a little more than 5 per cent. of the total. The professions and liberal arts support a little over 1½ per cent. Domestic servants (less than 1½ per cent.) are comparatively few. Along with the census a special count of handlooms was made, which shows that though hand-spinning has almost disappeared, hand-weaving with machine-made thread is still an important industry. The statistics of the industrial census obtained by means of returns which were filled up by the owners and managers of all factories with ten or more employees have been carefully tabulated and should prove valuable.

13. **Costs of the operations.**—The total additional expenditure incurred by Government and the Corporation of Calcutta on account of the census operations amounted to Rs. 3,85,771 as compared with Rs. 3,02,781 in 1911. The increase is almost entirely due to the increased rates of pay which had to be given to the clerks and others engaged in tabulation and compilation. As usual, the bulk of the work of the actual census was performed by a large host of unpaid workers who deserve great praise for the efficient performance of their duties.

14. **General.**—In conclusion His Excellency in Council desires to express his appreciation of the excellence of the organisation of the operations and the accuracy and care with which they were carried out. In particular, he wishes to thank Mr. W. H. Thompson for his services in organising and conducting the operations and for his eminently valuable and interesting report. He also desires to thank the District Officers and the numerous officials and non-officials who helped to bring the operations to a successful conclusion for their valuable services. The names of the officers commended by Mr. W. H. Thompson for their good work will be recorded in the Appointment Department.

CALCUTTA, THE 9TH AUGUST 1923.

RESOLUTION—No. 6290L.R.

READ—

Letter No. 207R.G., dated the 12th February 1923, from the Commissioner of the Burdwan Division, submitting with his review the final reports on the floods during the year 1922 in the districts of Midnapore, Howrah, Hooghly and Bankura.

The Governor in Council has received the final reports on the floods that occurred in the months of June and August 1922 in the districts of Midnapore, Howrah, Hooghly and Bankura. They contain a detailed description of the extent of damage done by the floods and the measures adopted for the alleviation of the distress, which is summarised in the Commissioner's review. The specific proposals made in the reports for the prevention of the recurrence of similar floods in future in those districts are under the consideration of Government.

2. The Governor in Council notices with pleasure the commendable promptitude with which the local officers dealt with the situation, and he is at the same time satisfied with the efficient manner in which the relief operations were carried out. He desires to record his appreciation of the good work done by the officers mentioned in the reports. His Excellency in Council also acknowledges the valuable assistance rendered by the several non-official organisations and gentlemen mentioned in the reports and desires that the thanks of Government be conveyed to them.

ORDER.—Ordered that this resolution together with the review of the Commissioner be published in the *Calcutta Gazette*.

By order of the Governor in Council,

M. C. McALPIN,

Secretary to the Government of Bengal.

No. 207R.—G., dated Chinsura, the 12th February 1923.

From—K. C. De, Esq., C.I.E., I.C.S., Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Revenue Department.

I have the honour to forward herewith the final reports*, submitted by the Collectors of Midnapore, Howrah, Bankura and Hooghly, on the floods which occurred in the year 1922 in those districts together with maps* showing the areas affected thereby.

2. There were successively two extensive floods in the rivers in the above districts during the year 1922, viz., in the third and fourth weeks of June and first week of August. The first flood of June, though it did considerable damage to property in the district of Bankura and to life and property in some portion of the Arambagh subdivision of the district of Hooghly, did not cause so great distress in the districts of Midnapore and Howrah, where its strength was spent. The flood in August, however, was much more extensive and widespread and affected most parts of these districts though its effect proved very destructive in the Ghatal subdivision of the Midnapore district, Arambagh subdivision of the Hooghly district and western part of the Howrah district.

3. **Causes of the floods, extent of the inundation and damage.**—The floods were caused by excessive rainfall in Chota Nagpur and Bankura followed by abnormal local rainfall. The consequence was that the rivers Dwarkeswar (Rupnarain), Selye, Cossye and their branches and their old beds were all flooded.

Midnapore district.—In the Tamluk subdivision, thana Panskura was mainly affected. The right embankment of the river Cossye was breached at Manur on the 23rd June 1922 and the left embankment at Joyramchak on the 24th June. Small areas were thereby inundated but practically there was no damage as the floods subsided quickly. The river Cossye was again in flood on the 2nd August 1922 and on the 3rd, the zamindary embankment passing right of the Public Works Department embankment at Garhpurusottampore gave way, but no damage was done. On the 4th August, the Durbachati khal, which forms the northern boundary of thana Panskura, broke its right embankment at Brindabanchak. There was another breach at Malida. The basin below became full with water which breached the right embankment of the Topa Khal at Jadupore. The breaches at Brindabanchak and Malida were filled up by the Public Works Department, but the one at Jadupore was allowed to remain to drain the basin. An area of 44 square miles was inundated in this part of the country in which paddy seedlings over an area of 25 square miles were wholly destroyed, though in the rest retransplantation was possible. It has been estimated that about 1,000 houses in this subdivision tumbled down, but fortunately there was no loss of human life and cattle. The distress caused by this flood was not so acute as was the case during the floods of 1920.

In the Ghatal subdivision, thanas Ghatal, Dashpore, Chandrakona and Ramjibanpore were affected. The total number of breaches in the several circuits within the subdivision during the year was 70 and circuit embankments with an area of 128 square miles were broken. Besides an area of 128 square miles of protected country, 135 square miles of unprotected area were also inundated on the 3rd August 1922, or 263 square miles in all out of the total subdivisional area of 368 square miles. Besides, the sugarcane and *bhadoi* crops on an area of 4,554 acres, the *aman* crop in an area of 65,000 acres out of 110,725 acres (the total area sown) were entirely destroyed. Though retransplantation was seriously attempted, another flood of September stood in the way of the operations and *aman* could not be regrown on 27,000 acres which had entirely to depend on *boro* and *rabi* crops. Fortunately there was no loss of human life directly due to floods, but 6 cases of drowning were reported and the number of cattle lost was small. The damage to houses, however, was very great. Over 1,800 houses collapsed both in the protected and unprotected areas.

In Midnapore Sadar three thanas were affected, viz., Garhbetta, Sabong and Debra, and an area of 43 square miles in all were inundated. The Public Works Department embankment on the river Cossye at Kamalpore gave way and the Railway bridge over the Selye near Garhbetta was damaged. Crops on an area of about 17,000 acres were damaged but fresh transplantation of seedlings was possible in some of those areas. In Garhbetta thana about 2,000 acres of land were rendered unfit for cultivation by the deposit of sand.

Hooghly district.—In the Arambagh subdivision of the Hooghly district, there were three floods caused by the rise of the river Darkeswar, viz., two in June and one in August 1922. The whole of the subdivision on the east of Darkeswar and a strip of land on the western bank of the Darkeswar along its whole length were inundated. The first flood caused a breach in the Sheikpura Circuit Embankment, but before the Public Works Department could finish closing the breach, the second flood came and not only washed away the portion repaired but further widened the breach to 800 feet. The first two floods of June did not, however, cause any damage to crops as transplantation had not commenced then. But the third flood in August destroyed ¾ths of the paddy seedlings and the transplanted paddy in the inundated area. Retransplantation was started after

* Not published.

the third flood had subsided and the outturn of crops in the inundated area is estimated at 60 per cent. Altogether over 1,000 huts collapsed during these floods chiefly in the affected villages within the Sheikpura Circuit Embankment, which suffered seriously. In Arambagh town some Government buildings suffered damages. There was loss of nine human lives directly or indirectly due to floods and 18 to 20 heads of cattle were lost.

Howrah district.—In the Howrah district, there were also three floods—in June, August and September—caused by the rise of the river Darkeswar, the effects of which were aggravated as in other places by the abnormal local rainfall. The first and third floods were minor ones and did very little damage. The heaviest flood of the year was the second one, which commencing from the 2nd August 1922 reached its maximum on the 5th August and affected thanas Uluberia, Amta, Singti, Bagnan, Jagatballavpore, Panchla and Domjur. The new Public Works embankment on the Mahisrekha Khal in the Amta basin was breached. About 200 square miles were inundated and crops on 140 square miles were destroyed. Retransplantation was, however, possible in an area of about 40 square miles mainly in the upper part of the Rajapore Drainage basin. About 450 mud houses collapsed and four human lives were lost by the fall of a large mud house. The loss of cattle was very few.

Bankura district.—In the Bankura district, there were two floods, one in the last week of June and the other in the first week of August 1922. They were caused by abnormal rainfall, which caused all the rivers in the district specially Gandheshwari and Darkeswar to rise in floods in an unprecedented manner. The flood water spread over a very large area along the banks of the rivers, but owing to the undulating nature of the country, it subsided quickly. The principal damage took place along the river Selye in thanas Taldangra and Simlapal and along the river Darkeswar in thanas Bankura, Onda, Radhanagar, Indas and Kotalpore. The damage caused by the June flood to dwelling sites was insignificant, but it did considerable damage to roads and communications, railway lines, the municipal water-works at Bankura as well as to paddy seedlings. The loss of paddy seedlings was, however, made good by fresh sowing. The flood in August proved still more disastrous and it not only caused further damages to roads and communications and cultivated land, but it destroyed a large number (3,105) of dwelling houses, while 1,800 bighas of land were completely diluviated, in addition to which a thick deposit of sand was left on a very large area. Four human lives and about 150 heads of cattle were lost.

4. **Relief measures undertaken.**—The total amount sanctioned by Government for relief in this division was Rs. 27,000, viz :—

Rs. 20,000 for Midnapore (Ghatal subdivision),
Rs. 2,000 for Hooghly,
Rs. 1,000 for Howrah, and
Rs. 4,000 for Bankura.

Out of this allotment, Rs. 1,000 only was actually drawn by the Collector of Hooghly. This grant was supplemented by the allotments by the District Boards, public subscriptions and balances left in the hand of Collectors and Subdivisional Officers out of the funds created on previous occasions. The total amount available for relief measures from all sources was Rs. 55,753, of which Rs. 45,299 was spent including contingent charges. The balance left was Rs. 10,454, including a saving of Rs. 4,751 effected from the Government grant of Rs. 20,000 made to the Ghatal subdivision of the Midnapore district. This latter amount has been refunded into the treasury by the Subdivisional Officer. An account of relief measures undertaken in each district is briefly given below.

Midnapore.—In the Tamluk subdivision, a sum of Rs. 4,798 was spent for gratuitous relief, viz., Rs. 200 on charitable doles, Rs. 43 for distribution of cloth and Rs. 4,555 for reconstruction of houses. The total receipts were Rs. 5,030 and the amount spent including contingent expenses was also Rs. 5,030.

In the Ghatal subdivision, rescue work was started on 3rd August 1922 and continued till 5th August 1922. Relief work was also commenced on 4th August 1922 and continued till 22nd August 1922. Fourteen relief centres were opened, all of which except one were under official supervision ; 8,638 men, 11,985 women and 12,057 children in all were relieved at a total cost of Rs. 4,044. Rupees 13,249 was also distributed as gratuitous relief for the rebuilding of collapsed and damaged houses. The total receipts including the Government grant of Rs. 20,000 amounted to Rs. 27,802 of which Rs. 20,306, including contingent expenses, such as boat hire, etc., was spent. In both the flooded areas of Tamluk and Ghatal subdivisions the District Board deputed doctors but fortunately there was no outbreak of any epidemic disease.

In the Sadar subdivision of the Midnapore district, Rs. 993 was given as doles in cash and Rs. 4,359 was also given as gratuitous relief for house building. The total receipts were Rs. 5,407 of which Rs. 5,372 (including a sum of Rs. 20 given as a reward) was spent.

Hooghly.—In the Arambagh subdivision of the Hooghly district, three relief centres were opened in June and the relief was continued till the end of August. The total receipts, including Government grant of Rs. 1,000, were Rs. 1,719, of which Rs. 429 was spent in the distribution of rice doles, Rs. 229 in cloth and Rs. 1,047 for reconstruction of houses and the rest in contingent expenses. Besides this, 35 maunds of rice subscribed locally were distributed.

Howrah.—In the Howrah district, a district relief fund was constituted and local relief committees were organised at Amta and Ulubaria. The total receipts, including the Government grant of Rs. 1,000, were Rs. 8,723 of which Rs. 1,519 was spent on gratuitous doles of rice and Rs. 4,285 has been sanctioned for distribution for rebuilding of houses. The distribution is still being made and accounts have not yet been finally adjusted.

Bankura.—In Bankura, the June floods did not necessitate organization of any relief measures, as there was hardly any destruction of dwelling houses. The August flood, however, caused widespread destruction and steps were taken immediatly to afford relief to the sufferers. A flood relief committee was started and funds were collected for the purpose.

The total receipts, including the Government grant of Rs. 4,000, were Rs. 7,071 of which Rs. 7,066 was given away as gratuitous relief chiefly for rebuilding of houses. In addition to the relief given under Government management various philanthropic bodies gave relief in the shape of doles of rice, money and material for house-building, etc.

5. **Charitable relief.**—The following non-official organizations rendered substantial relief in the areas mentioned against them :—

Ram Krishna Mission	Ghatal.
Darkeswar Flood Relief Committee, Hooghly ..	Arambagh.
Ram Krishna Mission, Kotalpore Hitasadhan Samity and the Bankura Sammilani	Bankura.

6. **Agricultural and land improvement loans.**—There was no demand for agricultural loans. A sum of Rs. 470 only was issued in thana Garhbetta. In Bankura there is, however, a demand for land improvement loans for reclamation of lands damaged by deposit of sand. The Collector has been given a further grant of about Rs. 6,000 to supplement his previous grant of Rs. 3,000.

7. **Remedial measures.**—*Midnapore.*—The drainage of the Tamluk subdivision, in the district of Midnapore, is defective and in order to mitigate the effect of future floods in this subdivision, it is necessary to take up the work of improvements of the Soadighi, Gangakhali and Sankarara Khals. The administrative approval of Government has long been accorded to the first two named schemes and Government have also undertaken their financial responsibility, though for want of funds nothing has been done as yet. The urgency of the schemes was brought to the notice of Government by Mr. Gupta during the floods in 1920. It is, however, satisfactory to note that some work in this direction has been executed by the raiyats by raising money amongst themselves.

The levelling of the present embankments is a counsel of perfection, but it cannot be carried out for a considerable number of years yet to come. The immediate necessity seems to be the improvement of the drainage of the subdivision by silt clearance of the present outlets of water.

Hooghly.—The Subdivisional Officer of Arambagh thinks that it is likely that the construction of a big sluice gate at Tuthamari in the Public Works Department Embankment where a breach was caused last year and of one or more sluice gates in the Sheikpura Circuit Embankment would prevent damages by the future floods in the Darkeswar river. The feasibility of the proposals may be considered by the Irrigation Department.

Howrah.—In Howrah, the construction of the Mohisrekha sluice in connection with the Amta Drainage Scheme has been completed. This is, however, only a self-contained portion of the main scheme, and unless the whole scheme is completed, no beneficial effects would be derived. During the last floods it was found that the basin drained by the Rajapore channel was soon free from flood water, but the Amta basin remained water-logged. It now rests with the District Board of Howrah to take the financial responsibility on which the execution of the whole scheme depends.

In paragraph 10 of his report, the Collector of Bankura has proposed that as a measure of flood prevention in the district it is necessary—

(1) to hold an enquiry into the important question of indiscriminate deforestation in Bankura as well as in Chota Nagpur where the large rivers of the district take their rise, and

(2) to take steps to re-excavate old irrigation tanks and bunds in the district.

The deforestation in these parts has already gone too far and it depends on a variety of circumstances over which Government have no control.

As for the second proposal, a movement has already been started in the district on co-operative lines and if the Collector thinks it desirable, he can also proceed under the Bengal Agricultural and Sanitary Improvement Act.

8. **General remarks.**—On receipt of the news of the floods, the local officers concerned were on the spot immediately, organized rescue parties and took steps for the distribution of gratuitous relief. In this work they received the co-operation of non-official gentlemen and local organizations. Local relief committees were formed to raise contributions to supplement the Government grant for those affected by the floods. The assistance given was prompt, adequate and effective. The officers of the Public Works Department worked hard and took immediate steps to close breaches, wherever possible. The

Collector of Midnapore in his letter* No. 6940R., dated the 19th November 1922 has, however, made some comments on the divisions of the Public Works Department, Irrigation Department and circles of control, so far as his district is concerned. I submit the suggestions for the consideration of Government. I visited Tamluk on 11th July 1922, Ghatal on 12th and the Sheikpura Circuit including Ghatal and Arambagh on the 13th and inspected with the Collector all the affected areas. Later on on the 12th August, I assisted in organizing the Midnapore Flood Relief Committee and on the 13th August 1922, I accompanied the Hon'ble Member for Revenue and Irrigation to the affected areas in Ghatal and parts of the Arambagh subdivision.

In their reports, the Collectors have referred to the valuable assistance they received in this connection from non-official gentlemen and philanthropic organizations. I am glad to endorse the Collectors' appreciation of their services.

Mention has been made in the reports of the good work done by the Subdivisional Officers and other officers employed on flood relief work. The Collectors inspected the flooded areas and gave necessary instructions to the officers on the spot. It was through their supervision and guidance the relief measures were successfully carried out.

purpose. The committee or group should visit the hospitals at least once a month on dates to be fixed by themselves, and should inspect the internal arrangements and offer such suggestions regarding the administration of the institution as they may think proper. A visitors' book will be kept in the hospitals in which all such recommendations will be recorded. The Superintendent of the hospitals will note on the margin the action taken on each recommendation with any other remarks or explanations that he may wish to make. He will transmit a copy of the entries without delay for the consideration of the Surgeon-General with the Government of Bengal, who will take such further action as may seem necessary and report it to the Government. The members will hold office for one year from the date of their appointment.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Cotton Crops of Bengal, 1923-24.

(NOTE.—On an average of the five years ending 1921-22 the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

THERE are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—The rainfall was unevenly distributed. In the Chittagong Hill Tracts and Bankura, the weather has been generally favourable throughout; elsewhere conditions proved unfavourable, in the early stage generally owing to insufficient rainfall. In the Tripura State, however, excessive rain during April hampered sowings, thereby reducing the area to some extent. The present condition is reported to be fairly favourable on the whole.

Area sown.—The area sown with the early crop is reported to be 68,803 acres this year against 70,087 acres reported in the corresponding forecast of last year.

Of the late crop, an area of 937 acres is reported to have been sown this year against 700 acres reported in the corresponding forecast of last year.

STATEMENT OF OBJECTS AND REASONS.

The tea-gardens of the Western Duars in the Jalpaiguri district lie in a narrow strip of submontane country covering a total area of about 475 square miles, of which under 300 square miles is occupied by the tea-gardens while the balance is comprised of villages and Government estates including several khasmahal bazars. About thirteen years ago the Duars Committee was appointed to enquire into the sanitary and economic conditions of the tea-gardens. They were of opinion that action should be taken to improve the collection of vital statistics and the medical and sanitary arrangements in the tea-gardens. The Government of Eastern Bengal and Assam decided that a reliable record should be obtained of births and deaths among the coolie population, and the Jalpaiguri Labour Act of 1912 was accordingly passed, and under its provisions the Civil Surgeon submits an annual report on its working, referring also to such matters as sanitation, water-supply and medical relief. In 1920 it was suggested that an Act was necessary under which the tea-garden proprietors could be required to take proper steps to secure the health of their labour force.

The object of the present Bill is to create a new local authority, viz., a statutory Board of Health similar to the Asansol Mines Board of Health to exercise wide powers for the organization of public health in tea-garden areas and for enforcing the execution of measures which may in the opinion of the Board be necessary.

2. The Bill in the first instance applies only to the district of Jalpaiguri but might under the proviso to clause 1(*3*) be extended to other districts, *e.g.*, to the district of Darjeeling. Under clause 4 the Local Government is given power to define the limits of "a Tea-garden Area" for the purposes of the Bill.

3. The representation of the different interests concerned on the Tea-gardens Board of Health (clauses 5 and 6) has been fixed in consultation with the tea industry. It is intended that the Board shall consist mainly of tea-garden managers who are directly interested in the health of their coolies, while Government would probably use one of its nominations to give representation to the *jotedars* who are liable to assessment under clause 14.

4. The Tea-garden Area Fund (clauses 12 and 13) will be obtained by the levy of a cess at rates and under procedure to be fixed by rule. This cess will be assessed on owners of tea-gardens and on landholders, which word by the definition in clause 3(*b*) will include not only Government in its capacity as zamindar but also the *jotedars* holding land under Government. It will also include shopkeepers in khasmahal bazars and *ijaradars* in the Government *hâts*.

5. The District Board will be relieved to a very large extent of all responsibility for medical and public health measures in a tea-garden area. Generally speaking, the Tea-garden Board of Health is likely also to relieve the District Board of its obligation to provide water-supply in these areas. These are the matters for which it was intended that the public works cess should ordinarily be reserved when it was handed over to District Boards in 1913. It is therefore reasonable that the District Board should be required to make some contribution towards the Tea-Garden Area Fund, the amount to be determined by Government after considering the proposals of the Tea-garden Board of Health and the views of the District Board, provided that the contribution shall in no case exceed the amount realised as public works cess in the tea-garden area. It may be stated that the question of making the Distrct Board a Board of Health for the tea-garden area has been considered, but in view of the special problems involved, it was considered advisable to create an *ad hoc* authority rather than to add to the duties and responsibilities of the District Board.

6. The Board of Health will mainly work through its Medical Officer of Health; this post is one of primary importance to the successful working of the Board and to secure the proper independence of the officer appointed, certain powers regarding his appointment, dismissal, etc., are vested under clause 18 in the Local Government.

7. Clause 20 states the ordinary conveniences or comforts which a tea-garden owner is required to provide for his labour force, and clause 22 *inter alia* vests power in the Board to enforce the obligations imposed under clause 20.

8. Clause 27 which provides for the licensing and thereby the control of private parks or markets is essential to enable the Board to ensure the purity of food-stuffs.

It will be seen that an appeal from an order of the Board refusing to grant a license may be preferred to the Divisional Commissioner.

9. In clause 32 the jurisdiction of district, local and union boards is barred in respect of sanitary measures in tea-garden areas.

10. The Local Government and the Board are given wide powers to make rules and by-laws respectively for carrying out the purposes of the Act. It will be seen that the powers of the Board in this respect are confined mainly to obtaining information on such matters as vital statistics, to providing for water-supply, sanitation and conservancy in the tea-garden area, to preventing the outbreak or spread of epidemic disease, to regulating the type of accommodation for the labour force, and to abating nuisances which may be injurious to the public health in a tea-garden area.

11. Clause 38 is important in providing that offences under the proposed Act shall not be tried by any Court inferior to that of a Magistrate of the first class or a Subdivisional Magistrate.

STATEMENT OF OBJECTS AND REASONS.

The general amendment and consolidation of the Bengal Local Self-Government Act of 1885, is long overdue, and it is intended at a very early date to lay a measure of this kind before the Legislative Council. In the meantime it is proposed to include certain minor amendments in a short amending Bill. Controversial matters have, on the whole, been avoided, although it is recognized that there may be differences of opinion regarding the proposed *mela* tax.

2. It is considered desirable to take provision to tax motor vehicles since the volume of motor traffic is increasing in rural areas. As drafted, the clause will cover horse-drawn vehicles.

3. Sections 7, 10, 11, 15 and 25 of the present Act vest certain powers of appointment in the Divisional Commissioner, these powers prior to 1908 having been vested in the Local Government. The devolution of power effected by the amending Act V of 1908 was to some extent undone by the enactment of section 29 B in the Bengal Laws Act of 1914. Section 29 B to some extent supersedes the provisions of the earlier sections 7, 10, etc. The nomination of the Municipal Commissioners rests with the Local Government and not the Divisional Commissioner, and having regard to the fact that District Boards are now, generally speaking, of greater importance than the majority of the municipal boards in Bengal, it is considered advisable to give the Local Government the same power of nomination in respect of rural Bodies as they already enjoy in respect of municipal boards. This is done in clause 3 of the present Bill, and at the same time the Local Government are required to nominate persons who may represent minorities or be especially fitted for membership of the District Board.

4. In clause 4 of the Bill, more time is given for forwarding a copy of the proceedings of the District Board to the District Magistrate. No comment is necessary on clause 5 of the Bill.

5. Clause 7 provides for the investment of surplus moneys of District Fund in the Imperial Bank or in other banks approved by the Local Government.

It also authorizes the levy of a tax on carriages, which term includes motor vehicles.

6. Power is also taken to impose a tax on *melas*, fairs, etc. It is a matter of common knowledge that these gatherings are frequently the foci of infectious disease which is disseminated to all parts of the province. At present local bodies are unable to provide funds for the proper sanitation of places where such gatherings occur, and are unable to take measures for preventing the outbreak, and for restricting the spread, of infectious disease. If a small tax is imposed on persons for frequenting *melas*, fairs, etc., sufficient revenue may probably be realized to enable local authorities to organize the necessary medical and sanitary measures. It is recognized that there are difficulties in collecting such a tax within the *mela* limits since in Bengal these are ordinarily not well defined, and it is therefore proposed to limit the impost to a surcharge on railway or steamer tickets where these can be levied within a reasonable distance of the *mela* site. The sanction of the Governor-General in Council to a surcharge of this kind is required under the Bill in the case of a railway. It is provided that the amount realized by means of such surcharge should be utilized in providing for the safety, convenience and health of persons frequenting the *mela*, fair, etc.

7. Power is also taken to regulate private markets. The grant of licenses is intended as a sanitary rather than a revenue measure.

8. Power is taken to grant loans to Union Boards. It is thought that the Union Boards may be able to take some steps to cope with the water-supply problem in rural areas and in that case District Boards may render some assistance by lending money to Union Boards on the security of the Union Fund on reasonable terms (*vide* clauses 8 and 13).

Clause 8 of the Bill also enables the District Board to provide for the subsistence charges of indigent persons whom it may have sent to a hospital in any part of British India for the treatment of a special disease.

9. Clause 9 will enable the District Board to establish scholarships for the furtherance of primary education. It is at present able to give scholarships merely for technical or other special forms of education, although the promotion of primary education is an important function of local bodies.

10. In clause 10 power is taken to levy tolls in the case of a bridge which has cost only Rs. 5,000 whereas under the present Act tolls can only be levied if a bridge has cost not less than Rs. 10,000.

Return of profits and gains.

44B. (1) Before the departure from any port in British India of any ship in respect of which the provisions of this Chapter apply, the master of the ship shall prepare and furnish to the Income-tax Officer a return of the full amount paid or payable to the principal, or to any person on his behalf, on account of the carriage of all passengers, live-stock or goods shipped at that port since the last arrival of the ship thereat.

(2) On receipt of the return, the Income-tax Officer shall assess the amount referred to in sub-section (1), and for this purpose may call for such accounts or documents as he may require, and one-twentieth of the amount so assessed shall be deemed to be the amount of the profits and gains accruing to the principal on account of the carriage of the passengers, live-stock and goods shipped at the port.

(3) When the profits and gains have been assessed as aforesaid, the Income-tax Officer shall determine the sum payable as tax thereon at the rate for the time being applicable to the total income of a company, and such sum shall be payable by the master of the ship, and a port-clearance shall not be granted to the ship until the Customs-collector, or other officer duly authorised to grant the same, is satisfied that the tax has been duly paid.

Adjustment.

44C. Nothing in this Chapter shall be deemed to prevent a principal from claiming, in any year following that in which any payment has been made on his behalf under this Chapter, that an assessment be made of his total income in the previous year, and that the tax payable on the basis thereof be determined in accordance with the other provisions of this Act, and, if he so claims, any such payment as aforesaid shall be treated as a payment in advance of the tax and the difference between the sum so paid, and the amount of tax found payable by him shall be paid by him or refunded to him, as the case may be."

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 11th July 1923:—

No. 27 of 1923.

A Bill further to amend the Indian Lunacy Act, 1912.

WHEREAS it is expedient further to amend the Indian Lunacy Act, 1912; It is hereby enacted as follows:— IV of 1912.

Short title.

1. This Act may be called the Indian Lunacy (Amendment) Act, 1923.

Amendment of section 20, Act IV of 1912.

2. To section 20 of the Indian Lunacy Act, 1912, the following proviso shall be added, namely:— IV of 1912.

"Provided that no reception order shall continue to have effect—

(a) after the expiry of thirty days from the date on which it was made, unless the lunatic has been admitted to the place mentioned therein within that period, or

(b) after the discharge, under the provisions of this Act, of the lunatic from such place or from any asylum to which he may have been removed."

STATEMENT OF OBJECTS AND REASONS.

It has been brought to notice that as the Indian Lunacy Act, 1912, stands at present, a person, once the subject of a reception order for detention in a mental hospital, remains permanently subject to it, and can be taken to a mental hospital and confined therein legally at any subsequent period of his life, notwithstanding that the order may not have been acted on for a considerable period after being made or that the person may have been discharged from such a hospital as recovered from the mental disorder which occasioned the issue of the order. This was never the intention of the law, and in practice the defect has never caused any miscarriage of justice, but a flaw undoubtedly exists and it is considered desirable to remove it. The Bill proposes to remedy the defect by amending section 20 of the Act so as to render a reception order inoperative after 30 days if it has not been acted upon or, if it has been acted upon within that period, after the discharge of the person to whom it relates from the detention authorised by it.

W. M. HAILEY.

17. The dole of any recipient may be discontinued either temporarily or entirely if the donor, while supervising, or the Collector, as the case may be, shall have reason to believe that the recipient is no longer in need of assistance or has ceased to be one of the classes of recipients contemplated by clause 6 of this scheme or is of bad character or is a disloyal or criminal person.

Scrutiny of nominations.

19. On the date appointed by the Local Government for the scrutiny of nominations under sub-rule (*2*) of rule 11 the candidates, their election agents, one proposer and one seconder of each candidate, and one other person duly authorised in writing by each candidate, but no other person, may attend at such time and place as the returning officer may appoint, and the returning officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time and in the manner prescribed in rule 11.

20 (1). The returning officer shall then examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or on his own motion, after such summary inquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds:—

(*i*) that the candidate is ineligible for election under rule 5 or rule 6 ; or

(*ii*) that a proposer or seconder is disqualified from subscribing a nomination paper under sub-rule (*4*) of rule 11 ; or

(*iii*) that there has been any failure to comply with any of the provisions of rule 11 or rule 12 or

(*iv*) that the candidate or any proposer or seconder is not identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer or seconder, as the case may be ; or

(*v*) that the signature of the candidate or any proposer or seconder, is not genuine or has been obtained by fraud.

(2) For the purposes of this regulation :—

(*a*) the production of any certified copy of an entry made in the electoral roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, unless it is proved that the candidate is disqualified under rule 5 or rule 6 or that the proposer or seconder, as the case may be, is disqualified under sub-rule (*4*) of rule 11, and

(*b*) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (*ii*), clause (*iii*), clause (*iv*), or clause (*v*) of sub-regulation (*1*) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

21. (1) The returning officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf under clause (*b*) of sub-rule (*2*) of rule 11 and no adjournment of the proceedings shall be allowed.

22. On completion of the scrutiny of nominations and after the expiry of the period within which candidatures may be withdrawn under sub-rule (*3*) of rule 11, the returning officer shall forthwith prepare a list of valid nominations and cause it to be affixed in some conspicuous place in his office.

23. If the number of duly nominated candidates is greater than the number of vacancies the returning officer shall forthwith publish in the local official Gazette, and in such other manner as the Local Government may prescribe, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order.

Voting.

24. The Local Government shall appoint the hour at which the poll shall commence and the hour at which it shall close on the date appointed for the poll under clause (*c*) of sub-rule (*2*) of rule 11. The hours so fixed shall be published by notification in the local official Gazette, and in such other manner as the Local Government may direct.

25. (1) The returning officer shall select for each constituency as many polling stations as he thinks necessary and shall publish, in such manner as the Local Government may prescribe, a list showing the polling stations so selected, and the polling areas for which they have respectively been selected.

(2) The returning officer shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

26. (1) The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(*a*) the polling officers, the candidates, and one agent of each candidate (hereinafter referred to as the polling agent) appointed in writing by the candidate, and authorised in this behalf by the returning officer,

(*b*) the police or other public servants on duty, and

(*c*) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

(2) The presiding officer shall close the polling station at the hour appointed in that behalf by the Local Government under Regulation 24, so as to prevent the admission thereto of any voter after that hour, provided that all voters present at the polling station before it is so closed shall be entitled to have their votes recorded.

27. Each polling station shall be furnished with such number of compartments, in which voters can record their votes screened from observation, as the returning officer thinks necessary.

28. (1) The returning officer shall provide at each polling station materials sufficient for the purpose of enabling voters to mark the ballot papers, instruments for stamping the official mark on such papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(2) The official mark shall be kept secret, and a period of not less than seven years shall intervene between the use of the same official mark at elections for the same constituency.

29. Every ballot box shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

30. Before the polling station is open for the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in the vernacular of the district.

31. Immediately before a ballot paper is delivered to an elector, it shall be marked on the back with the official mark, and the number, name and description of the elector as stated in the electoral roll shall be called out, and the number of the elector shall be entered on the counterfoil, and a mark shall be placed in a copy of the electoral roll against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. On the counterfoil shall be entered the name of the constituency and the name or distinctive number of the polling station.

32. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there make a mark on the ballot paper against the name of the candidate or candidates for whom he intends to vote in accordance with the instructions

set out on the back of the outerfoil paper, and fold it up so as to conceal his vote, and, after shewing to the presiding officer the official mark, shall put his ballot paper, so folded up, into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

33. If the voter, owing to illiteracy or infirmity, is unable to read a ballot paper or to make a mark thereon the presiding officer shall mark the vote in the ballot paper according to the direction of the voter. The voter shall then himself or with the assistance of the presiding officer put the ballot paper folded up into the ballot box.

34. At any time before a ballot paper is delivered to an elector, the presiding officer or polling officer may, of his own accord, if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or polling agent, put to the elector the following questions:—

(1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,

(2) Have you already voted at the present election in this constituency? and, at a general election

(3) Have you already voted at this general election for the Legislative Assembly in any other general constituency?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative, the second question in the negative, and, at a general election, the third question also in the negative.

35. The ballot paper shall be in Form I annexed to these regulations and shall contain the names of the candidates arranged alphabetically in the order of their surnames. The ballot papers shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

36. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to mark a ballot paper in the same manner as any other voter. Such ballot paper (hereinafter referred to as a "tendered ballot paper)" shall be of a colour different from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the voter and his number on the electoral roll and the name of the electoral area to which the roll relates and shall be set aside in a separate packet and shall not be counted by the returning officer. The name of the voter and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form II annexed to these regulations, which shall bear the heading "Tendered votes list." The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

37. If any polling agent declares and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form III annexed to these regulations) his name and address, or, if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in Regulation 34 answers the first question in the affirmative and the other questions in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

38. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

39. A presiding officer, polling officer or polling agent who is on duty at a polling station at which he is not entitled to vote shall, if he is certified by the returning officer of the constituency in which he is entitled to vote

to be entitled to vote at the election for the constituency in connection with which he is employed or for any other constituency, be allowed to record his vote at that polling station. The name of the polling station at which he would otherwise have been entitled to vote shall be entered in the counterfoil of the ballot paper together with his number in the electoral roll for the constituency in which that polling station is situated.

40. Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in Regulation 39 to the returning officer who has granted the same, and such returning officer shall cause such vote to be included among the other votes given for the candidate designated by the voter.

41. The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal :—

and shall deliver such packets to the returning officer.

42. The packets shall be accompanied by a statement in Form IV made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under Regulation 39.

Counting of votes.

43. The returning officer shall as soon as may be practicable after the close of the poll, appoint a date, time and place for the counting of votes and shall give notice in writing thereof to all candidates and election agents.

44. (1) No person shall be allowed to be present at the counting of the votes except the returning officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under sub-rule (*6*) of rule 14.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

45. On the day and at the time appointed under Regulation 43 the returning officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present, and shall then proceed as follows :—

(*a*) The ballot box or boxes relating to each polling station shall be opened one after another, and the returning officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shown to any candidate or agent.

(*b*) The returning officer shall then mix together all the ballot papers so taken out from the ballot boxes and distribute them in convenient bundles to the persons appointed to assist in counting the votes.

(*c*) When the ballot papers have been so distributed, but not before the returning officer shall allow the candidates and their agents reasonable opportunity to inspect, without handling, the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "rejected." If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.

(*d*) The returning officer shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates, or agents as may desire to affix them, and shall cause adequate precautions to be taken for their custody.

46. (1) A ballot paper shall be rejected if—

(*a*) it has not on its back the official mark,

(*b*) the number of votes recorded thereon exceeds the number of vacancies to be filled,

(*c*) no vote is recorded thereon,

(*d*) it is void for uncertainty,

(*e*) it bears any mark by which the elector can be identified.

(2) The decision of the returning officer as to the validity of a ballot paper shall be final, subject only to reversal on an election petition claiming the seat.

47. The returning officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under Regulation 42 by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then reclose and reseal each packet which has been opened by him, and shall record on each packet a description of its contents and date of the election to which it refers.

48. The returning officer shall then prepare and certify a return setting forth—

(1) the result of the verification referred to in Regulation 47,

50. While in the custody of the Secretary to the Bengal Legislative Council, the packets of ballot papers whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a competent Court or of Commissioners appointed to hold an enquiry in respect of an election, but all other documents relating to the election shall be open to public inspection subject to such conditions and to the payment of such fee, if any, as the Local Government may impose.

51. The packets aforesaid shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the Local Government, or by a competent Court or by Commissioners appointed to hold an enquiry in respect of an election.

55. Any ballot paper which is not duly marked, or on which more than one mark is placed against any candidate's name, or on which votes are given to more candidates than there are members to be elected, or on which a mark is placed in such a manner as to make it doubtful to which candidate it has been given, shall be invalid.

56. (1) The returning officer shall appoint a date, time and place for the counting of votes, and shall give notice thereof in writing to the candidates.

(2) On the day appointed the returning officer shall—

(a) after scrutiny, separate, or cause to be separated, the ballot papers which he deems valid from those which he rejects, endorsing on the latter the word "rejected" and the ground of rejection;

(b) count, or cause to be counted, the votes given to each candidate, and declare the candidate, or candidates, with the largest number of valid votes to be elected;

61. The elector shall then proceed to a place set apart for that purpose by the attesting officer, and screened from observation, and there shall record his vote on the ballot paper in accordance with the instructions contained therein, and after placing the ballot paper in an envelope, and closing the same, shall deliver it to the attesting officer.

62. If an elector is unable to read or write, or by reason of some physical defect is incapacitated from recording his vote, the attesting officer shall assist him in such manner as may be necessary to mark the ballot paper and to sign the declaration thereon.

63. The attesting officer shall, as soon as possible after 5 P.M. of the day appointed as the latest date for the attestation of ballot papers, despatch all the envelopes so delivered to him to the returning officer by registered post in a packet securely sealed with his official seal, and shall also enclose a list, in Form VII annexed to these regulations, of the electors whose ballot papers he has attested.

64. A ballot paper that is not duly attested, or marked, or on which more than one mark is placed against any candidate's name or on which votes are given to more candidates than there are members to be elected or on which a mark is placed in such a manner as to render it doubtful to which candidate it has been given, shall be invalid.

(4) the expression "non-transferable paper" means a ballot paper on which no second or subsequent preference is recorded for a continuing candidate:

Provided that a paper shall be deemed to be a non-transferable paper in any case in which—

(*a*) the names of two or more candidates (whether continuing or not) are marked with the same figure, and are next in order of preference; or

(*b*) the name of the candidate next in order of preference (whether continuing or not) is marked—

(*i*) by a figure not following consecutively after some other figure on the ballot paper; or

70. (1) Every elector shall have one vote only.

72. On the day appointed under Regulation 43 for the counting of votes, the returning officer shall open the ballot box, and, after scrutiny, separate the ballot papers which he deems valid from those which he rejects, endorsing on the latter the word "rejected" and the ground of rejection, and after rejecting any that are invalid, shall arrange the remainder in parcels according to the first preferences recorded for each candidate.

73. The returning officer shall then count the number of papers in each parcel, and credit each candidate with one vote in respect of each valid paper on which a first preference has been recorded for him, and he shall ascertain the total number of valid papers.

74. The returning officer shall then divide the total number of valid papers by a number exceeding by one the number of vacancies to be filled, and the result increased by one, disregarding any fractional remainder, shall be the number of votes sufficient to secure the return of a candidate (hereinafter called the "quota").

(*b*) If the votes credited to an elected candidate consist of original and transferred votes, or of transferred votes only, the returning officer shall examine the papers contained in the sub-parcel last received by the elected candidate and shall arrange the transferable papers therein in further sub-parcels according to the next preferences recorded thereon.

(*c*) In either case the returning officer shall make a separate sub-parcel of the non-transferable papers and shall ascertain the number of papers in each sub-parcel of transferable papers and in the sub-parcel of non-transferable papers.

(3) If the total number of papers in the sub-parcels of transferable papers is equal to or less than the surplus, the returning officer shall transfer each sub-parcel of transferable papers to the continuing candidate indicated thereon as the voters' next preference.

(4) (*a*) If the total number of transferable papers is greater than the surplus, the returning officer shall transfer from each sub-parcel the number of papers which bears the same proportion to the number of papers in the sub-parcel as the surplus bears to the total number of transferable papers.

(*b*) The number of papers to be transferred from each sub-parcel shall be ascertained by multiplying the number of papers in the sub-parcel by the surplus and dividing the result by the total number of transferable papers. A note shall be made of the fractional parts, if any, of each number so ascertained.

(*c*) If, owing to the existence of such fractional parts, the number of papers to be transferred is less than the surplus, so many of these fractional parts taken in the order of their magnitude, beginning with the largest, as are necessary to make the total number of papers to be transferred equal to the surplus, shall be reckoned as of the value of unity, and the remaining fractional parts shall be ignored.

If two or more fractional parts are of equal magnitude, that fractional part shall be deemed to be the larger which arises from the larger sub-parcel, and if the sub-parcels in question are equal in size, preference shall be given to the candidate who obtained the larger number of original votes.

(*d*) The particular papers to be transferred from each sub-parcel shall be those last filed in the sub-parcel.

(*e*) Each paper transferred shall be marked in such a manner as to indicate the candidate from and to whom the transfer is made.

(5) (*a*) If more than one candidate has a surplus, the largest surplus shall be first dealt with.

(*b*) If two or more candidates have each the same surplus, regard shall be had to the number of original votes obtained by each candidate, and the surplus of the candidate credited with the largest number of original votes shall be first dealt with, and, if the numbers of the original votes are equal, the returning officer shall decide which surplus he will first deal with.

(*c*) The returning officer need not transfer the surplus of an elected candidate when that surplus, together with any other surplus not transferred, does not exceed the difference between the totals of the votes credited to the two continuing candidates lowest on the poll.

77. (1) If at any time no candidate has a surplus (or when under the preceding rule any existing surplus need not be transferred) and one or more vacancies remain unfilled, the returning officer shall exclude from the poll the candidate credited with the lowest number of votes, and shall examine all the papers of that candidate, and shall arrange the transferable papers in sub-parcels according to the next preferences recorded thereon for continuing candidates, and shall transfer each sub-parcel to the candidate for whom that preference is recorded.

(2) If the total of the votes of the two or more candidates lowest on the poll, together with any surplus votes not transferred, is less than the votes credited to the next highest candidate, the returning officer may in one operation exclude those candidates from the poll and transfer their votes in accordance with the preceding regulation.

(3) If, when a candidate has to be excluded under this regulation, two or more candidates have each the same number of votes and are lowest on the poll, regard shall be had to the number of original votes credited to each of those candidates, and the candidate with the fewest original votes shall be excluded, and, where the numbers of the original votes are equal, regard shall be had to the total number of votes credited to those candidates at the first transfer at which they had an unequal number of votes, and the candidate with the lowest number of votes at that transfer shall be excluded, and, where the numbers of votes credited to those candidates were equal at all transfers, the returning officer shall decide which shall be excluded.

78. (1) Whenever any transfer is made under any of the preceding regulations, each sub-parcel of papers transferred shall be added to the parcel, if any, of papers of the candidate to whom the transfer is made, and that candidate shall be credited with one vote in respect of each paper transferred. Such papers as are not transferred shall be set aside as finally dealt with, and the votes given thereon shall thenceforth not be taken into account.

(2) If after any transfer a candidate has a surplus, that surplus shall be dealt with in accordance with and subject to the provisions contained in Regulation 77 before any other candidate is excluded.

79. (1) When the number of continuing candidates is reduced to the number of vacancies remaining unfilled, the continuing candidates shall be declared elected.

(2) When only one vacancy remains unfilled, and the votes of some one continuing candidate exceed the total of all the votes of the other continuing candidates, together with any surplus not transferred, that candidate shall be declared elected.

(3) When the last vacancies can be filled under this regulation, no further transfer of votes need be made.

80. Any candidate, or his duly authorized representative in his absence, may, at any time during the counting of the votes, either before the commencement or after the completion of any transfer of votes (whether surplus or otherwise), request the returning officer to re-examine and recount the papers of all or any candidates (not being papers set aside at any previous transfer as finally dealt with), and the returning officer shall forthwith re-examine and recount the same accordingly. The returning officer may also at his discretion recount votes either once or more often in any case in which he is not satisfied as to the accuracy of any previous count:

Provided that nothing herein shall make it obligatory on the returning officer to recount the same votes more than once.

81. (1) The returning officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under Regulation 42 by comparing it with the number of counted votes and rejected ballot papers, the unused ballot papers in his possession and the tendered votes list, shall then reclose and reseal each packet which has been opened by him, seal up in separate packets the counted and rejected ballot papers, and record on each packet a description of its contents, the name of the constituency and the date of the election to which it refers.

(2) The returning officer shall prepare and certify a return setting forth—

(i) the number of valid votes given to each candidate,

(ii) the number of votes declared invalid and rejected,

(iii) the number of tendered ballot papers issued to electors as shown in the ballot paper account,
